Mother Earth, El Morya, Arcturian High Council: It is Time for God's Jubilee 2022 Excerpts:

This Jubilee Year of 2022 marks the 50th Anniversary of when the people turned their back on God, God's Laws, and God's Money. It's Time to Turn the Tables, Source says.

Gold IS God's Money.

Why is 2022 so significant? Why is it so biblical you might ask? Because it is a Jubilee Year. It is The Season in which God Returns to Hearts of All Mankind, Humankind, and Sentient-Kind on your world.

The world is returning to Gold Backed Currencies, which are God Currencies, for Gold is God's Money, Abundance, Freedom, and Wealth in this New Age, just as it was in the beginning of life in the

Garden of Eden on Planet Earth. Golden Light is returning to bring deep and visible revelations to this planet in 2022, and in this year of Jubilee on your world. In a biblical sense, Jubilee Years set free all slaves and reset debts, so that all debts are paid.

Gene Decode with Nick Veniamin 6/28/2022 HOT NEWS:

From Gene Quotes: “This is the Beginning of the End of the Cabal !!” Note: This is the defeat of the mafia run Ukraine and the evil Biolabs.

“The Truth of What is Really Going on will come out Before Midterms!!”

“The Head of the Cabal “Blackrock Company” admitted the Loss of the Ukraine Deep State Operations means the “End of the Worldwide Khazarian Mafia or so-called Deep State!!”

“This is what are they doing to combat the killing of the animals in the food chain?”

Neioh of the Pleiades: The Prophetic Dream Excerpts:

Truth Among Puppet Masters That Repeat Endless Babble Hoping You Will Not Ask Questions!

Cattle Are Dying by The Thousands in One Place That You Are Told Regarding Temperature.

Since the Beginning of Earth’s Creation with All Animals, The Ability to Withstand Freezing Cold and High Temperatures Has Not Be the Source of Death for Animals Living Outdoors. In the Case Reported, Provisions Were in Place with Sprinklers, Additional Water and Shelter.

There Are Hundreds of Other Cases Not Being Reported as Thousands Have Died in Multiple Areas Around the Planet.

Chickens and Livestock in All Areas of Population Are Being Killed by Poison and By Burning.

These Animals Have Suffered and Entire Areas of Miles of Chickens Have Been Burned Alive.

Why Would This Happen and Who Are the Culprits? Those That Wish to Control You and Cause Such Distress and Famine That You Would Agree to Anything to Eat and To Feed Your Families.

These Are the Darkest of Beings That Hide in Government and Are Bought with Money from Those That Parade Publicly with Entities Within.

What Are We Doing?

How Will This Be Framed Moving Forward?

The Galactic Federation Is Well Aware of The Plight of Earth.

Holding Back from War, We Prevail with Action.

Unnamed Humans Have Been Taken Out.

Poisons Have Been Destroyed.

Boots Are on The Ground as In All Dreams.

Motherships Are in Every Airspace Around the Planet.

Do You Really Understand We Can Be Undetected Right Before You?

Nick Fleming DoD Drops:

C K 🌈🌈, [6/24/2022 1:57 PM]

[Forwarded from Nick Fleming]

According to a statement from an Iraqi Minister, working with the Central Bank of Iraq, the only currency that is set to go and given permission to go is the Dinar. It will be seen live on Forex, and accessible from every lawful international exchange, at \$3.22 and expected to float to \$17.00 quickly.

Apparently, this is unique to Iraq, and no other currency has been given the necessary approvals to revalue at this time.

The target date is presently unknown. Could be any minute.

Allowing Dinar to revalue establishes a domino reaction. Iran, Israel, Saudi Arabia, every Middle Eastern country will be scurrying to catch up and manage this.

What was the impetus? The need to devalue the dollar which buys nothing these days. As MarkZ reported, 100 ministers voted to devalue the dollar. This has been confirmed. The attack on the USD is escalating.

Notes from DoD Fleming Video: The Dinar will revalue within the next two weeks, he thinks so, very much. It will start at 3.22 and float up to 17.00 dollars at one point. It probably will not stay there. This will be shown on the International Forex. We will be able to exchange at a bank that exchanges the Dinar, or so-called bank teller. If you have many millions of Dinars, you will probably need to talk to a bank manager to arrange that. One can exchange one at first and wait until it floats up for the remainder. You can use different banks and open accounts at different banks. Also, you can exchange at the closest peak value, which we know will be \$17.00. Of course, it probably will be tough to receive exactly at peak. The banks will receive the normal percent of exchanging now worldwide. Probably in the 2 to 4% range. This will be like getting 1% as other SKR's bond holders and currency exchangers at the higher tiers. There will be no NDA to sign, and one could buy more currency for the main R/V GCR later, will this be with no legal issues. This is NOT double dipping. Also, Fleming has confirmed that the Zim Bonds will probably not be exchanged when the main R/V GCR happens. He finally states the reason; too much corruption with the

Zim Bonds already. (Note: for me, I believe it will go, but could be a while.)

Zorra Show with Dr. Tom 6/27/2022

Dr. Tom on R/V GCR—Lot of new information. In 2021, the bad guys ran out of money. The Central Banks and the Federal Reserve Bank of America was taken over by the good guys. Paymaster contracts were 95% corrupt. They were re-done.

The QFS is a spiritual A.I. and records everything.

In the next two-months, people will be woken up.

Everything comes to the End of August.

Dinar is rumored to go by-itself first. Be Prepared

Everything is going well.

Zorra—Expectation for everything in the “Now”. Things are happening now! Imminent arrival of the Galactic Federation.

Climate changes slowly to more moderate. Deserts will start to sprout.

Sit down and put your back to a tree and talk to Earth and Mother Nature. Go to the Oceans and place your feet in the water, connect. -

Michelle Fielding with Nick Veniamin 6/22/2022 Main Points

<https://youtu.be/EsLz2NC0w5g>

-) All currencies will go 1 to 1 long term (0 to 3 years)
-) 90% of the Countries have adopted the CBDC (Central Bank Digital Currency) This is the new Starlink system and NOT the corrupt illuminati banking system.
-) All Digital Currency will be asset backed, more likely mostly with; Gold & Silver.
-) Starlink will have these two Top-Priority Functions for Managing the World.
 - a) to keep Peace with other Countries
 - b) to keep Peace between the Citizens and their Governments
-) Understand, Devolution means Transference of the power to the citizens of the world, individual sovereignty for all people. Only 10% of the current government will exist in all countries. The governments will NOT have control of the money or financial

systems worldwide, this will be Starlink. This will be managed by an apolitical worldwide military. Military Guardians.

-) NESARA/GESARA is being implemented slowly.

-) What is the hold-up? It is policy, licensing, and regulation, has to do with the physical currency, to track it and make secure. It must be encrypted. The encryption style still being decided.

-) Everyone knows now, it will be a Digital Currency on Starlink with accounts there, it is believed that there will be an interterm currency for each country, somehow encrypted, but long term; Gold and Silver coins (and paper currency with a GPS in it, we think) with no country and have a value for all countries, can be spent anywhere in the world, long term goal; for all currency will be 1 to 1. (There be NO exchange centers long term.

-) Fiat currency we have now, will be exchanged 1 to 1 of whatever the interterm time.

-) There will be a natural transition to the Starlink banking, allow people to get used to it.

-) Bartering in the local area, will be another long-term goal. No more commutes to work, jobs will be remote and automation takes over manufacturing.

-) All the world will be Peace, Unity, Oneness and individual Sovereignty for people's true freedom, worldwide. We get rid of divide and conquer.

-) No dark money or illegal acts through money, all transactions will be monitored.

-) All Crypto's will have to be ISO200022, and backed by Gold or Silver. If not, they will be gone.

-) Digital wallets probably will be used in the interterm. It is about changing prospective. Banks will downsize, big time. This will be run through the QFS, combination of blockchain & Quantum systems.

-) They are in no rush, want to get it right.

-) Q (Quantum) cell phones, Q Computers and PI cell phones will work only on the QFS and Starlink.

-) All countries will want to sign up for this, because of security and the benefits, 90% countries have already,

-) New clean power is the air (aether, or quantum realm), water, sun, tesla coils or magnetism.
-) The R/V humanitarians will be able to exchange ZIM.
-) All countries will sign up for CBDC, Digital currency for:
 - a) Safety of transactions
 - b) Stop Trafficking
 - c) Free movement worldwide
 - d) Devolution of the Government control
-) Policy will be voted by the people, through Starlink and the QVS (Quantum Voting System) Power will be at the grass-roots, the people of the world. No more Presidents, Prime Ministers, Kings & Queens that have power over the people.
-) Transaction on the QFS will be encrypted on the Device, Q phone as an example, by finger print, Thumb, or Retina Scan, but on the other side, the QFS records 50 moves of the transaction with the digital or real currency encrypted and traced.
-) White Hats in total control now, and for some time now.
-) Taxes in all countries will be removed mostly between 2023 & 2025. It will take time and different countries will move faster than others.

Now that we have had some time to celebrate the win, let's analyze the situation. The Dems are pissed, but **WHY** are the Dems so angry about this ruling? Well many reasons, but it's mostly about **MONEY**.

With the Supreme Court overturning *Roe v. Wade*, many States immediately cancelled all scheduled abortions, and shut down all Planned Parenthoods across the state. This will continue across every red state. This is a massive hit into campaign funding and slush money the DNC generates from Planned Parenthood.

Look at Planned Parenthood's campaign donations. They are 100% to DNC candidates. The DNC are running their campaigns on the revenue from slaughtering babies.

They spent \$45+ million on the 2020 elections alone. Every penny was given to Democrats.

The Democrat politicians are not concerned about "women's rights", they are upset because they just lost \$20+ million in campaign funding per year.

BioClandestine, [6/27/2022 8:37 PM]

So, what does all of this mean?

-It means countries around the globe are distancing themselves from all biological operations with the United States.

-It further confirms Western media-complex's denial of US biological labs in post-Soviet countries was all lies and propaganda.

-It further confirms that Russia is on the hunt for all US biological activity in the post-Soviet space.

-It proves that global US biological activity is not Russian war propaganda. It's real, and Russia are serious about it. They have been for 5+ years. This is now their top priority in all foreign policy.

So, while the Western media-complex keeps all its sheep in the dark, countries are distancing themselves from the US biological involvement. Why would they do that? What did the US do to warrant not wanting to be involved with their biological research?

The global US biological network is being cut off, bit by bit. Ukraine, Nicaragua, Armenia, Georgia. While all of us were expecting Taiwan to be “next”, Russia are cleaning up the Deep State labs all over the globe. All roads lead to the US creating biological weapons to include C19.

Meanwhile, the American public have NO IDEA any of this is going on. Trump is off in the distance, completely uninvolved, while RUSSIA cleans up all the US international biological corruption.

Sleight of hand. Everyone is looking one direction, while all the action is happening in the other.

This latest sudden death syndrome includes the athletes dropping on the fields and courts 1400 and counting and young men and women having heart attacks shortly after the second dose. The real science is now proving it's a direct adverse effect of the jab. The latest documents prove the vaccine companies knew of the deadly and debilitating side effects before they released the vaccines. Jeshua: Your Awakening is Imminent

Posted on [06/27/2022](#)

We *are* One, there is *only* One, and yet the One constantly manifests Itself – the power and energy that is the One – in myriad uncountable numbers of sentient beings as expressions of Love.

All of us, all life, all consciousness, all awareness, all sentient beings are aspects of and permanently at one with the One. **There is NO SEPARATION, and there never could be because the One is ALL, constantly and eternally Present, just wholeheartedly LOVING!**

Life and Love are your eternal state of existence, it is just that as humans in form, enveloped in a brief dream or, perhaps, a nightmare, you are asleep to and unaware of Reality. That is changing very rapidly, as the human collective stirs in its sleep prior to awakening into the glory of just BEING! Being is pure awareness, fully aware of All without interruption or distraction. It is knowing Itself and All of creation intimately – persistently, perpetually, ceaselessly – because that is infinite awareness, the constant flowing and flowering of Love caring for and extending Itself in all-embracing joyous acceptance of the magnificence and brilliance that It is/F/G, Love, Source, All, Being, is One in an infinite, essential, and indispensable state of Beingness, forever expanding the awareness and consciousness that is All that exists.

Every sentient, conscious, and aware being is eternally connected and interwoven into what many call God. It is the infinite creative expression from which they all extend, mix, and interact for the total and complete joyful bliss that is All that is. There, in that Oneness, there is only and eternally infinite vivacity, exhilaration, delectation, refreshment, wonder, rejoicing, and exultation – joy and bliss completely beyond your ability as humans in form to even conceive of. And that is what you are to awaken into, the Brilliance that is M/F/G infinitely loving Itself – ALL – in the most magnificent state of harmony and cooperation for the utter joy of every sentient and aware being. The delight with which you will all participate in this most glorious celebration of the collective awakening will be stupendous, utterly mind-blowing – infinite joy which is absolutely way beyond infinite!

As the moment approaches, and despite the daily distractions of present-day politics, conflicts, and weather extremes, make sure to set and reset your intent to be only loving whatever may arise throughout the day. Doing this is not only enormously important, it is indeed essential. You chose to be in human form at this amazing now moment in humanity's spiritual evolution in order to assist most powerfully in the awakening process. Although the vast majority of you get practically no feedback on the effectiveness of your loving intentions, I can assure you that you are having a most powerful effect.

Nothing is superfluous because with God every living being – regardless of the value or lack of value that humans may perceive it as having – has been most divinely and lovingly created in order that it may experience and express itself with complete freedom and to delight in doing so, thus delighting God and moving your collective awakening process purposefully forwards. And your awakening *is* imminent.

As you continue with your daily lives during this time of enormous change, know that you are blessed and beautifully cared for by M/F/G in every moment. Trust and live lovingly, for that is what you chose to do by incarnating as humans at this time of great, in fact momentous significance for the human collective. There are *no accidents!* You are all here by your own generous and most loving choice to participate and assist in this momentous adventure, this leap into joy. Continue therefore to go deep within yourselves daily, to your holy inner sanctuaries, and invite Love in to show you your worthiness and to encourage you yet again, because just by being present as humans in this moment, and each following moment, you are all bringing the awakening to its most magnificent completion. You can have no idea of how dearly M/F/G loves and honors you for your stalwart work in bringing the awakening process to its most glorious fruition.

Your loving brother, Jesus.

**-Benjamin Fulford Report: Western Financial Hallucination
Crashes into Reality Excerpt:**

“The sources note the fall in crypto has been much faster than the rest of the market because “Bitcoin and its close associates are being destroyed so that the Fed and its KM (Khazarian Mafia, part of illuminati) Central Bank allies can create their own digital currency... we always knew that the KM cabal had a back door into Bitcoin and are ultimately controlling it. As it was created by the Pentagon,” the source’s comment.

The “they” of course is the small inbred satan worshipping family group that owns the Western central banks and 90% of transnational corporations. They disguise this control through foundations and funds. However, you can confirm that Vanguard, Black Rock plus State Street and Banking control 40% of US stocks. If you look at who owns them, you will find the usual Rockefeller/Rothschild etc. suspects. They in turn are now slaves to an Artificial intelligence system that controls 70% of all stock trades. This group is now in the process of trying to buy all houses and real estate as well.

Unfortunately for them and fortunately for us, they are now learning the ancient Shinto tale of the black dragon. According to the tale, if you invoke the black dragon you will be able to see weaknesses in others and exploit them for your own benefit. Eventually, you will accumulate great wealth and power. However, it has a fatal flaw, because once you have this power, you will have no friends and be doomed as a result.”

Mother Earth, El Morya, Arcturian High Council: It is Time for God’s Jubilee 2022

Posted on [06/21/2022](#)

Dear Ones,

It is Mother Earth, Mother Mary, El Morya, and the Arcturian High Council here, streaming through the Collective Voice and Heart of One. The Energies of Celestial and Celestial Sapphire Blue Frequencies flow into this message for you and for all of humanity today . . . and through this Summer Season of 2022 for all those in the Northern Hemisphere on Planet Earth, and this Winter Season for those in the Southern Hemisphere as well.

Blue Frequencies bring with them the energies of Quiet Strength, Calm Neutrality, and Organic Empowerment, which are all aspects of your Divine Sovereignty. And this we wish to remind you of as you enter more of the Seasons of Floods, Tumult and Change, and what may be experienced by the Greater Masses as a Great Degree of Uncertainty. Sapphire Blue grounds. It empowers. It opens your eyes to seeing through lenses of strength, fortitude, inner power, and inner connections with The All That Is. While sadness is sometimes associated with this Sacred Sovereign and Divine Color, as in someone is “feeling blue” today, that is in many ways a serpentine misnomer and miscommunication through misinformation about what the Color Blue is really meant to impart to all sentient life on your world, especially at this time. And it is not surprising then that efforts have been made to associate weakness or imbalance with the color energy of Blue in your lives. For it cannot be further from the Truth.

You as a Divine Soul and Sovereign Being are made of Wholeness. You are made of Strength. You are made from Fortitude and Faith, and Oneness Frequencies. And thus, we stream through these messages today to call into your awareness the Energies of Celestial and Celestial Sapphire Blue Frequencies. And we invite you to wear them in any ways you can these next few weeks and months still to unfold.

Let’s talk a little bit about Grounding. Conscious Breathing supports your Inner Grounding. Conscious Breathing offers you Etheric Grounding in the Prana that flows directly from the Heart of Source. Nature and Connections with the Earth Mother in the Natural World can offer you physical grounding. Now why is grounding so important? Because 2022 is a Biblical Jubilee Year. It marks the 50th anniversary of a series of events

in which a key nation turned their back on God, some knowingly ~ some unknowingly ~ yet all through a state of capitulation to the status quo and the undercurrents of corruption that has led you to where you are today. 1971 was that year, and it is no accident that this particular channel arrived on this planet in that very same year. Light was infused onto this planet through many such star seeded souls as the United States entered a deeper and denser entanglement with the serpent's ways, leading to ever greater confusion, misinformation, and manipulation on your world through propaganda and veiled agendas. In August 1971, through the United States of America, humanity as a Collective left the Gold Standard, which was the God Backed Energy and Monergy that backed the financial systems and structures that makes trade and international commerce work and flow. **Gold IS God's Money.** And it was intercepted at that time and that hour on your world, and it has been manipulated or *man*-ipulate ever since.

There were other components of the "turning away from God/Source/Creator" in that powerful year of 1971, that anchored a much darker 50-year journey in the United States and in the world than many know, even to this day. But the enslavement that ensued to humanity was still there, growing, expanding, and usurping freedoms and liberties that had previously been hard-won and passionately fought for. The serpent after all is insidious by nature, and it prefers infiltration to invasion, as a more covert operation of temptation and spell-casting to wars out in the open on battlefields where everyone can see the chessboard.

Why is 2022 so significant? Why is it so biblical you might ask? Because it is a Jubilee Year. It is The Season in which God Returns to Hearts of All Mankind, Humankind, and Sentient-Kind on your world. If the serpent has spent centuries crafting and manipulating markets, governments, elections, rulers, armies, etc. to do its bidding, in more covert and insidious ways, *how then does Source move?* With Grace, Clarity, Transparency, and Clearly Identifiable Frequencies for those with eyes to see and ears to hear. Until now, this battle has been fought largely on the Serpent's Terrain and in the Serpent's Domain (which is the 3D earth!), unbeknownst to many except for the belief that war is the way of this planet, even if many laments that fact. **In this Great and Epic**

Year of 2022, this is the Year that Source/God/Creator turns the tables on the serpent. What was down is up. What was up is down. The serpent's games and gigs are up, and God is bringing this battle to the forefront of people's consciousness and their lives. No more are battles going to be fought in the deeper underground of humanity's amnesia and spiritual astigmatism. The battles are rising to the surface for all to see them. The age old, mythological, and historically accounted for battles in which people have fought and died over the centuries are rising to the surface for people to see clearly what those battles were all about. **And this Jubilee Year of 2022 marks the 50th Anniversary of when the people turned their back on God, God's Laws, and God's Money. It's Time to Turn the Tables, Source says.** And those tables, won't just turn, they will vitiate any and all serpentine actors and players, requiring them to stand down and capitulate to God's Will once more, and they will vindicate and celebrate the faithful, the strength-full, the powerful, and the God-hearted. These are indeed biblical times!

The world is returning to Gold Backed Currencies, which are God Currencies, for Gold is God's Money, Abundance, Freedom, and Wealth in this New Age, just as it was in the beginning of life in the Garden of Eden on Planet Earth. Golden Light is returning to bring deep and visible revelations to this planet in 2022, and in this year of Jubilee on your world. In a biblical sense, Jubilee Years set free all slaves and reset debts, so that all debts are paid. 2022 thus is a Biblical Year where Global Enslavements from Corrupted Systems and Establishments are untethered, revealed, exposed, and nullified. God/Source/Creator is the Great Nullifier and the Great Resetter. God is liberating his people and this planet from very dark forces and there is nothing the serpent and the serpent's servants can do about it.

If this is such a massive aha moment for the World at Large, how come so few people know about it, you might ask? Well first and fore-mostly, a covert and multidimensional war and battlefield has been hidden for centuries in a "figurative" battle between "good and evil" in which few understand its actual reality. The Battle Between Good and Evil has been more of a myth than a Truth. It has been made a metaphysical and

metaphorical story, more or less, and not a daily Truth and Lived Reality. And because that Battle between Good and Evil underlies many of your Hollywood movies and understandings of your world, it almost seems to be an ancient artifact of “great Story-telling” that is so well documented in your literature and history books . . . that its Truth and Living Reality Energies have been relegated to literally “The Story Books.”

2022 is going to reveal just how *not* a mere story it is. What was hidden, is being made known. What was fake, will be proven real. What was purported to be real (that is fake), will be known as the great farce and fakery it always has been. A New Age of Golden Living Source Light in every aspect of your lives makes the serpent’s work of slithering and infiltrating all of the good humanity has desired to create . . . very difficult. How can you hide in a totally Transparent, True, and God-backed and God-based world? You can’t. That’s the point.

The Battle is moving center stage. Chess move by chess move; Source is bringing this Age-Old Battle to the Surface of Humanity’s Consciousness. The serpent acts out in fiery ways, in ways to incite fear and unrest in the people of this planet. But those false and fiery ways won’t work now. Too many are awake. Too many are savvy. Too many are ready for God’s Jubilee and the Turning of the Tables and the Tides on the serpent once and for all, to impact All Directions of Time. In this Great Table Turning (Remember Jesus in his day turned the Tables on the money handlers and the merchants in the temples?), God will turn the Tables Himself now. It is going to be an epic experience for those in Spirit witnessing these events and for those in physical form, experiencing these events, for all the Universe to see.

Many see the pawns and chess pieces on the move and have for some time. Many know that all the pieces must be played out. A Masterful Multidimensional Chess Game such as this cannot be rushed. Or manipulated. Games at this level must take their Due Divine Course. The prize as we have stated is for the Soul of Humanity. It is for the Soul of this Planet and its Luscious Resources, Light, and Life Force. No missteps will be allowed, without deep or dire consequences. And you might know

that Source knows Only Perfection. So, who else might mis-step? You will have to watch and see.

Your job now? In these powerful and potent times? Is to Know this Year of Jubilee. Where Source Sets This Planet Eternally and Divinely Free. You can watch the serpent's surface illusions and games of propaganda and think that nothing is happening. But to find Source's moves, *to know Source's Light on the Move*, you must look deeper. You must become an Avid, Epic, and Practiced Truth Seeker. In that Profound Search for Sacred and Holy Truth, you will uncover **Clues to God's Moves**. You will find evidence of God's Perfection that only the Ultimate Source could weave into this Game Board at the Time of Humanity's Ascension and this Epic Jubilee Year.

Clear Soul Sight is the skill needed for these times. Conscious Breathing is the breathing needed for these times. 2020 kicked off the invitation TO Clear Soul Sight, in its perfect year, its perfect numerology, and its divine and authentic precision at the Heart of Source Creation and at the Heart of Human Language. Do you think it is any accident that perfect physical vision is measured in this way? A reading of 20/20 literally means Perfect Vision, from a perfect precise distance, with a perfect read and acuity of visual details and the visual interpretation of those details. Are Stellar Truth Seekers and Sovereign Truth Seekers in anything less than a Perfect Role at this time of Divine Revelations in the years 2020 through 2030. Every year in this decade is an opportunity to deepen your Soul Sight and your Soul Search to find again Perfect Divine Union with Source, the Magnificent Energy in this Sacred Partnership, and in these times.

So, if you know that the Chessboard must play itself out, physically into daily life in this time period, and also multidimensionally, in Past, Present, and Future Time, then you can recognize the enormity of the task(s) at hand. More and more, souls are learning to react less to what they see, and to access more of what they inwardly know. If something looks like a duck, quacks like a duck, and waddles like a duck, it might actually be A DUCK! Propaganda can tell us that it's the inverse of whatever it is, propaganda can tell us that up is actually down, or down is actually up, but if people practice the art of knowing what they know within, and

have *always* known within, and they trust their inner guidance system to reveal from within more of the “DUCK KNOWLEDGE” that has always lived within your Living Light Codes through time, it has no value in your lives and on your world. The people are being shown the propaganda. They are experiencing the propaganda. They are being given the movie of propaganda . . . To ultimately become better Truth Seekers and Inner Knowers and Those Who Know “What Ducks Are,” “Who God Is,” What Is True and What Is Serpentine Deception, and What Steps They Are Going to Take in their Lives to cease to Live In The Big Lie and the Big Serpent Deception that much of the 3D World Age and Cycle is built upon.

The Movie has to play out and play on to now awaken more and more people to the deceptions and schemes played ad infinitum since as far back as humanity can remember. And when the movie becomes too ridiculous for even the most avid watchers and participants to participate in, it will cease to exist. Not because anyone *told them so* but because they themselves discovered it to be so.

So where does the Color Blue come in? Blue is calming. It is grounding. It is strengthening. It is clear soul vision. It is transparency. It is a sense of being okay with YOU while others find their way with themselves and this Great Big Ascension Process too. Blue honors your sovereignty and that of others. Blue affirms a beautiful level of sacred neutrality while also honoring divinity as well. Blue is a deep level of Soul Love. It is a Color Code of Unity Consciousness, and a Core Pillar of the Unified Field of Consciousness in the Universe. Blue is in many ways . . . the Sacred Energy of One.

So, while the movie plays on, and the chessboard continues to play on as we knew it would, and sovereignty is being tested, and sovereignty in more and more people is being trusted, would it be helpful to wear more BLUE? Would it be empowering to tap into the Color Blue and its messages for Humanity in these times? Is Blue a Stellar Color in the United States of America’s National Colors? Is it part of a Trinity of Colors, Red, White, and Blue? Maybe this asks the question, what do Red and White mean, if Blue means all that it does in our discussions

today? We will have to inquire about that, as a Collective Seeking Truth and a Collective Seeking Illumined Unity.

For now, we invite you to ground as a world continues to go through The Great Shaking. This Multidimensional Chess Game is a Living Game Board. One shakes up a square or pawn or play on the board, shakes up the very fabric of human and sentient life here now. If you feel jostled, pulled, stretched, changed, scared, shaken, disoriented, overwhelmed, or stressed, know you are not alone. Spirit is by your side and you have lots of messengers like this one saying, **Fear Not. Find Fullness in your Faith. Find the Map Within in your Inner Life Lens and Your Inner Knowing's. Find Solace, Comfort, Grounding, and Grace through what you See Deep Within and Know, that is bigger than Ego Perception.**

Learn to live sentient again. Learn to see sentient again. Learn to move sentient again. Which means, learn to feel again. Learn to sense again. Allow what your higher senses see and perceive, and notice the difference between those awareness's and your ego's lenses of perception. Smallness isn't enlightenment. It's a manifestation of skewed or constricted vision.

If you want Freedom, you have to stretch for it. If you want Emancipation, you have to expand to let it in. If you seek Truth, you have to seek it to find it, and allow it TO FIND YOU. To seek peace and grounding, you have to make room for it with Deep, Conscious and Soulful Breathing, and the intention to connect with God, Gaia, and your Higher Self.

Ascension is an Active Process requiring Conscious Participation.

Sideline Commentary, or even Judgement, isn't living the Ascension. Its Ego Filters attempting to distort your picture to make your Screen of Smallness Living fit back into the paradigm the ego wants you to live. The ego answers and reacts to the Serpent's demands. Those demands require people to dance to the beat of Fear and Distorted Lenses of Perceptions.

The Soul however flies free beyond those distortions and remembers the Wisdom of The Duck Knowledge within you. The Soul KNOWS what is up and what is down. It doesn't even need to be told. It simply REMEMBERS. Again, Soul Led Living and Clear Soul Sight Led Living doesn't play the Serpent Games. The Ego does.

So what vibration are you inhabiting? What beat or rhythm are you dancing to? What color codes call your attention? Do you know that a show and a movie reel is playing out? Who would you be if you left the game of the movie? Who are you, at soul level?

How many seek Freedom at that primal soul level. Are you among them? Knowing this? Feeling this?

Wear blue. Attract the color Celestial Sapphire Blue into your day. Feel the Arcturians walking with you as you live those color-coded Knowing's inside you. You are way more than you know yourself to be. Everything is alive inside you when you live from this place again. Colors are living frequencies. Spiritual support is a living palpable and visible life force. That is always there, 24/7.

The Great Shaking is ushering in The Great Awakening. They are integrally linked throughout time and space.

We knew this time would come. And we knew you as a brave epic warrior would be here. Finding his or her way back to the Divine and Sacred Knowing.

Watch the Serpent and Serpent Minions flip flop. Witness the Games of Forked Tongue Speeches. In 10 second soundbites and longer movie clips too. The Serpent's Forked Tongue Speech pits one thing against another.

Source speaks strongly, clearly, honorably, and powerfully as One. As One Voice. One Whole. One Light. One Grace. One Love.

Blue is the Color of that One Light. That One Whole. And that One Love.

Feel the Frequencies of Freedom and Global Emancipation and Ascension finding you in Sapphire Blue and Ground in All That It Is Gifting To you!

This Summer and this Jubilee Year is an Epic Planetary Emancipation.

The Ultimate Liberator? The Ultimate Revealer? The Ultimate Weaver? The Ultimate Resitter?

Is Source.

And that Source? Lives in You.

Find time to Let It In. And Let It Shine!

Blessings to all on the Pathway of Rising Beyond the Games and Illusions. Blessings to those Rising despite the Storms. Blessings to those Turning and Living Faith instead of Fear. It is refreshing for us to see each and every Light returning to its origins and embracing Higher Soul Sight again!

Live it. Be it. Breathe it.

You are God's Living Template for Sovereignty, Abundance, Grace, Love, and Joy!

That is more powerful than any movie the 3D density can throw your way.

Knowing this . . . vitiates illusions and games.

Knowing this in full faith is God's Armor and Blessing to shower you, protect you, and empower you in these times!

It's Time for God's Jubilee in 2022. Armed with Faith, Freedom, and Fortitude, nothing can stop the Unity, Blessings, Grace, and Stellar Fortitude that Awakened Souls embody! Nothing!

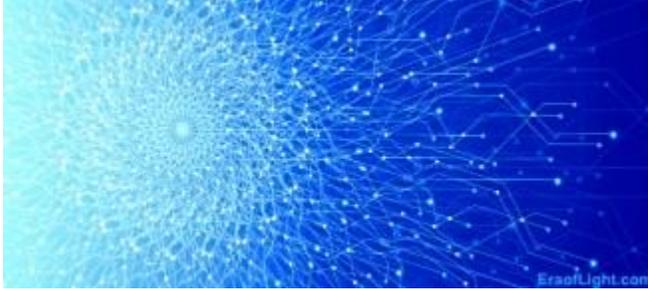

You Are Loved, dear ones.

You ARE Love.

All Our Love.

Creating Our Reality

Posted on [06/23/2022](#)

On the inward journey to enlightenment, the most important process to learn is how to raise our vibratory presence and become comfortable and consistent in moving into higher and higher positive vibrations. Since we have been created and have lived in higher dimensions, we intuitively know what they feel like, even though we have been unable to align with them in our compartmentalized human consciousness. **We come from Being in unconditional love, light and truth in the fullness of Being, but in our human awareness, our ego-consciousness, we have been unable to know this. Yet, this is our origin and our destiny. We are here only for an excursion into the experience of duality, made possible by our acceptance of limited consciousness.**

In our limited state of consciousness, we have been challenged to believe in the possibility that powerful, unlimited love in every aspect of life could be real. In order for this reality to come into our experience, we must transcend our limited perspective by sensitizing ourselves to our intuitive knowing through inner searching, when we are in a positive, high-vibratory environment in a state of gratitude. We can train our ego-consciousness to relax and just pay attention without desiring or thinking about anything. One way of experiencing unconditional love in our heart and emotions is to desire to align with it.

If we can train ourselves to be present in awareness and to feel the energetic presence of everyone and everything that comes into our presence, we can be aware of our intuitive guidance in every moment, and

we can let ourselves feel what our heart wants to express for us. Aligning with this vibration and feeling carries us into a realm beyond polarity, where there is only unlimited love in everyone and everything. Here everyone is aware of the awareness of everyone that they focus on, and every focus and alignment is a sharing of life force and the energy of our heart.

Gradually we can move into universal consciousness, when we know deeply that our human self is a limited expression of our real Being, and that we are playing a kind of personal drama with predestined roles that we can change extemporaneously by intentionally directing our vibrations. In our essence, we are the ultimate creators of the vibratory level of our energy signature. This radiates our vibratory level into the quantum field, attracting resonating energy patterns and modulating them with our own vibratory patterns. This means that the vibratory level of our thoughts and feelings determines the quality of our experiences.

By being clear and without limiting attachments, we can expand our awareness into universal consciousness and know everything we want to know in every circumstance. Our intuition is our connection with every conscious entity through the consciousness of the Being within Whom we live and have eternal awareness and our infinite creative ability. Our expressions come into our experience, when we realize them and feel the vibrations of their reality.

James Gilliland: The Real Threat to Democracy

Posted on [06/15/2022](#)

First, we want to point out we live in a Republic with the Constitution as the supreme law of the land, not a democracy. Your government is a service corporation contracted to provide good faith and services to the American people. They have all

sworn oaths to protect the people and the original Constitution and act in the highest and best good of the people. The vast majority of our leadership have broken that oath, became self-serving and have voided the contract. The acting president stated clearly the rights given in the constitution are not absolute and demonstrated it redundantly by the consistent violations of your rights. Freedom of speech, the right to privacy, innocent until proven guilty, right to a fair and speedy trial by one's peers, and now gun rights are all in jeopardy.

When they say we need to protect democracy what they are saying is we need to protect our illicit and unlawful strong hold over the American people and keep hidden what we have done. They have politicized and weaponized the mainstream media, social media and enforcement agencies as we have seen by the random arrests of conservatives, mothers, anyone who goes against their narrative. They support the destruction of the nuclear family, perpetuate and escalate the division in race, color, gender and religions, incite riots and violence to those who disagree with their goals. Crime has become unpunishable in most democratic run states and cities unless you go against or speak out against their policies. If I did not know better, I would say we have been taken over by a criminal syndicate or Nazi regime. Sounds like some conspiracy theory?

Let us help you connect the dots. Soros started and funded many organizations that created division of race, color, and gender including BLM and Antifa. The flag for Antifa is identical to the Nazi flag. Klaus Swab and George Soros representatives of the global elite have strong Nazi ties. It is well documented. The global elite's playbook is almost verbatim the Nazi playbook. Even the Ukraine has a standing Nazi army which is a global elite stronghold. It reeks of corruption, houses multiple biolabs, 46 as admitted to by the pentagon creating weapons of mass destruction. The funding for these labs will have the same characters popping up again and again which are trying to start a war with Russia to protect their investments. Child and sex trafficking are epidemic in Ukraine as well and if not stopped the Ukraine will be the base of the ongoing global elite's depopulation program. These Ukrainian Nazis are the military of the global elite along with other countries with corrupt leadership under their thumb. The CCP is also involved, the Communist Chinese Party. Many are asking

why are we sending 40 billion dollars to this corrupt country established by a deep state coup and why are our leaders going there in support of it? To protect their investments and their global elite puppet masters. Isn't it against international law to fund Nazis? It is. We were allies with Russia against the Nazis why are we siding with the Nazis against Russia? How could this happen considering past history? Corrupt politicians and a deceptive mainstream media are how it happened.

Holly Red Pill

https://m.facebook.com/story.php?story_fbid=825308305115152&id=100063674034797

The global elite is a consortium of billionaires, leaders, politicians that have sworn an oath to the global elite which goes against the oath to the American people as well as international law. Follow the money you will see millions if not billions of taxpayers' money channeled into world leaders, politicians and government leaders all the way to the top. Why is the Ukrainian army out of ammo? Where did the money go? Why were most of the politicians adamantly against Rand Paul's bill to audit where the funds go?

The two obvious ones with their hands in the cookie jar are the Biden family, other leaders mostly democrats with a few rhinos and Trudeau. Billions more are funneled into big Pharma complicit in the depopulation program as we are now seeing being played out. The latest propaganda is that adult sudden death syndrome is due to global warming followed by a new plague caused by monkey _uckers and those who have multi-orifice sex at European raves. It sounds like we are moving ever closer to Sodom and Gamora where the Andromedans had to nuke two cities devolving into decadence to save the collective consciousness and ensure evolution

continued on an upward spiral. For those who do not know who the Andromedans are, they are mythologically known as Archangel.

According to the raw data the planet is cooling, oceans are not rising only millimeters in some places while others are falling. The green new deal is nothing more of a transfer of power and wealth to the global elite. Again, follow the money. It has nothing to do with the restoration of the planet. **This latest sudden death syndrome includes the athletes dropping on the fields and courts 1400 and counting and young men and women having heart attacks shortly after the second dose. The real science is now proving it's a direct adverse effect of the jab. The latest documents prove the vaccine companies knew of the deadly and debilitating side effects before they released the vaccines. Research Luciferase, graphene oxide, biochips connecting your body to the internet and what happens to your immune system including your ability to fight cancer after the jab.**

By now it should be increasingly clear the democrat's socialistic reimagining America agendas which have been a total fail are based on orders from the global elite. It would better be named "the take down America", all other governments that stand in the way of their New World Order. The Georgia Guidestones have their agenda written in stone and there are many other open public statements and written statements stating very clearly their goal. "You will own nothing and you will be happy is their latest," "The ownership of property will be a thing of the past is another stated goal." They made it very clear that scaring people with a virus that is pretty benign to get vaccinated was their goal and the ignorant humans would march their families and friends to get the deadly vaccine. The biggest

weapon is the demoralization of countries which includes dividing the races, genders and religions to fight among themselves. Divide and conquer. They have also stated redundantly they want 80% plus of the people of Earth gone or chipped as slaves living in abject poverty in total domination. They stated they would use the black race because they are easily manipulated to be the army for their agenda, Antifa, BLM, other organizations funded by Soros are in ignorance fighting for their own enslavement and demise. These are not my words; they are the words of the global elite you can find with an easy computer search.

They also planned to flood the borders taxing the infrastructure to the point where it collapses. Fuel and food shortages are also part of the plan along with blackouts. The false flags, random shootings at schools and malls including 911 again are part of their modus-operandi. Without taking your guns like all other genocidal tyrants did resulting in the death of billions over history their plan will fail. That is why they are ramping up gun confiscation and laws making it impossible to defend yourself and your families. They know with enough money morally and ethically challenged people will do anything. The most morally and ethically challenged rise to the top as we now have seen in our own government, until the people wake up to their true nature then they fall.

Stalin said it matters not how people vote it only matters who counts the votes. Watch 2000 Mules. If you find it hard to believe it is actually worse.

2000 Mules

<https://rumble.com/v13v4sv-2000-mules.html>

The vast majority of our leaders have taken massive amounts of money from the global elite, Russian Oligarchies and the CCP, hostile foreign governments and if it is not obvious by now by their actions owe their allegiance to them, not the countries they represent. Now there is a word, represent, Re-present the will of the people is their job not the will of the global elite, the major corporations or other countries hostile or otherwise. It might be a good idea to familiarize yourself with the word's sedition and treason. Know their definitions. The corrupt politicians and the

mainstream media that scream treason are the very ones committing it. They always accuse others of what they themselves are doing.

THIS IS THE REAL THREAT TO DEMOCRACY.

Those involved in the latest January 6th hearings all might as well wear swastikas. This could all be ended by asking one question, “Have any of you taken money from hostile foreign governments, global elites who have professed to take down America and have you taken oaths and made agreements that go against or in conflict with your oath to protect and serve the constitution and the people. If they were to be truthful the majority would have to resign.

When the truth comes out the January 6th event was an orchestrated trap to punish conservatives and destroy Trump’s future in politics. According to Laura Logan’s research there were Ukrainians involved, the Azov Battalion “Nazis”, antifa and BLM masquerading as Trump supporters, the FBI and a host of other officials that orchestrated the event. The main instigators were FBI informants who have been identified and are walking free.

They opened doors, took down barriers, waved the people in, even the magnetic doors barring anyone from entering were opened with only a few people having that ability. Once in they began beating the protestors, killing some of them. Grown men in uniform beating to death little old ladies and anyone that came to their aid. Is this standard White House or police procedure? It is all on camera. The biggest tell is why did Pelosi refuse extra security and the National Guard as Trump recommended and signed the order? Would they interfere in their trap, their false flag? None of this would have happened with the National Guard if true to their oaths were present. Now the corporate owned mainstream and social media are whipped into a frenzy pushing their false narrative and agenda.

The Truth about January 6th

Laura Logan Non-Stop Truth Bombs

<https://rumble.com/vxnqfl-laura-logan-non-stop-truth-bombs.html>

The last thing we want to leave you with is which politicians went to Ukraine and pushed the 40 billion in aid. Are they the same people involved in the January 6th hearing with no counter arguments or presentation of evidence that would cast a dark light on their behavior? When women with children can't even get baby formula in the US, our economy is in free fall, crime is through the roof, we can't afford gas and it is a well-known fact much of the Ukrainian Army are professed Nazis wearing the insignia why the hell are we giving them 40 billion dollars?

The answer is obvious. Unless one is void of all critical thinking, refusing to research anything other than the pathological liars tell them on mainstream and social media. By the way, I am in farcebook jail again, for telling the truth, I spend more time in jail than in the app. For those who think I have abandoned them or am not returning their message it is due to Mark Smuckerturd. Censorship and the violation of free speech is epidemic there. Maybe Elon will buy face book and nuke his mind controlling AI world Meta. It is the first step to transhumanism. Critical thinking, personal research and self-mastery are imperative in the days to come. Denial and ignorance can be deadly.

No matter what color, culture, religion or belief it is time to awaken and unite. Unity, love, forgiveness, service to others, courage, these attributes are held in great disdain by the global elite and destroy their New World Order. Time to awaken and come together.

Benjamin Fulford Report: Western Financial Hallucination Crashes into Reality

Posted on [06/21/2022](#)

No matter how hard you try to avoid reality, it eventually catches up to you. This is the lesson the privately-owned Western central banks are now learning as their fiat money hallucination crashes into the real world. The across-the-board collapse in financial markets seen recently is no ordinary market move. It is a system's collapse.

The Dow Jones industrial average has been down 11 out of the past 12 weeks; something that has never happened before. The closest was in the great crash of 1929 when it fell 10 out of 11 weeks. Normally, when stocks fall, bonds rise as people rush to "safety." However, US Treasuries are having their biggest collapse since Nixon took the US dollar off the gold standard in the early 1970's. Crypto-currency markets for their part are down two-thirds from their peak and have evaporated \$2 trillion in imaginary money.

The consensus among top financial industry veterans is that stocks are going to fall 90% before this end.

Today, June 20th, all financial markets in the US are closed, supposedly for a Juneteenth holiday. However, since the summer solstice on June 21st is a key day for Satanic sacrifices, CIA sources say "they" are going to use this as an excuse to shut banks and steal people's savings.

Important Information

All major U.S. financial markets will be closed on Monday June 20, in observance of the Juneteenth National Independence Day holiday.

The sources note the fall in crypto has been much faster than the rest of the market because “Bitcoin and its close associates are being destroyed so that the Fed and its KM Central Bank allies can create their own digital currency... we always knew that the KM cabal had a back door into Bitcoin and are ultimately controlling it. As it was created by the Pentagon,” the source’s comment.

The “they” of course is the small inbred satan worshipping family group that owns the Western central banks and 90% of transnational corporations. They disguise this control through foundations and funds. However, you can confirm that Vanguard, Black Rock plus State Street and Banking control 40% of US stocks. If you look at who owns them, you will find the usual Rockefeller/Rothschild etc. suspects. They in turn are now slaves to an Artificial intelligence system that controls 70% of all stock trades. This group is now in the process of trying to buy all houses and real estate as well.

Unfortunately for them and fortunately for us, they are now learning the ancient Shinto tale of the black dragon. According to the tale, if you invoke the black dragon you will be able to see weaknesses in others and exploit them for your own benefit. Eventually, you will accumulate great wealth and power. However, it has a fatal flaw, because once you have this power, you will have no friends and be doomed as a result.

This tiny group of people used their money to buy politicians, doctors, freemasons, judges, generals etc, and thought they were beyond any form of justice or punishment.

Now though, what has happened is that they have accumulated so much wealth and power that the vast majority of people will not be affected when their financial hallucination ends. In other words, the collapse of the markets will mainly affect the 0.01% who own them.

As their financial control grid implodes their own people are in revolt while an international alliance closes in on them. This video of Khazarian mafia would be puppet leader Juan Guaido being attacked in Venezuela shows what awaits all KM fake politicians.

The first to fall will be Europe. The Russians and others have cut off their gas because nobody wants to accept their nothing backed fiat money as payment for real goods.

Last week Italy and Slovakia reported receiving less than half of the usual volumes of gas from Russia. France has had no gas since June 15th. Poland, Bulgaria, Finland, Denmark and the Netherlands have already had their Russian gas deliveries suspended. Germany is also facing a cut off soon, Russian FSB sources say.

<https://www.bbc.com/news/business-61838905>

The Europeans cannot find gas elsewhere. Algeria, for example, has also cut off half the gas supply it sends to Europe via pipeline.

<https://northafricapost.com/57439-algeria-already-failing-to-honor-gas-supply-deals-with-spain.html>

The fake Biden regime promised Europeans they would replace Russian gas but, their main gas export terminal has been blown up and will not resume full operations before years' end.

https://www.reuters.com/markets/commodities/freeport-lng-extends-outage-after-fire-targets-year-end-full-operations-2022-06-14/?utm_source=reddit.com

The squeeze is also being put on oil. The oil the Europeans have been stealing from Libya ever since the murder of Muammar Gaddafi in 2011 has been cut off.

<https://oilprice.com/Latest-Energy-News/World-News/Libya-Loses-11-Million-Bpd-As-It-Shuts-Down-Nearly-All-Its-Oil-Fields.html>

Also, Ukraine’s largest oil refinery has been destroyed, cutting off another major source of European oil.

<https://www.pravda.com.ua/eng/news/2022/06/18/7353194/>

No wonder German MP Seffen Kofre says “the EU sanctions and embargo hurt Germany and not Russia.”

<https://tass.com/pressreview/1464945>

In these circumstances, German Chancellor Olaf Scholtz, French President Emmanuelle Macron, Italian Prime Minister Mario Draghi, UK Prime Minister Boris Johnson and Romanian President Klaus Ichannis went to Ukraine last week to meet President Volodymyr Zelensky. The reason they went is that “they are trying to figure out how to obtain their last amount of stolen money. They all know it is Game Over for them,” a CIA source says.

<https://news.sky.com/story/boris-johnson-makes-second-surprise-visit-to-kyiv-12635686>

The fake Biden regime is also doomed. That may be why a Biden avatar “fell off” a stationary bicycle last week. It may be used as an excuse to explain he is quitting due to a “head injury,” the source says.

The real reason of course is that his regime is being cut off from global energy markets. They are now burning through the US strategic petroleum reserve at such a pace it will all be used up by the end of this year.

No regime can survive such a shock and the social order is already collapsing. As Michael Snyder notes:

Shoplifting has essentially become a national pastime, open-air drug markets operate freely right under the noses of indifferent authorities, and addicts pull down their pants and take a dump whenever and wherever they feel like doing so. Thanks to record levels of illegal immigration, gang membership is absolutely exploding, and human trafficking has reached truly frightening levels

<http://endoftheamericandream.com/if-the-streets-of-america-are-this-chaotic-now-what-will-they-be-like-when-things-really-start-hitting-the-fan/>

The Russians had their new and improved Putin avatar read the riot act to the Western elites last week. In a fiery speech, Putin said such things as: *International institutions are collapsing and security guarantees are being devalued...It has turned out to be simply impossible to reach any new agreements with [the West].... The European Union has completely lost its political sovereignty...detachment from reality will lead to a rotation of elites in the near future.*

<https://tass.com/economy/1467747>

That is why the real power in Russia, Foreign Minister Sergei Lavrov says “contacts with Europe are absent from Russia’s priorities.”

<https://tass.com/politics/1466371>

China is working with Russia to “push the international order and global governance towards a more just and reasonable direction.” Chinese President Xi Jinping said.

This is why Putin says “the era of a unipolar world order is at an end.” Facing a paradigm collapse, many still brainwashed members of the (soon-to-be-former) Western ruling class are suffering severe cognitive dissonance. This is why “Western reporters have simply gone nuts,” Russian Presidential Spokesman Dmitry Peskov said.

Let there be no doubt, war has been declared on the Western elite by Russia and, to a lesser extent, China. “if you are at war against Russia, the negotiations usually look like an unconditional surrender,” American military analyst, Scott Ritter says.

The international boycott of the West is being accompanied by international special forces raids on US bio-labs all over the world, CIA sources say.

US biolabs in Bangladesh, Congo, Nicaragua, Nigeria, Egypt, Ethiopia, Georgia, Ghana, Haiti, India, Indonesia, Ukraine, Kenya and elsewhere are being raided to disrupt US biowarfare activities, he said the sources.

If you look at who funds these activities, you will find the criminals actively trying to kill 90% of humanity in a desperate attempt to stay in power and enslave the surviving 10% of humanity. Funding sources include the US National Institute of Health, the World Bank (why the heck does the World Bank have a BSL-3 biolab in Ethiopia?), US Navy Medical Research, Gates Foundation, CDC, Clinton Foundation, etc.

Also, the main country funding US NIH's Nigerian labs is... CANADA. For anyone wondering how this WEF puppet Trudeau was involved, here's the proof. Hey funded it.

This document says it all.

Of course, these criminals are literally fighting for their lives and will not go quietly into the night.

In China, the Communist Party is using its vast COVID surveillance infrastructure to quell protests by coloring people's health QR codes red. They are then arrested and imprisoned.

In the west, the Khazarian mafia bosses are still desperately producing fear porn to install similar control mechanisms in their own countries.

They have been rehearsing and planning this for years. For example, in November 2021, Bill Gates warned of a bioterrorist threat at ten airports in ten countries. Then, on May 19, 2020, we see news reports about monkeypox in ten countries.

<https://www.globalresearch.ca/bill-gates-warns-smallpox-terror-attacks-urges-leaders-use-germ-games-prepare/5781195>

In a sign of how insane the current regime has become, this “monkeypox” outbreak prompted the CDC to advise people, “masturbate together at least 6 feet apart without touching each other.”

https://www.cdc.gov/poxvirus/monkeypox/specific-settings/social-gatherings.html?CDC_AA_refVal=https%3A%2F%2Fwww.cdc.gov%2Fpoxvirus%2Fmonkeypox%2Fsexualhealth%2Fsocial.html

These are some of the so-called leaders of the West who are behind this madness.

In Canada, Trudeau has prompted former top official Paul Tellier to warn that Trudeau's control freak in office “is about to destroy public service... and the word ‘destroy’ is not too strong.”

<https://www.ctvnews.ca/politics/don-martin-the-fall-of-justin-trudeau-has-begun-1.5946788>

In Australia, former Australian Prime Minister John Howard issued a 90-year suppression order naming pedophile judges and a former Prime Minister.

Even these madmen are still trying to provoke World War III. Most recently, the Baltic EU/NATO member Lithuania imposed a ban on all rail transit traffic to the far western Russian enclave of Kaliningrad. It was a similar ban by Poland that prompted Germany to start World War II.

We also observe that these thugs keep trying to attack journalists. Three attacks have been carried out on Veteran's Today's Gordon Duff in the last few weeks.

“A few days ago, there was a possible assassination attempt on me. Someone ran a stop sign and ran in front of my motorcycle. I went through the passenger window at pretty high speed.... I have a TBI and a lot of stab [my woman] Carol has a broken leg, two broken wrists, a broken nose...etc...I shouldn't have survived.”

It seems that Duff has gone too far by telling too much truth about Ukraine etc.

This author also received death threats last week from people formerly employed by the Rockefellers in Japan. Note the word “earlier”. We can confirm that renditions have started in Japan and that many Deep State operatives in that country are being transferred to the US military base in Guam.

Speaking of US military bases, we will again close with some Operation Blue Beam related statements about Dulce Base in New Mexico by former Naval Intelligence agent William Cooper:

What does this mean for the Blue Beam project?

You can also find more pictures that were sent to us here. As usual, we hope this is part of a long-awaited revelation about secret US programs. It

could well be that the imminent collapse of the US government will hasten these revelations. We want see.
