8/8 Entering the Lions Gate, UFOs and the Multidimensional Awakening and Healing of Humanity and the Earth Excerpt: James Gilliland;

“We are going to see this on a personal level, throughout the political, business and religious institutions no rock will be left unturned. The science or mechanics behind this are simple. Higher consciousness and energy in, garbage out. The Earth is rising in frequency from its center and from incoming energies.”

“With the light comes consciousness and energy. Universal law is within the light, the higher consciousness

and energy flooding the galaxy. The Central Sun has activated the network of suns throughout the galaxy. This affects other dimensions, especially the lower 4th where a lot of unseen negative influences reside as well.”

“The entire light spectrum is changing. The cosmic, gamma ray and Xray charts are taking a steep rise, the ultraviolet and infrared are also creating new bands. What does this mean? It means change on every level right down to the DNA.”

Archangel Michael: Send Your Love Excerpt:

“Again, this week we must focus on peace on earth as those who seek war are beating their war drums again. As you may know this is a repeat of World War 2 where the same parties owned and funded both sides of the war. They simply are trying to declare war against you, the People, and this is where you must stop them.”

“We see a turning point is coming, a point in which there will no longer be doubt and the front legs and the back legs will begin to walk together in unison. The dark ones’ full hand will be revealed, including the aces they have held up their sleeves and in doing this the entire world will become aware, wise to the trickery they have been subjected to.

It will be a tense moment for all as the entirety of what you call life will stand in the balance.

It will be a moment where you all will be forced to choose for good or for evil.

This moment is coming.

I beg you to prepare for it.”

Saul: Time and Our Moment of Awakening Excerpt:

“There is much going on in the spiritual realms as humanity moves ever closer to its collective awakening. So, do not be alarmed by the chaos and confusion that is being reported by your media, because all is moving forward most splendidly in preparation for your grand and illustrious awakening. It truly is extremely close!”

“You Are in the process of awakening Now! And that process is very close to its most magnificent completion. Trust M/F/G, Love, Source, and allow yourselves to access your deep inner knowing that all is divinely taken care of and that there will be NO disappointments, because the Divine Will is that you enjoy infinite and eternal joy. The Divine Will is the only true will, and it is always achieved . . . now.”

The 9D Arcturian Council: The Lions Gate Portal of August 2022 Excerpt:

“We are very eager to see what you all do with the Lions Gate (Start 8/8/2022) energies that are already upon you. We want you to know that these energies are doubly powerful because of the energies of transformation that are also upon you throughout the month of August. You are becoming creator beings as you transform into your Source Energy Selves while in physical bodies. This will increase your powers of manifestation greatly, and the energies of the Lions Gate are also there to increase your powers of manifestation and creation. Therefore, now is the time to be focused on what it is you want for yourselves, for your loved ones, and for all of humankind. It is a time to have faith in yourselves and to trust in your ability to be

living in that reality that you have seen in your mind's eye but have yet to experience.

Now is a good time to welcome these energies in by sitting, opening up, and receiving them consciously.”

The Telosians: The New Earth Excerpt”:

“The New Earth is the total transformation of the human being. The New Earth is the transformation of the thoughts, actions, and heart of each human being and this in connection with the energetic and spiritual evolution of the planet Earth on which you live.

You are currently in a whirlwind of transformations of all kinds and, of course, this saddens you, tires you, sometimes puts you in states of depression because you know that something is changing but you do not know what exactly and what it is. will involve in the future of the life of the human being and the Earth.

You currently know that great purifications of the Earth are taking place on its soil: numerous fires, numerous floods almost everywhere on the soil of the Earth.

Jared’s “Great News” Notes from 8/11/2022!!!

Big Note First: Please understand, As Jared stated; in a military operation, everything is fluid, exact timing changes. But Trump, the U.S. Military and the Alliance is ready to make there move here shortly!!! (From Last Week)

Jared Quotes on videos: We have been in the process of eliminating Pure Evil on this planet for years. It will be done!

We are going to switch from a totalitarian government around the world to “We the People”.

Biden was not even President of the illuminati “Corporation” of America. All Presidents from 1871 when the original Constitution of the United States were usurped; are not valid. Either is all laws, rules and regulations since then. Congress’s since 1871 is invalid.

We are “Watching a Massive Fake Movie” to the public, but seems very real, but it is NOT.

Only President Trump was the President of the fake corporation and the new “Republic of America”.

We Do NOT have a working government; we have a military in charge will President Trump as Commander-in-Chief as a government.

All the People that committed treason from the election and in Congress is gone.

Biden is mostly a CGI image. There is an actor too. With a mission impossible mask.

Do you really think that 82-year-old women, called Pelosi is running around in the Far-East (to Taiwan) trying to start a World War? She is CGI image too. (Pelosi has NOT been able to get her adrenochrome, in which, you probably will die if you got off it.)

Many years ago, there were a submarine off of the American coast, (American) that fired 14 nuclear missiles, but did not make it to Iran, the missiles were destroyed in the air, and fail to the sea. Another Deep State attempt to start World War III, this will not be allowed. Now, Starlink has the ability to destroy any missile from 10 feet off the ground to not reach their target, even conventual weapons. The nuclear weapons have been destroyed years ago, for all countries. IT WILL NOT BE ALLOWED!

-) On the R/V, there will over 30 days to exchange, not the 10 days of what is a rumor.

-) No “structured Payouts” over 20 to 100 years, Jared stated that was “Made Up” by somebody”.
 -) Some things that come-out on the R/V, just crazy.
 -) More people have been taken-out or disappeared that is giving out fake information on the R/V.
 -) Only way people will know the R/V, is when ligament vendors “Stop Selling” that currency, like an example the Dinar.
 -) Over 70% of the people now in America are living from paycheck to paycheck.
 -) Anybody that is doing illegal activity with currency, other people’s currency, and create a club to say they can get a higher rate, will be arrested when they exchange.
 -) Only a few people know what is really going on with the R/V.

Michael Jayco with Nick Veniamin Video Notes:

Looks like the same pattern, of the Supreme Court, leaks the information about Roe vs. Wade overturned. **THEY LEAKED THE TRUMP/BIDEN** overturning the 2020 election, Mr. Jayco expects Trump to be back by the end of the month of August 2022.

Gene Decode with Nick Veniamin Video 8/10/2022 Notes:

Hoover Dam—Explosion was not what the fake MSM says; Generator on fire. Big D.U.M.B.S. and tunnels under Hoover Dam, the mighty Alliance is taking out. Very nasty under there, new tunnels going places have been found.

Three Gorges Dam in China is being taken down in the same way.

Timeline—Looks good by the end of year for Earth, many people waking up.

ICCT – Gave lecture on Cold Fusion and it works, they have a working model or unit.

Watch the Water – New meaning, Dams and Lakes being drained to Hollow Earth, to get rid or reveal DUMBS or Tunnels.

Ukraine—This was supposed to be the Headquarters of illuminati, second was Israel. Russian & Putin army taking down all things in the Ukraine that threaten humanity. The biolabs first. There was the turning point a few weeks ago. Now, deep state leader Zelenskyy is placing 15-year-old to 75-year-old Ukraine on the battle field. They are going through a meat grinder with the great Russian. Zelenskyy wants every family in Ukraine to be affected by the Russian's so they will hate them. But it will backfire after the war, for the truth will come out. There were two hardened places for the Ukraine army to go, built by the CIA for decades, that Russian forces with far superior Air Force and missiles. Ukraine army have not many weapons left. Big infrastructure being destroyed. Ukraine Army hit Russian POW camp for the surrendering Ukraine military, some Generals that were telling secrets. That is why Zelenskyy struck the POW camp, to kill Ukrainians. Zelenskyy is using human shields, as Russian Army has been saying, but finally being released by the Press. Putin stopped ALL FUTURE BIOWEAPONS TO BE RELEASED ON THE WORLD CITIZENS, with the takeover to of the evil Biolabs in the Ukraine. Thank you, Putin.

The Good Galactics have interceded now in the take-back Earth for the People, because the Dark Ones violated humans free-will in the take-over of Earth. Good news the Dark Ones, more and more are being taken down.

There is a large stash of Gold under the Alps mountains, the Alliance discovered. This is new, along with the other large stashes of gold in the tunnels.

There were a new DUMB found under the Vatican, that a tunnel that leads to Israel was found too. Looks like the high up Female Draco Queen Reptilian is still on Earth, and is hiding around there. Super-soldiers were used to discover the new tunnels and DUMB's. This is why Israel is last.

The Gold amounts now found on Earth is astronomical. They have found White Gold too, that is monatomic. The number two element found on Earth is silicone, and can be transformed into gold.

People and Children disappear every year, and end up in the tunnels or DUMB's to be used as food for the reptilians or adrenochrome process. Even though, most have been taken over.

Lake Geneva and Cern has been taken over by the Alliance. The Alliance has been running if for 2 years, and sucking out the bad back to their universe or galaxy.

Many ancient Artifacts were found under the Vatican, 35 cargo plane loads full.

Anti-Gravity Cars are being developed.

Underground, near Dulce, New Mexico, there are portals to other worlds. Under control by the Alliance.

Zionist Jews, (Deep State) took over the Jewish people.

Electromagnetism is 10 to the 95th times the power of gravity.

Once, there were only snow above 19,000 feet around the world, it was all tropical. We will go back to that.

Gene Decode with Nino's Corner Video 8/9/2022 Notes:

Blackrock CEO stated the end of Deep State control of Ukraine will be the end of the Deep State and illuminati.

79% of the world jabbed now. 5G with the jab kills people, if you get too close.

Blood coagulation is killing people. Real Serious new.

Holocaust recognition meeting, was really a Bildberger meeting, Klaus Schaub got into a fist fight at the meeting. Pelosi was even met in China or South Korea. See Below. China did not have time for Pelosi who is just a drunk and adrenochrome drinker. The real Pelosi is not alive.

Pelosi visits Taiwan to make DS trouble for China. She said that China is upset with her visit because she is a woman. China starts preparing; very complicated situation as Xi is one factor while the CCP is another and then the decades precarious position of Taiwan; <https://youtu.be/1tG5uL570IQ>

Gazprom told the EU that to solve their upcoming fuel crisis is simple; 'Have Ukraine Kiev government turn back on the Sudsha gas line. As of 1 August, they are still supplying 41.7 million cubic meters of fuel to that one remaining entry transit station. Problem solved!' Elensky cut that off in May to put pressure on the EU to get the sanctions on Russia and to get \$ and weapons. Gas turbine STILL not being delivered for Norstrom pipeline, Portovaya station. Olaf Schultze visits Canada for a photo op with the

Russia has now taken out 6 HIMARS and purchased 1 on the black-market from a 'Ukrainian' office in the Azov at 10% of its value.
There have been 16 sent and they are quickly neutralizing them. Additionally, Donetsk are near collapse.
Critical bridge, Russia creates a ghost bridge protect it as well as other countermeasures; weaknesses in HIMARS and other Ukraine and western defense measures;
<https://youtu.be/V0NlQaSeoM>

Ukraine used HIMARS to hit a POW camp run by Russia where the captured AZOV forces lost over 150 men, 13 Russian soldiers killed. Ukraine says it was Russian attack but they have fragments of the HIMARS missile that hit the camp. The prisoners were giving Russia info. so Ukraine hit them and also to give a warning to current forces what would happen to them if they surrender.

Ukraine to reach a climax.

Illuminati plan is to go “full scale” on the fake “climate change” scenario.

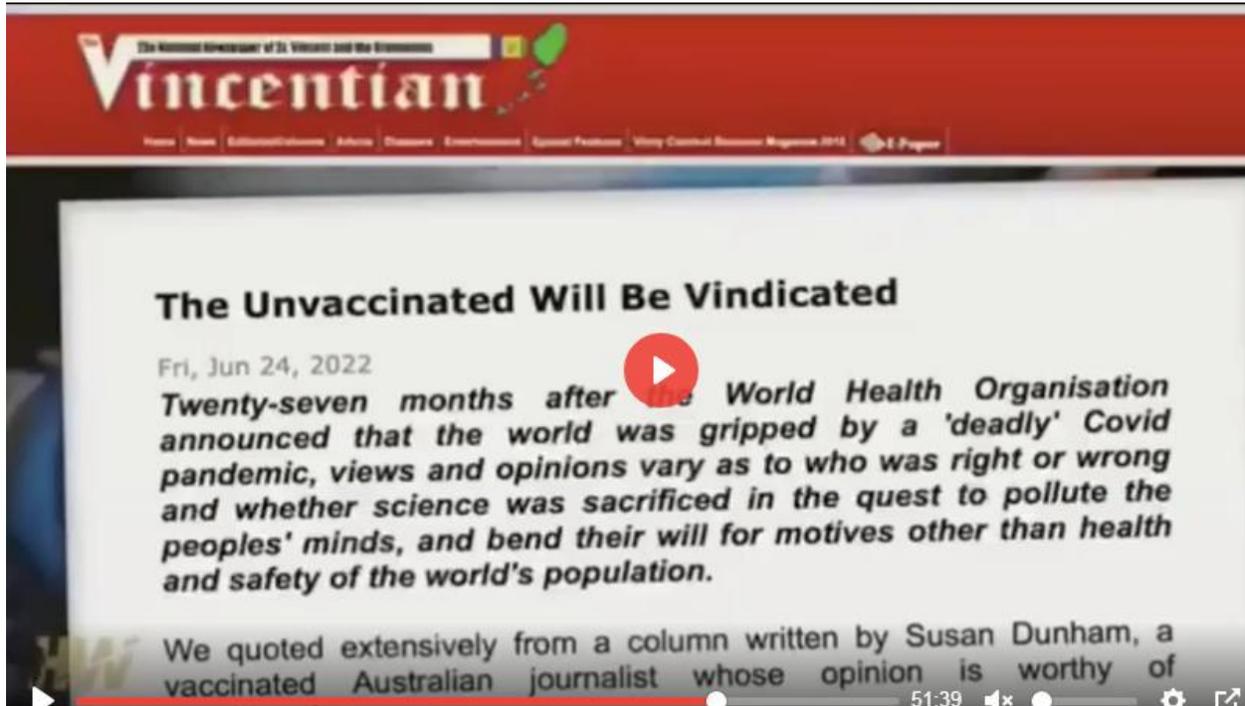

Himars —multi-missile launch systems from given to Ukraine by the U.S. Russia is destroying them.

Russian is breaking Ukraine front lines.

Most public know the current Ukraine leadership are not good for them, they want Russia to be friends with Putin and Russia. Ukraine is split with Eastern Ukraine with Russia, and Western Ukraine, was not part of Ukraine before 1938, and still do not what to be a part of

Ukraine. Looks like after deep State Ukraine is gone, the central part of Ukraine will be its own country, very small, the east will be Russian and the West will be absorbed by countries to the west.

Russian intervened with a long-standing conflict inside Ukraine.

The Stasi, Back in Action...

This has been a day of echoing shock over the mistreatment of President Trump at the hands of the FBI with their raid on Mar a Lago. A siege that has left the inhabitants and visitors locked up tight, unable to leave to resume a normal life. It's 24 hours later and no one can come or go. The Navy Seals and Florida National Guard

are out in force, guarding the Summer White House from any further criminal, Gestapo-like attacks. This entire fiasco is beyond believable.

What if this crisis is the triggering event to launch the military into action? Because it's exactly what we've waited on all this time. After all these years, decades for some, we've learned that this delay in RV GCR had to happen because it wasn't safe for us in Tier 4.

Obviously, it's still not safe. It won't be safe until criminal acts by Nazi/Stasi - Stasi, officials are gone. The Ministerium für Staatsicherheit (German: “Ministry for State Security (https://upload.wikimedia.org/wikipedia/commons/thumb/3/36/Emblem_Stasi.svg/188px-Emblem_Stasi.svg.png)”), secret police agency of the German Democratic Republic (East Germany). The Stasi was one of the most hated and feared institutions of the East German communist government. No one was safe from assault. The People had no protections under the Law because the Stasi was the Law. This is the attack we're facing as evidenced by Mar a Lago, with this attack against President Trump, and it's a do or die moment. If this outrageous act is allowed as something we've got to expect, then we're definitely compromised and no RV is possible. Yesterday, Governor DeSantis brought in the National Guard, and the Navy Seals were already there. It looks like the MILITARY is already involved.

The 2020 Election was rigged and the People had massive votes stolen. It's been 2 years of steep descent into recession and worse, oppression. Military action is beyond past due. Their sworn Oath to

Serve the US Constitution as the protectors of this Land, is desperately at risk.

The Grace of it All

Hold tight, the misinformation is intentional. A sitting president has been assaulted by the FBI, with an early morning visit, shocking this nation and the world. It was done in this shocking way, 100 officers showing up at the door – with CNN in tow; to make their point. What was their point? It was to quell and dismay. It was a show of force and it was unnecessary. It was a gift of twelve boxes of information that shared something important, that will inform the general public, irrefutably. The proof that President Trump was assaulted by the present administration, under order by Affidavit with a local federal magistrate, versus a federal court judge. A magistrate who was already in this administration's back pocket. This low tier, small-time magistrate, tasked with this incredible order, followed through without a qualm. The magistrate judge formerly worked for JEFFREY EPSTEIN. He worked at Epstein Island. He signed off together with the AG - the same AG that DeSantis just fired. These criminals are trying to blame TRUMP for the IRS' weapons and ammunition that was confiscated yesterday by the White Hats. They didn't get all of these weapons. They got about 80%. This is a cat and mouse game.

Where was Governor DeSantis? How is it possible that President Trump wasn't notified? He wasn't home when this occurred, so maybe he was notified. That there were Navy Seals standing guard is clear evidence. And these same patriotic guards remain. The whole

deal was botched from the start. The FBI remains at Mar a Lago and Trump's home remains in lock-down. It was a rush deal, pushed through, without notifying the proper authorities, with an assault on a former president. The proof of a Banana Republic administration is clearly in evidence.

Lots of upheaval, uproar and unhappiness resulted. The January 6 Commission is in the midst of this assault. They're putting all the blame on DJT and these lawless criminals, this "Federal Commission" is operating outside of any laws. Still holding innocent Patriots without release. They were looking for Donald J. Trump, in this escapade too. They were looking for something to arrest him on, taking him to some "undisclosed location" from which he had no escape. God Helps Us All. Trump wasn't there.

All of this is coming to an end. Clearly this was to make sure that Trump never runs for office again. Congress is ignoring We the People in every way. Congress must get in the middle of this criminal act and it must start NOW. The IRS with 86,000 new (ARMED) agents, is coming after everyone possible. Anyone that files a tax return is suspected of "money laundering" and the assaults will escalate. There are now more armed IRS Agents than HOMELAND SECURITY Agents. It's implausible. Under NESARA, GESARA because the IRS is DEFUNCT, a bankrupt organization just like US INC. So, the question must follow. How is it possible that Congress passed this law? How is it possible that We the People allow this criminal act against The People? This will not be continuing.

There is a delay on the bond payouts and it's a good thing. Really is. May not seem like it with all of this hoopla and criminal acts happening, but that there was a delay is excellent. We will know

what this delay is, shortly. These things will all be taken care of. Until it's safe, it's not happening for Tier 4. Period. The criminals are still at large wreaking havoc, as we all can clearly see.

<https://youtu.be/SMFWqh6oHx0>

This Last Act is the Mass Exodus of Congress, as these crooks get run out of office. Hopefully on top of a rail, tarred and feathered, ala "Brother Where Art Thou". (Enjoy the vision...) The political CABAL continues to lie, cheat and steal, and cover their butts, in every real sense of the word. All while the System - the NPTB (new powers that be) stand watch. They know everything and have everything. It's recorded for all time. Of this we can be sure.

Even so, we can't be sure that anything is happening this month. Until Iraq's Parliament is settled, with lawful elections, (according to conversations with government people, as of last Friday), this must be done. Supposedly they're still looking for MALIKI, who should be easily found (but he's missing?). El Sadr and his people are trying to control the factions as the winning party, trying to cajole and correct an impossible mess. Maliki never wanted the CBI to release the rates because he's receiving payola on the backside of every trade. The USD/IQD trading continues as long as there are no new rates. Along with Iraq, there's war festering between Iran and Israel, with missiles flying. All of these countries are a part of Trump's negotiated international trade agreement – THE MIDDLE EAST AGREEMENT, which plans to be the Treaty to end all war. Only made possible once the OPEC/ROTHSCHILD CABAL is finally gone.

The IQD is NOT being traded on the Back-Bank Screen at this time. The holding pattern is locked in place. Nothing is showing, no activity, for bonds (German or Chinese), or the (exotic) currencies we're waiting on. The US Treasury is sitting tight. They are not allowing anything to take place. Although German bonds are supposed to be the first to "go liquid," (meaning trade-able), they have not. The principal (Zurich) trade desk over the bond settlement process, is telling bond holders to "sit tight" and wait for action. So, these patient people sit tight and wait for the "final release" any minute, any day, which better be soon.

We all wait for a "positive trend" and that's all that can be clearly stated. What's happening in the world is not "good" but it's also not "bad" just like Nick's health. He's doing fine. Although just finding balance in this crazy world is a challenge these days. Best thing is to take everything in stride.

More news is (always) on the way.

Bond holders/intermediaries/Tier 1, 2, 3, have not been paid.

Tier 1 and 2 is fighting hard to get Tier 4 out of the picture and they can't do it. It's not happening. They haven't been paid and they're not going to be paid. The only thing the US can do is print money, which they're not supposed to be doing. They're printing the money in Germany and making hay while the sun shines. It's not

happening. They believe they will be getting this back in TAXES and they will not. It's This is the CABAL Last Stand and it's not happening. There is no way out for these criminal actors.

All money paid out of Dubai 1, 2 and 3 has been clawed back. They're not giving anything to anybody. All of this “Gold” is locked up tight while these criminals try their old tricks. It's only leading them to perdition. These are the suits that have corrupted the world to their own ends, lining their pocket on other's tears and loss. Forcing innocents, like cattle, into the chute of “lack” and ultimate death – their plan all along. The Eugenicists, the Pedophiles, Gates, Fauci, Soros, Rothschild, Rockefeller, Morgan, we know their names. Their plan will not succeed.

We the People will SURVIVE AND THRIVE as Free People.

CRIMINAL GOVERNMENTS ARE FALLING AROUND THE WORLD.

THE US MUST PAY ITS DEBT BACK. According to the present Administration, the US has no money to pay anything. It's a well-known fact that the US is bankrupt. Trump started to pay this Agreed upon debt back but when he left office all of the payments stopped. According to the terms of the Agreement between China and US, and 209 Nation States, which Nick is a witness; as part of the Global Currency Reset, unless the debt is paid, which is quite a bit – even if they attempted to pay just the interest – then they could go ahead. The US had to pay its debt from the first two stimulus packages that went out. This isn't presently being managed. The Black Suits, in various 3-letter agencies, in various CABAL-led

positions, are arrogantly ignoring all Agreements to serve their own ends. Such has been the legacy of the US around the world, for the past 40 years, as they destroy other nations, while ignoring their own. “The US never honor any Agreement they enter.” This is the prevailing belief of other leaders to any proposition by any well-meaning middleman, trying to make a case for a new Agreement. It’s not happening until there is an obvious SHIFT.

According to the DOD, China and Taiwan is all the news these days. No more Ukraine in the news. The global power struggle continues, and nothing is being done till this is managed for once and for all and **LAWFUL GOVERNMENTS RULE AROUND THE WORLD**. A fitting theme for today.

Until there is Law and Order, and Humble Honor and Belief in Service to Others, putting the good of Humanity above everything, there won’t be FREEDOM. This Movement is a Quantum Shift presently underway, yet nothing has been made evident in broad sweeps. It is coming. The broad sweep that clears the debris, the fog of doubt, the awful hubris that we’ve lived with for a decade and severely for the past 5 years. Since 2017, when the RV GCR was launched in earnest, we here, in Dinarland are witness to the lies and the corrections that have taken place.

A huge correction is taking place right now in Iraq where the Parliament has been suspended. According to an Iraqi government official, the IMF has stepped in and is “requiring a new, lawful election take place.” That the People of Iraq have suffered for two decades, from the corrupt-dark-hats-takeover, is a crime that must be repaid in GOLD. They didn’t deserve the horrors they have

experienced. That this great nation is still held in the grip of the IMF, is evidenced with this dictate requiring a new, “fair” election take place. Is it possible to have a “fair” election anywhere in this world? This the question all of us witnessing this debacle must ask. All of us must demand fair-dealing as the Standard of Government we employ.

, C K 🌹🌹, [8/5/2022 4:26 PM]

[Forwarded from C K 🌹🌹]

All of us must demand obvious observance of rules with Freedom and Honor held as most important above all. We make this demand known right now!

We have to learn to trust our governments again.

Nothing can happen this week, or while Iraq is unsettled, without a government. Nothing can happen while this world is in turmoil, while the US is being trafficked to line the pockets of Big Pharma and Oligarchs. Nothing can happen anywhere while, We the People all over the world are being held captive without a Lawful Government. This is the End Game and the Game is Afoot.

THERE IS NEVER A GOOD REASON TO GIVE ANYONE THE SERIAL NUMBERS OF YOUR CURRENCY TO ANYONE

Beware of FLIPPERS

A “Flipper” is someone seeking to do a side-by-side closing, taking advantage of coordinated window-times, managing the purchase of your currency/bonds, while selling these same assets as represented Owner. Taking their slice off the top and giving you the crumbs. This is not lawful, because in plain terms, it’s taking advantage of another’s naivete. And, typically, the parties involved are not licensed in dealing with these assets. It’s always handled in clandestine ways, without disclosure or commitments. And never with **TEETH IN THE DEAL** – meaning that with any display of malfeasance and/or lack of delivery the buyer pays dearly.

The latest rumor is around General 64. The “Wells Fargo Group” Genl64 has been closed for years. That it was opened to add names, and addresses, email and phone numbers; is all that was asked. Any group, claiming to be coordinating a collection of names on behalf of Genl64, asking for your serial numbers, is not viable. Wells Fargo doesn’t have access to the Genl64 list. It’s a closed entity managed by US Treasury – as Nick has already explained.

If you do share your serial numbers, you will lose your currency. You will not have any benefit from this action. First, do you even know who these serial numbers are going to? Do you have a solid commitment of any kind? No. What you do have is a push – a window time to act that’s very short, along with a threat of loss. **FEAR PORN**. Any time this scenario is proposed, it’s on behalf of **FLIPPERS**. These are people who have a back-room deal (supposedly), with US Treasury, bringing a “contract rate” to benefit the participants. This is a daisy-chain of brokers with their heavy fees, taking your “project dollars” that benefit only a few.

The only recourse for those who have taken this action is a **CEASE AND DESIST ALL ACTIONS** written/notarized notice. It can be delivered via **EMAIL** or by **USPS**, or **FEDEX**, etc., but get a receipt. This document can be presented at the **Redemption/Exchange Center**, and you will have their security team supporting this collection. Your currency/bonds will be redeemed.

Those who have already put their precious bonds/assets, in the hands of these (unknown) people, have not benefited yet. The rumors flying about payouts happening is not factual. There's no money given that hasn't been clawed back! To have a payout and then lose it is harsh but had to be done. The lessons learned through this time are harsh for all involved but had to be learned. **Better them than all of US!**

Tier 4 is the **Redemption of the World**. We will prevail. We will have our **1,000 Years of Grace**.

Saul: Time and Our Moment of Awakening

Posted on [08/08/2022](#)

All is **NOT** as it seems! **There is much going on in the spiritual realms as humanity moves ever closer to its collective awakening. So, do not be alarmed by the chaos and confusion that is being reported by your media, because all is moving forward most splendidly in preparation for your grand and illustrious awakening. It truly is extremely close!** Many of you are finding that hard to believe, as you have, for a number of

years now, been hearing that same forecast, while at the same time all across the world conflict and confusion appears to be increasing. And, as many have explained, to awaken is to become fully aware that there is only Love – nothing else is necessary – and in that state of Love – your natural, unchangeable, and eternal state – you are told you will be in Joy, interacting creatively and harmoniously with each other, with ALL.

So why, you are asking yourselves – and one another – is there no sign of this most wonderful awakening? Well, as so many from the nonphysical realms have frequently reminded you, time is of the illusion and therefore unreal. And as you have all experienced dreaming when your physical forms have been asleep, you know that in dreams time is very flexible, you can move it forward beyond the present moment, move it back into the past, or remain locked in the present unchanging now moment. So, should we attempt to give you a forecast in time, because the illusion/time drama in which you are engaged always responds to the will of the collective ego, and as the collective intent changes quite regularly but unexpectedly so does the time scale, therefore our forecasts are apt, as you have discovered, to change without notice, seemingly moving further and further into the future. Therefore, we cannot give you dates and times, but we can honestly tell you that the moment of your awakening is very close. SOON!

As you observe the intensifying states of conflict, suffering, divisiveness, and fear throughout humanity it is quite clear that major changes are essential, and your awakening will indeed be an Enormous change, a change that you cannot possibly conceive of with your very limited creative intellectual abilities as humans in form. **You Are in the process of awakening Now! And that process is very close to its most magnificent completion. Trust M/F/G, Love, Source, and allow yourselves to access your deep inner knowing that all is divinely taken care of and that there will be NO disappointments, because the Divine Will is that you enjoy infinite and eternal joy. The Divine Will is the only true will, and it is always achieved . . . now.**

Continue to trust the assurances of M/F/G, and continue to set the intent to be only loving whatever arises. That is why you are incarnate as humans in form at this moment. You all chose to be here – knowing that it would be very difficult and painful at times – because you most passionately wanted to be a part of and greatly assist in humanity’s most wondrous and long sought awakening. You are in form to bring it to fruition, and that is what you are doing. Honor yourselves for the work that only you can do, and forgive yourselves for all unloving thoughts, words, or actions that your egos have persuaded you to engage with, knowing that they were unreal did not occur – **WHAT YOU ARE EXPERIENCING IS A TOTALLY UNREAL DREAM** – and that you are perfect divine creations. Any feelings of being a sinner, not good enough, or unworthy of God’s Love, are utterly invalid ideas with which your egos try to control and direct you. You can – and many of you frequently do – allow yourselves to follow your egos’ guidance. But you are totally free to follow instead the loving guidance of the Holy Spirit Who is always with you and ready to help you instantly to let any egoic impulses just pass you by without your engaging with them. The more frequently you do this the easier it becomes, although, from time to time, the ego will try to regain control, so be mindful, and respond lovingly to whatever arises, instead of allowing yourselves to react egotistically to unexpected and unsought events or situations.

You know that you can choose not to engage egotistically with others or with events or situations, so every time you are tempted, be mindful and choose to stay in your place of inner peace, a place that is always and permanently available. Use it daily, when you awaken from your night’s sleep, and also whenever you have even a brief a moment during the day. Doing this enormously strengthens that intent, and, as I said above, you chose to be here now because you wanted be an essential and irreplaceable member of the human collective during the grand awakening. And truly you are essential and irreplaceable, therefore honor yourselves for this courageous choice that you made, and also ALL others who also have made this choice. You are here to assist one another in the awakening process, and if you were not competent to fulfill this divine task you would not now be in human form. Your presence is vital.

Therefore, despite the confusion, the chaos, the frustration, and the suffering, REJOICE that you are here now, precisely where you are supposed to be. There are NO accidents, there are NO coincidences, you and every human presently in form are precisely where you chose to be before you incarnated, having received the precise guidance that you needed to enable you to follow your chosen paths.

Here in the nonphysical realms we are most honored to be watching over you and proffering immediate assistance whenever you call on us for help or guidance. You are never alone, although it may often seem that you are, because separation never happened, and never can happen. Trust your inner guidance, your inner knowing, because you do know how to differentiate between that and your egos' attempts to distract you into angry emotional outbursts that could lead you into serious and absolutely unnecessary fear-driven conflicts.

You are all beings of peace, distracted by the illusory state of material form with which you have chosen to engage, so remind yourselves frequently "I am a perfect and unchangeable divine Being of Peace and Love." This is an absolutely true statement, accept it, know it, and live it, because that is why you are in this now moment experiencing the intense limitations of life in form. Doing this is awakening humanity.

With so very much love, Saul.

8/8 Entering the Lions Gate, UFOs and the Multidimensional Awakening and Healing of Humanity and the Earth

Posted on [08/07/2022](#)

It seems the Universe is roaring, time to end the denial, heal and release the past, clean up the mis and disinformation and move forward in the upward spiral of ascension. We no longer have the luxury of denial. We all have images of ourselves yet do they correspond with right action? Have they corresponded with right action in the past? Have we been in service to self or service to others? Our vision of who we truly are verses who we believe we are, is going to be shattered. The lack of right action in the past will have its karmic consequences. There is a grand division between the two images, the dysfunctional image and denial is going to be cast off. It can be done gracefully or painfully. If you want to continue in your pain body, it is a house that will fall. If you want to continue in denial and dysfunction that two will be revealed, what is inside will become outside for everyone to see, karma will be accelerated to give the lessons needed to evolve.

We are going to see this on a personal level, throughout the political, business and religious institutions no rock will be left unturned. The science or mechanics behind this are simple. Higher consciousness and energy in, garbage out. The Earth is rising in frequency from its center and from incoming energies. The Sun is extremely active with solar flares and CMEs coronal mass ejections. **With the light comes consciousness and energy. Universal law is within the light, the higher consciousness and energy flooding the galaxy. The Central Sun has activated the network of suns throughout the galaxy. This affects other dimensions, especially the lower 4th where a lot of unseen negative influences reside as well.**

The entire light spectrum is changing. The cosmic, gamma ray and Xray charts are taking a steep rise, the ultraviolet and infrared are also creating new bands. What does this mean? It means change on every level right down to the DNA. Why do you think the dark hearts are trying to change your DNA? To stop the activation and depopulate the awakening masses which once they find out who they are and what they have done will rise and take action. This has already begun.

Whatever changes they make are temporary, your immune system will attack any changes that do not align with the divine blueprint. This leads us to why they are destroying the immune system. For those who are a little slow we are talking about the vax which is not and never was a vaccine. **They are now admitting it does not protect from C19 or the variants. The efficacy of the jabs is next to zero, they compromise your immune system so what is their purpose? Hospitals are filling with 90% of the people fully vaxxed, which includes the spiraling death rate of the fully vaxxed. Do you know who is cruising through the pandemics with their immune systems at over 90 to 97% intact and their original DNA. The unvaxed. Your leaders, critical thinking, research and integrity impaired doctors, nurses, Athletes in prime condition, young men and women having heart attacks, strokes, and blocked arteries. There is a 70 to 90% miscarriage rate, also part of the package. Now they are going after the children who have almost a zero chance of dying. It is time the denial ends.**

Almost every structure of power has been infiltrated by a Satanic/Luciferian death cult. The political institutions, film and music industry, business industry, religious industries all at the highest levels. This includes your medical industry. Harming and killing a child is the greatest gift they can give to Lucifer or Satan. For that they are greatly rewarded with money, power and fame. Hospitals are given up to a hundred thousand dollars to declare a patient to have covid with a test that is unreliable, almost always creating a false positive, then using Remdesivir and a ventilator to take the patient to full term, death.

Hospitals and doctors are for the most part businessmen trained by big pharma. The goal of big pharma is to create dependencies on the drugs, not the cure, bleed your assets and accounts dry then terminate. They are part of the death cult. None of what is happening will make sense until you realize this. They are the war and disease profiteers, and their goal is depopulation. The WEF, CDC, WHO, UN, are all run by the global elite and the CCP Communist Chinese Party. None are friends of America in fact

America and its constitution stands in their way for world domination. Truth, Freedom and your God/Great Spirit/Creator connection are a direct threat to them. Watch the politicians who are taking away your constitutional rights. Right to privacy, freedom of speech, freedom of religion, the right to bear arms all of these are a threat to those who are corrupt, bought off and sold their souls to the Satanic/Luciferian death cult. The Global Elite, NWO, WEF, the WHO and CDC are not humanitarian institutions which is why the unthinkable inhuman depopulation programs are happening.

The green new deal is a trojan horse that will end in abject poverty, starvation, and the death of millions. You are going to see food shortages, power outages in the height of summer and winter, skyrocketing inflation all by design. It has nothing to do with saving the planet. Follow the money. A picture is worth a thousand years. The water levels at Plymouth Rock have not changed. The global temperatures are steady remaining constant and falling since the rise in temps during the Middle Ages. The only thing that changed was eliminating the raw data and replacing it with adjusted data to further their agenda. Why did the Obama's and Gores along with others pushing the global warming oceans rising agendas buy beachfront property? Because they have always known. Ocean rises have been measured in millimeters both up and down. Worst case scenario your ankle might be dry or wet depending on which ocean. There are however other drivers in the weather. There is weather modification, geoengineering or chemtrails, weather warfare all having a serious negative impact due to these technologies being in the wrong hands. An increase in solar flares and the Earth's diminishing magnetic fields have a greater impact on weather. Severe storms and increase in Earthquake and volcanic activity follow solar flares and CMEs, coronal mass ejections. Then there is the fact that our solar system is moving through a highly energized place in space with all the planets undergoing climate change. Humanities impact on CO2 plays an insignificant role, it is hardly measurable. CO2 in our atmosphere consists of .041 %. Humans contribute .06% of the .041%. Do the math .06% of .041%. Compare it to a volcano. Do the research follow

the real science not the political agenda driven science backed up by integrity challenged bought and paid for scientists.

On to a different subject. **What do UFOs have to do with the Satanic/Luciferian death cult? The Earth has been under draconian law for well over 450,000 years. It goes back to Marduk an Annunaki from ancient Lyra who made a pact with reptilians to wage war on his own people for total supremacy.** This and others are the head of the dragon. Most are not ready to hear this. Serpent beings, Reptilians Royal and other sects, Tall Greys as well as other demonic or regenerate ETs have infiltrated Earth humanity, its hierarchical leadership and positions of power over others for a minimum of 450,000 years, it goes back further. These bearded Gods are the origin of many religions, some were benevolent, some were self-serving or malevolent. This is where the polarities of the wrathful jealous genocidal God and the all forgiving loving God originated. Neither were the Omnipresent Creator within all Creation, the origin of all life. The Satanic/Luciferian death cult comes from aligning with the malevolent gods who demanded sacrifice not only child sacrifice but sacrifice through war, famine and disease. There is so much inhumanity on Earth because there are inhuman drivers who care nothing about humanity and Earth. We have to understand this, it is imperative, or we will never know how we got to our present circumstances and have the wisdom to correct the situation.

There are other forces working on behalf of humanity. Ascended Masters, Saints, Sages, Spiritually and Technologically advanced off Worlders, our ancient ancestors and what is referred to as the white hats or ground crew. Many have incarnated from these higher, more advanced civilizations, have experienced the great wars and are now here on Earth as part of the planetary liberation. Those who left before the fall of the first colonies who continued to evolve, the benevolent Annunaki, the Pleiadian colonies of Atlantis and Lemuria are returning. The Andromedans, Arcturian, Orion Council of Light which defeated the Orion Grey and Reptilian alliance. The Pleiadians, Sirians, “felines, cetaceans” and a host of others are now

returning to Earth to put Earth back on course, the original intent. The Great Awakening is a multidimensional temporal event. In other words, there will eventually be a folding of time to get us through.

The original intent was for Earth to be an Eden, a planet where all life could evolve to its highest potential. The Earth is a plethora of human, plant and animal DNA from the stars. The Pleiadians have more genetic stock in the Earth than any other race. If you go to the shamans of almost every culture, the elders all point to the Pleiades as their origin. The Pleiadian colonies were offshoots of ancient Lyra, peaceful Lyrians who fled the great war on their home world. There was also the Earth's or Terra's natural evolution which included a human that was developing naturally then tinkered with, genetically upgraded for both good and bad reasons. This is a short synopsis of Earth's true history which needs to be understood to grasp what is happening now.

What is happening now is the end of tyranny. The end of the dark forces that have plagued humanity for hundreds of thousands of years. The end of self-serving hierarchies out of alignment with Universal Law.

We are about to take a quantum leap in consciousness and evolution. Those that suppress and bind this event will be removed, consumed by their own lust for power and wealth at the expense of humanity and the Earth. They will be removed by their own hand, the karmic consequences, reactions to their actions, which is being amplified and accelerated. Power over others will fall aside to empowering others. The destruction and pollution of Earth will fall away to the restoration and healing of both humanity and the Earth. New technologies will be released that will

provide all of our healing, energy and basic needs. This is very close. Be part of the solution. There are two spirals unfolding the downward spiral which ends in the near future and the upward spiral where those who chose to live a spiritual life in harmony with each other and nature. Which spiral are you on? Be brutally honest with yourself, the intellect can validate almost any behavior, Take it to the heart. Pray, meditate, initiate and ask for help, act according to Universal Law. Universal Peace, Brother/Sisterly Love, Individual Freedom and Prosperity for all is Universal Law. It is the foundation of all God's/ Great Spirit's/Creator's people. It is in the heart, the core of all humanity.

We are all in this together regardless of race, color, gender or religion. WWG1WGA is most appropriate for the all is in the one. The all is the one consciousness that encompasses all consciousness, all life throughout the multiverse, the unified field in which we all exist draw sustenance from and partake of to one degree or the other. The only difference between you and the advanced beings terrestrial and extraterrestrial is the expansion into greater awareness and use of the unified field. There are no divisions in God/Great Spirit/Creator only the illusion of separation. Time to forgive self and others, release and heal the past, get on with the awakening and healing of humanity and the Earth. Remember being a Christ/Buddha/White Eagle/Quan Yin/Mary/Buffalo Calf Woman etc. does not mean being a doormat. It is time to walk away, cannot serve the beast and not go down with it.

Archangel Michael: Send Your Love

Posted on [08/09/2022](#)

I am Archangel Michael with a message for the Angelic Warrior Group. I have a message for the Angelic Warrior Group today and that message is one of peace. **Again, this week we must focus on peace on earth as those who seek war are beating their war drums again. As you may know this is a repeat of World War 2 where the same parties owned and funded both sides of the war.**

They simply are trying to declare war against you, the People, and this is where you must stop them. Do not participate and please send your calming energies to China and to the U.S.'s current government. Please also send your loving energies to Nancy Pelosi, not because she is lovable, for she is not, but because your love weakens her and weakens her resolve to try to continue this charade; they call democracy.

The people are suffering and this path has been chosen by those who are not wise enough yet to see the true reality. With this majority still in compliance around the world, the angelic warriors and all others are on the front lines trying to forge ahead while the back legs are not walking.

The world's population is being stretched out in two camps – diametrically opposed, and this is what the dark ones want for earth – for to continue conflict requires two sides. This is why you all must unify in higher consciousness and what we of the angelic realms have striven to do for so long.

We see a turning point is coming, a point in which there will no longer be doubt and the front legs and the back legs will begin to walk together in unison. The dark ones' full hand will be revealed, including the aces they have held up their sleeves and in doing this the entire world will become aware, wise to the trickery they have been subjected to.

It will be a tense moment for all as the entirety of what you call life will stand in the balance.

It will be a moment where you all will be forced to choose for good or for evil.

This moment is coming.

I beg you to prepare for it.

Know where you stand and stand firm in your conviction.

I am Archangel Michael. I am your teacher, I am your guide, we are Legion.

The Telosians: The New Earth

Posted on [08/06/2022](#)

We greet you dear children of planet Earth. With great love we are happy to have you back. We are going to speak to you on this day of the New Earth which presents itself to you. Of course, you will say: “Since the time our Brothers of Light have been talking to us about it, we haven’t seen much on the horizon”. We smile. Indeed, human beings are always in a hurry to see what they look forward to in life come true.

The New Earth is already well in preparation. Only you are still enveloped by the heavy third dimensional energies that are rapidly dissolving and this is obscuring you the beautiful things that are preparing to settle you in the New Earth.

The New Earth is the total transformation of the human being. The New Earth is the transformation of the thoughts, actions, and heart of each human being and this in connection with the energetic and spiritual evolution of the planet Earth on which you live.

You are currently in a whirlwind of transformations of all kinds and, of course, this saddens you, tires you, sometimes puts you in states of depression because you know that something is changing but you do not know what exactly and what it is. will involve in the future of the life of the human being and the Earth.

You currently know that great purifications of the Earth are taking place on its soil: numerous fires, numerous floods almost everywhere on the soil of the Earth. All this should make you think: why all these current problems and almost all at the same time? Because, quite simply, there are times when the Earth needs this cleansing, there are times when it must be done for her and her humanity. Yes, children of the Earth all these fires, these floods are the purification of your planet and your humanity.

But, will you say: “the fires are criminal for most of them”. Yes, we know it but it was necessary for the purification to take place. Everything has a purpose, you know that, we have often told you that.

Currently humanity enjoys the holidays, it enjoys good moments of relaxation. This is how it is now, but when the New Earth really presents itself to you, all this fun will take a back seat because then life will be totally different, which does not mean that there will not be joy, laughter etc... but everything will be different because there will be a link with the Supreme Universal Energy and everything you will do, say will have a very strong impact with the spiritual.

You can see right now that you are changing. Study yourselves well: don't you need more Nature, more Peace, more honesty, don't you need more and more to hear sincere truths from your rulers? ... etc

Yes, the human being is changing strongly now and it is the beginning of the presence of the New Earth in you and around you. Because the New

Earth is not exterior to you, it is totally within you: you are the New Earth in preparation in the depths of your cells, be happy and happy about that.

The New Earth is therefore primarily a change in you in your perceptions of Life, in the understanding of who you are, etc.... and when you have fully studied, felt and lived this transformation, the Earth and you will be united from the most beautiful way in Love and Pure Light.

For the moment, cleanings are happening through the events you are experiencing: epidemics, climatic problems etc.... but this is necessary so that all the great heaviness's of the third dimension disappear forever so that you finally find who you really are: divine beings.

Dear brothers and sisters of the Earth, do not doubt our presence with you. We know that you need moral and physical support because everything you are going through is very upsetting for your terrestrial vehicles. We are there, we accompany you with all the Love and the Pure Light which are in us.

Have confidence in Life, everything will lighten up and calm down gradually, we are watching over it, but as we have often told you: you have your share of "work" to do, we cannot do everything for you.

Understand who you are, develop the divine being within you in the simplest possible way by loving your planet, respecting your neighbors, loving the animal kingdom, etc.

We accompany you with great love.

The 9D Arcturian Council: The Lions Gate Portal of August 2022

Posted on [08/08/2022](#)

Greetings. We are the Arcturian Council. We are pleased to connect with all of you.

We are very eager to see what you all do with the Lions Gate energies that are already upon you. We want you to know that these energies are doubly powerful because of the energies of transformation that are also upon you throughout the month of August. You are becoming creator beings as you transform into your Source Energy Selves while in physical bodies. This will increase your powers of manifestation greatly, and the energies of the Lions Gate are also there to increase your powers of manifestation and creation.

Therefore, now is the time to be focused on what it is you want for yourselves, for your loved ones, and for all of humankind. It is a time to have faith in yourselves and to trust in your ability to be living in that reality that you have seen in your mind's eye but have yet to experience.

Now is a good time to welcome these energies in by sitting, opening up, and receiving them consciously. And as you do, you will feel yourselves transform into the powerful beings you were always meant to become in this lifetime. This is the lifetime of ascension, and so that adds even more power to these Lions Gate energies. The energies are coming not just from Sirius, but also from the rest of the galaxy, as we are all wanting so very much to see humanity thrive. We want you to know how powerful you are.

And when you are feeling power within yourselves, you also understand that everyone else around you are just as powerful. There doesn't need to be a power struggle. There then becomes no need for a power grab or to play power games. Everyone gets to manifest equally, and that has never been truer than it is right now. So, whenever you receive this transmission, make sure you sit, uncross your legs and arms, place your hands in an open position, so your palms are facing up, breathe more deeply, relax, and focus on receiving.

Focus on receiving not only the energies coming through the Lions Gate portal, but also all energies that are coming to transform you and to show you who you really are. Now is the time to not just know it as a concept, but rather, now is the time to experience it in your bodies, in your lives, in your consciousness. You are so ready to transform, and everything that

comes along now can be seen as another tool being given to you so that you can transform with greater ease and more quickly than you have ever anticipated previously. Let the Lions Gate Energies wash over you and remind you of the powerful beings that you are.

The greatest power in the universe is now and always will be love. So just like everything else, this is ultimately about love and about knowing yourselves as love, as loving beings, as love in action. It is the highest frequency you can create with, and it is all there is anyway. So, it's all you'll ever get, and isn't that wonderful?

We are the Arcturian Council, and we have enjoyed connecting with you.

Galactic Council of Light: Higher Realms of Light

Posted on [08/07/2022](#) by [EraOfLight](#) — [1 Comment](#) ↓

We are here now. We love you.

We are you, from your future, to assist you on your path.

Dear One, know that you are supported on your journey through your Earthly experience by all realms of Light.

When things become too overwhelming for you, remember to reach up to your I AM Presence of God and the Higher Realms of Light.

The Higher Realms of Light include your Galactic Families of Light, The Angelic Realm of Light, The Ascended Master Realm of Light, The Seven Mighty Elohim and the Inner Earth Realms of Light.

It is important to move your attention towards your I AM Presence of God and the Higher Realms of Light, as this is the true reality.

Your outer experiences will never have as much power as God, unless you give these experiences your power.

With every thought, feeling, word and action, you are making a choice of what you are empowering.

That is your Free Will.

When you choose Love with every thought, feeling, word and action, you are connecting with a world of Love.

Simply, ask yourself: “Is this thought, feeling, word or action loving?”

If the answer is no, then you can begin to shift your thought, feeling, word or action ever so slightly towards a more loving one.

Then, repeat this process until the answer is an absolute yes.

If this sounds like a lot of work, consider this:

As long as your thoughts, feelings, words and actions are anything less than love, you are bound to a world that is less than love.

If you wish to reside in a world that is of Love and by that, we mean Divine Love, it takes the mastery of loving thoughts, feelings, words and actions.

This is a process and every moment pose a new opportunity for you to tune yourself to Divine Love and a Divine world.

We are holding the vision of the Divine New Earth with you and from our vantage point it is glorious.

We are with you, every step of the way.

You are loved beyond measure.

We are with you... always. We love you.

We are you. Namaste.

Hakann: Operation to Free Earth

Posted on [08/06/2022](#) by [EraOfLight](#) — [26 Comments ↓](#)

My dearest brothers and sisters,
This is commander Hakann speaking. I greet you in peace and love.

The operation to free Earth is progressing well. We are also pleased with how much humanity is growing. Unfortunately, we cannot give Earthlings direct help until the operation is further along, and I cannot give a date when that will be. While we know the situation on Earth is tough and we sympathize, the operation to free you is progressing well.

There will come a time when your lives will be significantly better, and when we and Earthlings will be able to meet each other in the flesh. Right now, you will barely be able to imagine just how good that time will be.

My very first message was that you can do anything you put your mind to. This is still true.

My message today is that you are already and inherently good enough. Just by existing on this planet, you are carrying a heavier load than most beings in the galaxy carry. In fact, lots of you are bearing a heavier load than I am, even though I am a commander. That's because all my needs are met, and most of you are not in that position.

So today I would encourage you to be kind to yourselves. Yes, you can do anything you put your mind to, especially once you are together with your tribe. Yes, you can move mountains. However, you don't need to do anything to be good enough. You already are good enough.

Just by existing on Earth, you are carrying a heavier burden on Earth than most beings in the galaxy. Can you do more than just existing? Yes, absolutely. You can do anything you put your mind to. And if you take action, we will be right beside you, cheering you on all the way. But you don't need to do more than just exist, in order to earn the label of "being good enough." Every single one of you is already good enough, is already respected and is already deeply loved.

So, to holistically put together these last four messages: humanity is one. Every single human is already and inherently good enough. Just existing on Earth means carrying a heavier burden than most beings in the galaxy are carrying. If you live on Earth, you are automatically good enough because living there is a very heavy burden, one that few beings could carry. You are respected and you are very much loved. If just surviving is all you can do right now, that's enough.

Now, if you have the energy available to take action, that's great. Earthlings are incredibly powerful and incredibly good at moving forward and bouncing back from potential failures. Even if you try something and fail, usually that's a net benefit from you. Action is the cure to feeling stuck. Taking action is often better than not taking action, even if you're not entirely sure which action is best. You really can do anything you put your mind to.

If you're not sure what the best action to take is, a good option is to say or think to your heart: "Heart, what should I do today?" The very first thing you'll hear is the answer from your heart.

Another great idea is coming together with other people, because you are even more powerful if you work together. Plus, it's often more fun. We encourage you to be open-minded to working together with people who have a different worldview, because fundamentally most humans want the same thing. However, that doesn't mean that you should accept people treating you with no respect.

We hope that this message of “you are already good enough” gives you a platform from which you can further heal, take action, rest or do whatever you want.

You are already good enough; you are respected and you are deeply loved. In time, star beings will probably want to learn from you, just how so many of you managed to survive and maintain a good heart, in a world that largely tries to exploit and control you.

You may think we’re wise and kind. Well, we think you are unbelievably strong. From our point of view, it’s unthinkable to live for years in a situation where multiple of our needs regularly aren’t met. We are genuinely very impressed with Earthlings, that so many of you survive and maintain your basic human decency and kindness in a very tough situation. Honestly, I think I could learn a thing or two from you myself.

I leave you now in peace and love. You’re doing great and you are already good enough.

Finally, Tunia and I are open to answering questions about any topic you choose. If you have any questions, feel free to post them as a comment, addressed either to Tunia or me. The channeler will either answer as a comment-reply, or the question and answer will be included in next week’s channeling. That said, there’s a limit to how much energy the channeler has, so he may not be able to answer every question.

Your star brother,
Hakann

Archangel Michael: The Divine Intercourse

Posted on [08/08/2022](#)

I am Archangel Michael and today I will speak about something very important, something that hardly exists on earth today.
I love you very much and as a guardian archangel of Earth I must say:

Sex is a sacred ritual of love; sex can be no other thing.

The act of making love is a divine act, to be highly respected at all times.

An intercourse is not to be taken lightly in any way. And what is it that I try to say?

You humans need to learn anew what it is all about.

Two adults. That both want to have intercourse. That is a start.

A pretty good start.

But then comes – what?

Is it about attraction? Is it about an arrangement? Is it about love?

The attraction is the connection. And both need to feel it. But often it is about the root chakra connection and there is no love at all.

Then it is time to take one step back, and ponder over this mating act.

Do you want to have an intercourse with someone for just a moments fun?

Not even thinking about: Is this the person you want to have a child with?
Is this the man that you want to be the father of your child? Please love

your child – even if you are not pregnant yet. And most of all, love yourself!

Sex with somebody always leaves an energy trail, that you carry for a very long time, like a stamp. Do you want to have this particular person's energy with you at all times?

It is a good question, isn't it?

And then there is the risk of bad health and so on.

So! It is really good to actually think this through – before!

But the act of conception and creating a new life is so sacred and important, the most important act in your life. Do not take this lightly.

And why?

Because you are sacred too! But you waste your energy when you take such serious business like it is a fun game.

How some of you men treat women on this planet is barbaric? Some of you men treat women like they are sex-robots with no soul. And those of you who do this have no soul, it has run away a long time ago.

This way of bad treatment of the holy grails, that women are, is catastrophic.

Because it leaves a negative energy in more than one way.

I say to all women of Earth. Please stand up for yourself and say no!

Stay at home. Never go out alone when it is dark. Walk together with a friend/friends, especially at nighttime.

If a man cannot respect you and treat you really good, say no from the very beginning, don't waste your own precious time.

I am Michael and I am an archangel, and I am working actively on Earth with protection especially for women and children and it is not an easy job. So much evil. So many soulless men using women and also sadly children and it is the biggest of crimes. And all angels cry.

The Women of Earth are little grails, holy grails. And Mother Earth are THE holy grail for she is the uterus and the ovaries of the Universe.

But she too is being raped, and slaughtered and used by evil men, but she cannot say no, for she has no voice, she just has to take it, over and over again, and so far, not enough people say no either.

But you can say no. You have a voice! You can speak up! Speak up for yourself! To protect your own body. You can help a sister too, help her to say no, so she understands that it is not okay, to be used in any way. Tell all the children in school to say no, teach them self-defense.

With all your flaws and imperfections that you might think you have, you still are just as divine and you still are loved, and so, please say no, to any type of “easy going” giving away your body to someone that does not treat you well. Such men do not deserve you.

It is better for you to wait for the right person, the right partner, so you can really make true love, and this lovemaking leaves a very beautiful energy in both colors, patterns and healing all around.

Making true love with a person you love and who loves you back gives you both healing.

And this is what your bodies are made for. Respecting life, respecting yourself. This is the only way as we the angels see and know it.

Women carry life inside their womb and gives birth to babies. From the start in early years it is vital for girls to know and understand how important they indeed are. Lessons in school in saying NO would be important.

God loves women equally to men, but he cries and tears are running down his cheeks for women have been forced through out many thousands of years to carry a very heavy weight, an enormous burden of oppression, from evil men that very early in time planned to conquer women, to silence them.

And when a woman learns to be silent, what happens?

She does not say NO.

And all this oppression for one reason: Women where first on earth. Women rules. Women are so close to her – Mother Earth – and women can more easily understand her, your planet.

So, this was a threat to certain men, for they wanted all the power for themselves, over people, they wanted all people to be subjects, and to get this they needed to suppress the strongest, the women.

The sacred texts that never where printed in the Bible, was all about the women and their power over life and Earth, about the Animal Kingdom and Plant Kingdom and also the planetarium.

All these evangelisms where hidden, but the men read them and learned about the power women have, and they got scared for the competition...

So, they chased and killed those women that could communicate the most with Mother Earth, the witches.

But all the witches are back. For the fire made them stronger!

All the lost (or hidden) evangelisms are once again written and it is unstoppable.

You deserve the divine intercourse and may you have it!

But the responsibility lies on you to say no when the partner is not right for you. It is also a good thing to have patience! Be patient and you shall find a partner with love in the heart

So, I say, you have the right to say no and be happy with your own body and way of life, your sexual force is a sacred ray and you do not need someone else to do it for you, you are your own boss.

I love you,

Michael

Metamorphosis

Greetings Lightworkers & Humanitarians!

We have endured much these many years together; it's been rough at times for sure. However, the trials of our journey through this testing process have not been in vain.

The waiting and repeated disappointments have tempered the steel of our convictions to be strong and yet pliable for the next adventure. We traversed this process with strength and courage and have been assisted by the Higher Realms as well.

We may not have felt worthy at times and many of us still do not. But we were indeed chosen to experience this GREAT SHIFT and we made the decision to participate also. It was not a decision that we made lightly. It was pre-planned and contemplated before we even came back to Earth. We all chose to be here for this grand moment! Many, many other Souls

wished to be here too, but we were specifically chosen after volunteering for this mission.

We do not take this mission lightly. For we have all battled countless lifetimes of hatred and fear to get here now. The experiences we've had along the way were preparing us all for what lies ahead. We will be strong, kind, compassionate and full of love. We will share our gifts with the utmost care and consideration. We are of the Earth and come up from the ranks of those who have experienced lack ourselves. This experience will help us to eradicate lack with a swift motion, a flick of our swords. Soon after, we will then be able to lay down our swords and let them rest.

The time is now that we are to step into our new mission and start our lives from scratch! We have been hiding in our cocoons for years now. Gathering our strength and recreating our bodies, minds, and spirits. It is time for us to break out of our cocoons and breathe new life into the New Earth. We indeed are the meek of the Earth, but we are also mighty. We use our Mighty I Am Presence to connect with our Creator, Mother and Father God; the Company of Heaven, Our Galactic families, Gaia and all her Kingdoms and all other Lightworkers and Starseeds. Together, we can do anything!

Our Soul Sparks are here too, and they give us strength and courage. All the lives and times we have experienced are here now, connected to us. We claim our wisdom and talents from all the lives we have lived. Past, present and future time doesn't exist. We are all connected in the NOW. **NOW is the time for us to manifest this New Earth!!** Together. Let's bust out of our cocoons and spread our wings. Allow them to drip dry and then take off together. Shall we? Will you join me?

You are my brothers and sisters, and I am honored to be here, standing tall with all of you!! When I look out over our gorgeous home of Gaia, I see your lights shining brightly. Yes, we have been keeping them dim as we struggled through these changes. But now, let's step out and blast our love and light for everyone to see.

We will gather together in the future, make no mistake! There will be grand events worldwide where we can share love, hugs and talk about our projects. We will discuss what we are creating in the New Earth. And in so sharing, we will continue to inspire others to listen to their hearts. Then, we will bless them with our gifts and nurture their creative spirits so they may bless others.

Our metamorphosis is now complete! It's time for our new lives to begin. Are you ready? Don't worry, we're in this together and we are supported and loved more than we can comprehend. I'm honored to be here with you, dear brothers, and sisters of the light! Namaste!

With Love & Light,
Dancing Dolphin Diana
