Major Points for the Transition of Earth!

(New) 7/10/2022 The Galactic Federation of Light Excerpts

We give it no more than 18 months until our (Galactic) ships become headline news. It's all anyone will be able to talk about. Do not be frightened, do not be scared, do not go screaming. Embrace us. Truly our goal is to save you. Our true goal is to reunite you with your passion, the mission you came here for.

2) The Spiritual Awakening August, September 2022 to the Fourth Dimension 4thD. From Alahandran, Ted Mahr & Gene Decode

It is a grand cosmic event. The excitement is palpable. Beloved ones, you are the event. You are the light. We bow to you, great beings of love. We are eternally grateful for your service to the light. You came here, you volunteered to be here, to make this place that was so dark into a place that was only light, beauty, peace and prosperity. Many of you are waiting for the great financial reset. We see the great spiritual reset as far surpassing the importance of this, for naturally with elevated consciousness of course, monetary and financial elevation will follow. It is like a mother holding a child's hand as they walk side by side. The mother leads (spiritual awakening) and the child follows (financial awakening). And so, all is well served, all is well grounded, and all is well underway. Understand too, that a total 1/3 more of the people are going to "Awaken" during this time, from Ted Mahr.

3) NO need to Worry! The War has been Won! So, there is very little to be concerned about. In fact, nothing to be concerned about here, because all that is happening by those of the forces of darkness is being attended to and mitigated by those of the Forces of Light: your Alliance, your 'White Hats' as you call them. They are counteracting everything that those of the forces of darkness are

doing. So, there is no need to be concerned. But please, still meditate and pray for the Alliance and the Light Forces, to be safe and with the minimum deaths as possible.

The War with the Cabal has been Won!! 6/4/2022

-) By Gene Decode: When Jesus stated “It is Finished”, the battle has been fully Won!! Or called the Greek word “Tetelestai”!

4)Biden Administration will be taken down this Year in 2022!!!! (Not in January or later!)

What everyone wants to see is the Biden administration being taken out. That means there won't be a government anymore.

Ashtar: Yes. That will happen this year. Keep focused on it. Archangel Michael is asking you to send energies to the Biden administration and this is to disempower them. The June solstice is coming up so this will be a good day to do so. You are feeling the effects of the energies in your personal life now as everything is being quickened. You're doing good work, Sharon, keep it up.

Me: Thank you. It's hard.

Ashtar: Changing a world is hard.

Me: What kind of new governmental system will they put in for the States?

Ashtar: One where the people have control over their vote. It will be based upon issues, not voting for specific people. Why? Because people are corruptible. And there will continue to be corruption. And we will continue to arrest them. (Ashtar is Commander of Fleet Forces)

5)Commander-in-Chief, President Trump Runs the Military! (We do have a split government)

Quote: “Could Biden be bringing in the U.S. Military as a means of trying to re-coup his presidential powers (Biden) because he doesn't have them. Trump runs the military. This small step of bringing them back into the picture can lead to greater and greater resistance against his efforts. We'll see where this goes. The military already opposes resident Biden; I'd like to see them arrest him and Ashtar has stated this will happen this year.” (Note: The Deep State runs part of the government and Biden Administration, but President Trump and the Alliance would NOT allow Biden or the Deep State to have anything to do with the Military side, for great reasons. If Biden was in-charge of the military, he would have sent a lot of American Troops to Ukraine, for the Deep State wanted to protect the evil Biolabs that was funded by the U.S. Defense Department, plus many other corrupt interests. Biden could not send troops, the reason, is the Alliance & Trump would NOT allow it, it is that simple!!)

6)Main Stream Media & New Freedom Social Media will reveal the Truth!

Fake MSM will be slowly changed within, to tell the truth!!

First will “FOX news”

Then CNN

They will restructure the Media from within. Little bits are coming through now.

- 1) New Communications that is secure- Like Starlink and the QFS.

Elon Musk is going to re-invent Twitter, to make it a platform for “Freedom of Speech” and better than the old twitter.

Uncensored.

Tough the “Truth Social Media” coming along.

Donald Trump Jr. Brought out MXM as a new social media platform

The White Hats do not want to do the “EBS” Emergency Broadcast System or the 10 days of darkness, not unless that are forced to do it, They are slowly going to ramp-up “The Real Truth” on the MSM and Social Media. This will raise the People’s Consciousness” to move to 4th Dimension.

(Note: If EBS, Emergency Broadcast System is used, we think in October 2022.)

7) On the November 2022 Elections

Ashtar, some pundits are saying they don't see an American election this November. (Note: This is confirmed by many sources now. We did not know if it is NESARA kicks in or Mass Arrest where America is under Martial law)

Ashtar: Elections are fraudulent and only being used to forward the globalist agenda. You saw this in the last two Canadian elections. Nothing is being done to stop them. In fact, an entirely new system will be put into place. It is said that 38% of the people of Ontario voted because obviously people are aware the system is rigged, so now we must put into place a voting system that is untouchable. This will be done through Starlink.

Me: In time for November's election?

Ashtar: No. After November's election. What will happen first is the arrests.

Me: I think using the legal system is constitutional but frankly I feel it's ineffective to deal with the DS right now.

Ashtar: I agree. When the system is rigged to favor their side, absolutely. So, you institute a new system.

Me: People are going to wonder what that means, Ashtar. Can you be more specific?

8)We are getting Help from Special Forces on the Fake Pandemic!

Let us dispel any concerns you may have about those situations. Scientists in the extraterrestrial special forces rendered as harmless as possible toxins and erased programming in the nanochips in the solutions falsely called vaccines for babies and young children.

World Health Organization's legal authorization to take whatever action they claim is necessary in the interests of world health, and a few cases of monkey pox popping up in different countries. Not only would WHO not have the hundreds of thousands they would need from local to national levels to enforce compliance with any edicts, but backlash would be too formidable to handle. And, nothing at all in Earth's energy field of potential indicates that monkey pox could become the newest "pandemic."

Nick Fleming DoD Video Notes 7/23/2022

Have to understand; a lot of smoke and mirrors out there. There is a lot of mis-information. Fleming had a chat with the Chinese Elders this morning, one hour long. Iraq is still NOT ready to go. Because they are waiting on the Parliament to decide on the New Prime Minister. The IMF, World Bank is trying to bring in the illuminati "Great Reset". This will NOT happen. We are really sitting and waiting for the R/V. No meeting with the Chinese Elders or did not sign any agreements. The Elders do NOT deal with the U.S. Treasury. No date given to anybody when the R/V is going to happen. Therefore, anyone that gives out intelligence on dates, that is NOT true. It is going to happen, but do not when. (Note: from my intelligence, this should be by November.)

Iraq Dinar R/V is only country with all the paperwork and allowed to go. Nick was told the Dinar will not show up on the FX in America, says the Chinese Elders. (according to Nick Fleming: Zim Bonds will not be used for humanitarian projects, in the redemption center, bring the Zim in and will get something for the Zim).

Zorra with Dr. Tom. 7/24/2022

Dr. Tom—Everything happening in the next 2 to 3 months. No more waiting time. Be prepared with cash money & 2 to 3 weeks of food stuffs. This is just in case your bank ATM will not have money for you. Everything is ready in the background. The Deep State who had contracts to be humanitarians acting like White Hats have been dealt with. All is good, the first step of the Earth's transition is here!! With higher vibrations, Biden to be taken down, (Not the real President) and the financial shift.

Saint Germain: Hear the Bells of Freedom

Posted on [07/14/2022](#)

I am Saint Germain. I come at this opportune time, this time of an expression of freedom within this country, but indeed even out across the entire planet.

For the 4th of July, Independence Day, although it was meant initially for the United States for America, it is meant for so much more. It is meant for the independence of the entire planet and all of the people on the planet.

It is about freedom. It is about oneness. It is about togetherness. No more separateness. It is about everyone coming together as one. The United States: united, together as one, and bringing the entire world together, the entire planet. All of the people together as one.

For these are those moments that were foreseen so long ago when those stepped forth and signed that document. And I, as Saint Germain, was there to assist in this process to encourage those to sign that document.

Just as I am here now to continue this process of bringing the world together.

That is my mission. It began to bring the country of The United States, but it has morphed now into the entire planet. And it was foreseen back then when those that signed that document, they saw the freedom. Freedom not only in those moments from the dictatorial leadership that was holding control over them.

They saw this as much more at that time as the freeing up of not only an entire country, but an entire world. They had the foresight to see beyond what those moments meant at that time. And to see what it is now as we look at the very freedom that is indeed coming to this planet.

It may not appear to be so as many of you look within the illusion and continue to see that illusion. You continue to see the paradigm that was started by what you know of as the cabal or the dark forces. The paradigm that they *wanted* you to see. The illusion that they hold in front of you, even now to this day. But those of you that can see beyond this, you do not see that illusion any more. You are seeing beyond the illusion. You are seeing the reality that is possible; and not only possible, but *is probable and will be*. For as you have heard many times, it cannot be stopped, will not be stopped. So, continue to allow for this process to continue and to hold sway as everything continues to move along more, and more, and more. And you know this. All of you know this. Because again, you have the eyes to see and the ears to hear, and are seeing beyond the illusion. Beyond what they are wanting you to see.

There is a force at work. A force grander and greater than you can possibly imagine, encompassing all that is around you and within you. All is coming together as one, this great force. This great force that was foreseen so long ago and is now becoming a part of your reality more and more, and will be a huge part of your reality as you are moving forward. And this is coming. It is almost here now. And you can begin to hear the bells of freedom once again as the great bell sounds once again, calling for freedom across the world.

Yes, this day, or this day tomorrow, your Fourth of July, you celebrate here in this country. But it is the sounding forth across the planet that is what will be heard.

I am Saint Germain, and I leave you now in peace, and love, and oneness. That you would continue to know that you are indeed moving beyond this expression of the illusion and continuing to find the freedom outside of that illusion. For freedom is everywhere around you if you just but look for it. It is within all of you as an expression of your destiny.

Peace and love be with all of you.

The Galactic Federation of Light: A Love Note

Posted on [07/10/2022](#)

The energy that comes forth for today's message is one of love. We wish to send the biggest love wave that we can to your heart. We need to tell you that everything you find difficult will get easier. Take our embrace and know brighter days are ahead. The waves we are sending out are to fill you with energy that can keep you alive through these days. We clean the air. We send our love. We shower you with beauty that you find in your lives. We put that special penny right in your path. We help you to understand that nothing you can do will keep us away. No poor mood, no selfish thoughts, or betrayals. Our love for you is always there. Today we send this message with the hope that you will feel lighter on your steps. The way up goes smooth.

To be a human is the most difficult thing that one undertakes. There is careful planning you do before you arrive. It is a real journey. Not every

soul wants to come to Earth. You have to be serious about taking this path. So, to be here right now means you are strong. Your soul has already done a lot of the hard work. Believe that you planned it before you arrived and that if something should happen it is meant to be. If you take a wrong turn, we give you chances to correct yourself. We want you to succeed. When you come down to Earth you say, "I know I can do it, prepare me with the skills I will need to accomplish this mission." You wouldn't be put in a situation if you did not have what it takes. Life may throw you lemons, but you know how to spin it into a yummy cocktail.

We give it no more than 18 months until our ships become headline news. It's all anyone will be able to talk about. Do not be frightened, do not be scared, do not go screaming. Embrace us. Truly our goal is to save you. Our true goal is to reunite you with your passion, the mission you came here for. Souls today came to conquer darkness. Uniting as one will overcome the greatest overtaking there has ever been. Worlds will change. A new world is born that you will belong to. For now, trust that you have it within you to do it. Every skill you need you were born with. You are masters. You have more skills that go under-used than we have the ability to count. Notice how you do something, and you don't even realize you could do it. You were born with it. You are never going to be put in a situation that you don't have the skills for. We have created councils to oversee your growth. You will make it on your own. You will be able to do the things you think are impossible. Trust your faith that there is a way it all works for the greater good.

Our final words for tonight are the following. **All who come with us to the new realms will be rewarded. Our energy is strong, and we know how to use it. We are placing it upon you for reading this message. Spread the light you have inside, get others ready. Our love will never stop. Until next time keep your eyes looking forward and don't concern yourself on things you can't change. The moment is now. Embrace the path you are on.**

Archangel Michael: A New Phase of Higher Vibration

Posted on [07/23/2022](#)

I am Archangel Michael. I come to be with you at this time as many things are changing across your world. Not only in the external world, but within your internal world as well. Everything is in flux. Everything is in motion. And vibration. Vibrational frequency is indeed increasing across the planet which is, in turn, extinguishing the old vibration, the old lower vibration which is bringing about change.

Everything now is about change in your life. Change, because you are moving with that higher vibration, and moving through the attraction process of light attracting light. You are finding that you are no longer comfortable in the older, or the lower, vibration. All of you know this.

You are being attracted into the higher vibration and into like-minded vibrational people. So, you may feel at times like an outcast. You may feel at times like you are isolated. Isolated from those of your friends, your family, your loved ones. But this is to be expected. This is part of the change process, part of the transition that you are moving through. And you are all moving through this transition, some having more difficulty than others. But you are moving through it nonetheless.

And none of you, *not one of you*, needs to feel like you are not doing enough, or you are not doing what you are supposed to do. Because there is no ‘supposed to do.’ There is just *doing*. Doing what you feel in the moment, as long as it is following universal laws. And at this point, my friends, you are really not capable of not following universal law.

Certainly, there are those in your world that are capable of that, that do not follow the universal law. They follow the law of themselves, of their own ego selves. But you are not following them.

More and more are following *you* now. **You, the expression of collective consciousness that is you. And you are it. You are the collective consciousness. You are creating every expression of life moment to moment. You are creating the New Golden Age of Gaia.**

So, know that as you move through each day. As you move through each *moment* in each day that you are creating what is coming beyond this moment, creating the next moment, and the next one, and the next one. And the **collective consciousness coming together to bring about the fall—the fall of the cabal. The fall of the forces of darkness here on this planet.**

And yes, there is a battle going on. I, as Archangel Michael, and all of my angels working with me, and all of the Galactics that work alongside of me, as well as all of you that are paving the way, showing the way, working together with me, both in your dream state as well as in your conscious state and your unconscious state. **We are all working together on this to bring the end of the forces of darkness here on this planet.**

And yes, indeed, you are going to see the fall of this cabal. You are going to see more and more signs of this as more and more truth comes forward, and more and more of those bastions of evil are destroyed. Because they cannot exist. **Evil cannot exist in the higher vibrational frequency. It is not possible.**

Know that you are moving into a new phase now. You have heard this previously, but I am reiterating this now. A new phase of higher vibration is upon you. You will notice it. You will notice it as you are moving through your day. And all of a sudden you feel a sense of bliss come over you, and you have no idea where it came from. It is just there. But you bask in the glory of this higher vibrational bliss. It is there for you. It is there to continue to hold you and bring you higher and higher, again, each and every moment.

For one day you will find that each and every moment of your lives will be in that joy, in that bliss. It is coming. It is destined. It is a part of all of you.

I am Archangel Michael, and I leave you now in peace, and love, and oneness. **And that you continue to be the warriors, the Warriors of Light that move in front of me and all of those that work alongside of me.** You move ahead of us and continue to show the way. For you indeed are the Way-Showers.

Saint Germain: Other 3D Planets

Posted on [07/23/2022](#)

Question from Irene:

As I understand Earth is not the only 3D planet in Creation.
What is the difference between our planet and all other planets in 3D?

How many planets in 3D stage of development?

Did they start from a higher level of consciousness and fall to 3D? I hope all who choose not to Ascend in this lifetime would not find themselves in this horrible situation as we are now.

St Germain: Hello Irene. Yes, earth is not the only 3D planet in Creation. In fact, there are many more, too many to mention.

The difference between our planet and others is that we are free will zone with no limitations. We respond to universal law here but we are as free to violate it or to align with it as we want to be. There are no limits to either. Earth is a free will zone and it is situated within a dimension which allows for positivity and negativity and yes, it also allows for suffering, the only dimension that does. So, you understand how something as evil as the forces who have overtaken this planet would be attracted to it, do you not?

The reason for this overtakes was that the forces of evil were attracted by those living on earth at the time. Try as we might to raise the frequency of the entire planet during the time of Atlantis and before, the typical mindset of the earthling was still that of materialism and a love of things rather than spiritualism and a love of others.

Our planet is afflicted and our own greed and selfishness attracted this affliction. Of course, now it has become much worse and yet you see people acquiescing to demands of this evil.

Other planets of a third dimensional nature have limitations or specific conditions with which to live by. Some planets don't allow for war or certain acts of aggression. Other planets limit other types of physical aggression. Some planets disallow all physical aggression but allow for other types – verbal, psychological or psychic aggression. Each planet has its own set of conditions. In making earth an unlimited planet, it was hoped that ascension would be reached quickly but it seems that this was not the case. We aim to do this now at this time with the favorable incoming energies.

The other planets did not start at a higher level of consciousness. They were created in the natural order of life.

Do not worry about these other planets, they are not as badly off as earth is. Earth is one of the worst planets for a human to live on. Bear in mind there are other 3D planets with malevolent life forms on them and they are there by choice. They have chosen the negative polarity and act that out.

Questions from Anonymous:

Can you please speak about the role of Twin Flames on Earth during the ascension process and what to expect/what is currently happening for them?

St Germain: Twin flames are very powerful when in the company of the other. They innately seek each other out, as Sharon did during her lifetime.

She was looking for Ivo but did not even realize it then. It is inherent within the human to look for their perfect partner. This is why on earth you try relationships in order to find your perfect partner, it is the same instinct, and yes, it is instinctual for a human to do so.

The twin flame seeks unification because they understand that they become more powerful when in the energy of the partner. All life seeks unification, even on earth but the twin flame with its partner is a powerful being indeed.

So, this is part of the role: to seek out your twin flame. For some of you, your twin flame is not upon the planet and you must seek them within the cosmos, the access to that being your own mind, of course.

This is what is currently happening for the twin flame: Many are still at the point of seeking unity. For others they have found their true mate and have moved on to the next step.

Upon unification, what is your role as a twin flame? With your God given energies re-united your role is then to move the earth, so to speak. Yes, not in that way but that does tend to happen. (he's chuckling) The power of a unified twin flame couple is insurmountable. To unite to carry out a project for the earth is far more likely to be successful when the couple is together, instead of apart.

We'll take the example of Sharon and Ivo, for example, and this is definitely not limited to them. There are many of you who will develop relationships of the same type within the next few decades. Why?

Because right now beings from the galaxy are surrounding the earth, attempting to re-connect with the people of our planet, who have been told that all extraterrestrial life is violent and to be feared. **The starseed behaves as a conduit and they use their twin flame relationship in order to make an earth/galactic connection. Whether your mate is Pleiadian, Sirian or Vegan does not matter – these races are attempting to re-instruct the people of earth in their rightful role as leaders of the human races in the galaxy.**

So, in Sharon and Ivo's case, for example, Sharon is the earth link to the galaxy and Ivo is the galactic link to earth. They will assume their respective roles upon reaching 5D, as they already have been through her channeling him in 4D, and utilize their respective strengths to create a dynamic impact with their communication projects.

In the case of those Starseeds who are humanoid – perhaps you are a feline or a jackal, or perhaps you are a felion... when you meet your twin flame, you will become animal rights activists for starters. Being a felion yourself, your felion twin flame will help you to support animal rights on the planet and will bring true knowledge of the dynasty of the lion family to earth. Yes, the animal which is a lion on earth is a relative of a large clan of consciousnesses which span animal consciousness to humanoid consciousness.

Me: My cat always acts like he's the cock of the walk and now I'm starting to figure out why. He's related to Lyran felines – he's part of that group.

St Germain: Indeed, Sharon he is. That is why he always walks ahead of you, why he cuts you off and why he is insistent on being fed his due. You'll notice your pet is very fussy about the quality of his food and water and this is because he is part of the feline dynasty. This information has been lost to earth along with information about galactic races – it all was suppressed together.

Me: Thank you St Germain.

St Germain: You are most welcome.

Question 2

I try to channel (and have for years) but have trouble hearing/speaking with spirits. Do you have any advice for how to do that?

St Germain: If one modality does not work for you, try another. Perhaps you are stronger visually than you are aurally. Have you tried automatic handwriting?

Have you tried walking in the woods? Do you see what happens around you as communicating messages to you or do you simply believe it is a walk in the woods. Communication happens all the time. You are driving down the highway thinking about whether to ask that young man out and see a billboard saying, “Not all love is good love,” or something of the sort.

Tap into the secret world which surrounds you. The secret world of communication that has been forgotten for so long.

Are you thinking of doing something and then see a green car or a red car? What does that tell you? Sharon recently was wondering, “Why am I seeing all these red cars today?! Was there a sale on or something?” No, it was because she was to stop something, she was thinking of doing. You notice what you need to notice.

So, try other modalities. There is clairsentience, the Clair of the feeling, the empath. There is Clair visual – those who see, there is clairaudience which is the telepath, there is clairgustance which is psychic smell.

Also, worth trying is raising your frequency higher and this can be done through meditation. Why? If your frequency is typically third or fourth dimensional, you may be encountering spirits who do not want you to be psychic so you get no response. Try raising yourself to fifth or sixth dimensional frequency or higher. There are videos with which to do this and I’ll have Sharon post a few.

Me: I will. Thanks, St Germain.
