Jared Rand 10/26/2022 Conference Call Excerpts:

Very Possible order of Major Happenings or the “Great Shift” Truth is revealed on the Ground on Planet Earth (We think Soon);

-) Supreme Court Public Announcement of the 2020 was Fraudulent, and therefore invalid. (In Secret, the Supreme Court has already ruled and the Fake Biden Administration and the invalid Congress has no Power, they have been taken down. (kicked out) You are watching a Movie.

-) NESARA (America only) is publicly Announced and therefore goes into as “The law of the Land” that was already past in Congress and Signed by the President decades ago. America will lead the world, and GESARA (internationally) is invoked and goes across the planet in all countries. All debts will be paid. This will raise the vibration of the People around the world. We the People will

receive “restitution” of all the money stolen by the illuminati for generations.

-) Gold Standard publicly Announced in America. Many countries have already Announced their Gold backed currency like Russia, and China. Over 120 countries have joined the BRIC nations to get away from the Fiat Petro-Dollar.

-) President Trump finishes his four-year term, and we will have corrupt-free elections in 2024 with the “Quantum Voting System installed in the Satellite “Starlink” system. We will reduce our government by 90%. 45 million people working for the government of 360 million is a total waste. We will use the “Q” (Quantum) phone and “Q” computers to do this. He never lost the Presidency; it was just the Deep State machine or shadow government that threatened to set off nuclear dirty-bombs if Biden was not inaugurated on 1/20/2021.

-) America has no real government, just Military Law, and Military operations in the background. Most people are watching a “Movie” that is the “White Hat” designed to keep the worldwide death rate low as possible and to “Wake-Up the sleeping public that is not aware of what is going on. President Trump is directing the military and helping in the “White Hats” and “Alliance” worldwide take-down of the cabal or illuminati.

-) The R/V GCR will happen after NESARA/GESARA to balance the currencies and the “international financial playing field” that the illuminati have injustice devalued many countries’ currencies worldwide for their own profit for decades if not centuries. Humanitarians will be activated worldwide to “change this planet forever” to a Divine High Technology Star in the Galaxy.

Note # 1: We just do not know the exact timing of these actions. But we do KNOW, that the TRUTH has to be released to the public by the military and under NESARA/GESARA laws.

Note # 2: Please, do not get sucked into the “Current Fake Movie” that the Fake MSM and many sources out there that is rolling like a “B” movie we have all seen. Like, we are going to have nuclear war, WILL NOT HAPPEN. Or any major war except taking down illuminati strong-hold like Ukraine. This is about to be over. Also, President Xi taking or invading Taiwan, another corrupt system and strong-hold for the illuminati dirty and corrupt actions. Like the fake movie, examples are; the 87,000 IRS agents being trained with guns to go to people homes, or Diesel fuel to run out in 24 days or so; IT IS NOT TRUE!!! Good People, the White Hats, the Good Military and the Alliance is in TOTAL CONTROL, and the outcome is assured; “We the People have Won this “Greatest (Secret) War on Planet Earth” with the help of many groups and people, give them great gratitude and thanks, for they have really earned it. Many have died in the war we do not know, please pray and give thanks!!!

Note # 3: Many governments have stepped down or ask to step down. This has happened in Russia and Japan. Soon in China the CCP will be ask to step down. Many old leaders have been arrested.

-) Also, “We the People” will need to take responsibility for “All Situations on Earth” meaning not electing Politicians, obeying the churches and then blaming them for what went wrong or what is wrong. We will be in a higher-vibrations to take responsibility, and have NO: politicians, no Priest, no ministers, and no big organizations tell us how to live and what to do. We will “Go Within” and do as Jesus says “God in within you and all around you”. We need NO “External Authority”. We will take responsibility to obey God’s laws and laws on Earth and the cosmos. There is nothing between you and God (or Prime Source Creator) to know the Light and the Divine.

Gene Decode Situation Update Continued 10/19/2022:

Now, numbering over 120 countries joining the BRIC’s to take away the Cabal controlled Europe, Ukraine, Taiwan and

America. This is to go to an asset or Gold back currency for these countries. This will corner the Western Cabal control that is being “crushed with high inflation, not asset backed fake Petro-dollar reserve currency”. **AND END THE CABAL CONTROLLED WORLD!!** They are doing in economically secret in the background with Chip manufacturing, Natural Gas control, and gasoline price control. It will not be long when Saudi Arabia goes over to the BRIC’s. The action China and Russia is doing; making deals in the background as example with Afghanistan; Russia and China will help rebuild their country, and with NATO and the Cabal controlled American Military years ago (not now), these countries are as poor as dirt without the drug trade, so they are making the deal with Russia and China, and joining the “economic strong” countries that does not have “the overall abuse of poor countries in recent past history”. They are truly looking to the future. They will lead to change the world as we know it, and the Western countries Cabal old governments are exposed for what they are: just criminals!! **You can see the Alliances strategy very easily now: Take control of Ukraine and all the crimes against humanity there; human trafficking, money laundering, internet crimes, underground DUMB’s and tunnels, of crimes against humanity.**

Russia control the Natural Gas to Europe to where many countries “buckle” under the citizens pressure, to leave the EU and NATO, like Turkey, Poland, and finally Germany, because of NO LNG (Natural Gas) to do run their businesses, it will crush the economy and turn “The People” against the illuminati controlled governments, even across Europe.

Alliance leader President Xi (Good Guy, Alliance), will take Taiwan to rid this center for illuminati crimes in Asia. Same as Ukraine, Bio-Labs, human trafficking and money laundering. This will take control of the world leader in “IC or Chip” manufacturer leader into the hands of the Gold backed or Precious

Metals back currency of the BRIC's countries. This control of the chip manufacturing will lead to even more countries go to join the BRIC nations, for they are going to control the economies of the world and not the Cabal run countries.

Here is “on the ground intelligence from Ukraine journalists” during this war “The Deep State Ukraine Forces led by Zelensky” that whole families were killed if they supported Russia troops or “spoke” Russian. You can see why many eastern Ukraine states annexed by majority vote very easily to defect from Ukraine. These four states have about 279,000 Russian troops there to protect the people and the region. Russia is winning and going to take down this deep state Ukraine government. And it will not be long.

Ted Mahr Scalar Wave Healing: Conference call with Tom Paladino: ScalarLight.com. 10/17/2022

Scalar light waves are God's energy-light waves. These waves can kill or destroys; bacteria, germs and fungus. Tom can use just a picture of the client to cure many ailments, even if you live in another area of the world. It has cured AIDS/HIV, Tuberculosis and many other infections people have. Ted Mahr says around 10/19/2022 to 10/22/2022 Earth is moving from the Hertz (Hertzian) frequency in the background to Scalar Light Waves. Healing waves that may heal many people who took the vaccines.

When a negative person who does not believe in God, they are in the Hertz (Hertzian) frequency, in the acid mode in the body. Scalar Wave person who allows God in trust and know he/she will bring your life positive, and heal the body (alkaline body), Ascension is transforming to scalar frequencies. Dr. Michelle Peal says this 9/17/2022. The Ascended people will not get sick with accepting Scalar waves and the higher vibration.

The Angels say Greatest gift to humanity is forgetfulness. Forward in Joy and Happiness. We do not want to remember most of the awful past of the Cabal.

Ted Mahr –Everyone will have telepathic abilities on Earth within about two years. We will be able to communicate without speech, directly to the mind. No need for language translations.

Ted Mahr other conference call notes:

Big change here in later October especially 10/22/2022, Big Shift in Frequencies.

The Reptilians and other Cabal players will not be able to take the higher vibration; they will be gone in a month.

95% of the information in fake MSM, history, education and overall knowledge is a lie!! Many “Truthers” and many books in the last 10 years are telling the truth, but not mainstream yet.

Ted says 10% of the population of America has died from the vaccines. Ted expects another 10% next year too. We did have 368 million population to 333 million about. (note: we did not know how many are the Executed Deep State Players.) Note: Jared Rand stated we are losing 100 thousand people a day worldwide.

From the embalmers; 93% of the bodies coming in to Funeral Homes in America have blood clots.

There has been a 40% increase in under 64 years old people, year over year, on the same month. This is from Funeral Homes too. The real statistic.

Ted Mahr expects the Med-Beds to be starting to be used on the surface by next month.

Mira of the Pleiades: Receiving Higher Energies Excerpt:

“Your planet recently started to receive very high energies, which were never send before in the Milky Galaxy. These vibrations are going to help more humans to wake up and open themselves to the truth. I am looking forward to seeing a bigger number of humans to be ready to the next step of their evolution.

Evil has been interfering with the transformation process like making a different sort of the negative events to disturb and distract from the process of Ascension. Unfortunately for them, they are not capable to exist in high vibrations. These new vibrations are very toxic to them, so their plans keep falling apart. Divine is destroying the outcomes of preplanned agendas to harm humankind.”

The Arcturians: Time to Celebrate Visible Success Excerpt:

“Level of self-empowerment

Now we come to the level of the self-empowerment of the people, to the level on which the people strip off their victim status and reveal themselves as active creator beings. This fact changes everything!

The awakening has begun with certain people a long time ago and only now this can have an effect on this time line – it becomes visible for all eyes and in front of all eyes.

The old unsustainable system, the old undesirable circumstances and the old life of lack are history.”

Value or a Price?

“It’s time for revelations. Nothing else will be hidden, not before the eyes nor from the consciences. We are in the last stage of the Transition, exactly the one before the bigger Event, the one that will break the wires that still connect us to the Third Dimension World.

Every System known to mankind will undergo a reset so that the New Systems reboots can be activated. The show of soul incarnate is grand right now. Even if human consciousness cannot yet grasp the

grandeur of such events, the soul in its highest version glimpses clearly what is to come.”

“A man of value has acquired the riches of heaven. Already he who determined a price for each act or action, has conquered the goods that will cease to exist, because they are ephemeral. You’re welcome now. On the contrary, that which came at a price will have to be redeemed, since all debts must be paid.

Many would rather sell themselves out for worldly gain. These are priced. Others prefer to build a life based on the smoothness of each act, always respecting everything and everyone, living their days in their most perfect awareness of ethics and responsibility. These are humans who have value.”

The Arcturians: Time to Celebrate Visible Success

We are with you!

We are with you, we are with you, we are in the midst of you, we – THE ARCTURIANS.

For a long time, we have been among the people as star-born and many of us have entered the life with a solid body. They have chosen this so that they can assist you in this crucial struggle. **What is decided now is the ascension of a galaxy – and for this it needs the united forces of light and the whole power of heaven and earth.**

Also, from the subtle planes we are ready and at your service.

We are the ACRTURIANS!

Beloved people of this earth!

We have already done a good part of our work and the best part of our work is now ahead of us.

It is the time when we begin to celebrate visible successes and when our intentions have an effect. Healings of unimaginable magnitude are given, because this earth is embedded in the breath of God and it is guarded by the ONE who is ALL.

The upheaval is carried by us, the great brotherhood of light and is determined by us. Another view on this time event is pure illusion.

Level of self-empowerment

Now we come to the level of the self-empowerment of the people, to the level on which the people strip off their victim status and reveal themselves as active creator beings. This fact changes everything!

The awakening has begun with certain people a long time ago and only now this can have an effect on this time line – it becomes visible for all eyes and in front of all eyes.

The old unsustainable system, the old undesirable circumstances and the old life of lack are history.

This is exactly why the remaining forces of darkness are trying everything to hide this change from you, to cut you off from your own power and keep you away from your true power and strength.

Everything is being done to delay the collective awakening of humanity, just so that these forces do not have to confront reality – and the reality is: the game is up!

Trainings and instructions

Many people are currently being instructed and inspired to establish the NEW HUMANITY based on divine principles. Training on the subtle

level is taking place and this is now having a direct effect on the way people live together.

Ideas are conceived and new possibilities – to repair the damage done to nature, environment and people – are born. New or long-created inventions are coming to light – so the planet and humanity are finding healing.

Long, very long have you waited for this moment. Long, very long we had to hold back and had to remain in the observer role. Because for the great change it is necessary to be ready and this had to be waited for: Now you are and we are with you! Now the upliftment of this galaxy is underway and it has begun on this earth.

Even if it sometimes seems otherwise: All evil dissolves in the light of God.

The earth is now rising and people are healing in all their limbs.

Eternally joined by love, eternally fed by it, we are – the people and the Arcturians.

ARCTURUS THE ARCTURIANS.

Mira of the Pleiades: Receiving Higher Energies

Greetings,

I am Mira, the Pleiadian High Council, and I am happy to connect to everyone through Universal Channel.

Your planet recently started to receive very high energies, which were never send before in the Milky Galaxy. These vibrations are going to help more humans to wake up and open themselves to the truth. I

am looking forward to seeing a bigger number of humans to be ready to the next step of their evolution.

Evil has been interfering with the transformation process like making a different sort of the negative events to disturb and distract from the process of Ascension. Unfortunately for them, they are not capable to exist in high vibrations. These new vibrations are very toxic to them, so their plans keep falling apart. Divine is destroying the outcomes of preplanned agendas to harm humankind.

The system, which was made millions of years ago, right now is on verge of collapse. They can't anymore patch the broken Matrix. Evil is realizing that their ruling is coming to the end, and many of them are leaving your planet in despair.

I want to specify the importance of stopping the consumption of meat. Your bodies were not designed to digest a living flesh. In order to ascend the human body needs to switch foods to more healthy ones without any meat. The bodies need to transform from flesh into Light ones. Please, include the meditations into daily schedule as essential part of your day.

I receive daily briefings about the situation on Mother Earth. My team is ready to land on New Earth as soon as transformation occurs. We will introduce peaceful technologies to humankind to help to advance as Galactic Civilization. Thank you, Universal Channel. Please, embrace my Love.

We are Always Together Despite the Distance.

Mira.

Say yes to it all. *Say yes to the miracles, yes to the magic, yes to the true creation, yes to the divine synchronicities, yes to the instant manifestation, yes to it all.* And **when you see something beautiful, remember your energy created it.** When the most beautiful bird soars above you in the sky, seeing the sunshine reflecting off its wings, when you see it gazing across the horizon from its incredible viewpoint, your energy created it or you wouldn't see it.
- When you see, oh, the tallest, most beautiful tree, rooted so deeply in the ground beneath you, and you lean upon it, and you feel its strength, knowing how deeply it is connected into the Earth as it grows towards the sky, remember that *it is your energy that created it, because it is.* When you find the most delicious meal and you put it

on a plate before you and you look down so satiated to be enjoying this delicious meal, *it is your energy that created it.* **Your energy created this all, your entire life, your entire reality, your entire being, and everything you experience,** which means you can create anything, any experience you choose, because it's your energy that creates it all and it's all your energy and it's all here for you and you are worthy of it all. How could you not be? *The very proof that you are worthy is that you are here.*

You can create anything,
any experience you
choose, because it's your
energy that creates it all
and it's all your energy and
it's all here for you and
you are worthy of it all.

- **Play in the infinite possibilities that are here for you and ground all of that through your being, through your body into this now moment more present, more grounded, clearer than ever before.** You're going to feel all of the energy that is you, all of the energy that is summoned by you. You're going to feel it flowing into you, flowing through you, flowing into your reality, flowing through these potentials and possibilities, flowing like the most powerful

waterfall, flowing, rushing into you, into your life, into your experience, into your reality, into your creations, into your manifestations, into *all* that is you.

- Allow the powerful energy that is you to flow through you into this now, into every now. *Let anything, anything and everything be reminding you of how powerful you are because it's all your energy.* A powerful hurricane? That's just a reflection of how powerful you are. Do not give your power to something outside of you. It's showing you how powerful you are. And you want to summon and focus all of that power for joy and love and freedom and beauty and abundance and wellbeing and fun and creativity and inspiration. **Let the powerful energy that is you flow through your entire experience** like a rushing waterfall, flowing into your reality, more love, more joy, more peace, more harmony, more abundance, more wellbeing, more creativity, more inspiration, more excitement, more fun in every moment.
 - The threat of a nuclear weapon, nuclear. You're more powerful than a nuclear weapon. It's just reflecting to you how powerful you are. Be not afraid of anything. *Do not give your power to anything. Do not entangle.* Do not entangle in conspiracies. Do not give your power to anything outside of you. That is how powerful you are. **A powerful burst of love exploding all over this beautiful planet, that's how powerful you are. That's the power you have. That's the power that is you.** And it is your energy that creates it all, and it's all your energy.
 - Play in the infinite possibilities. Unleash the magic of the entire universe within you, all around you, and allow yourself into the New Earth that is here for you now. It's here for you now. **Paradise, the New Earth, it's here for you now.** *Play in the infinite possibilities and let divinely perfect orchestration deliver it to you in the most divine right perfect moment that leaves nothing out.*

Value or a Price?

Beloved!

It's time for revelations. Nothing else will be hidden, not before the eyes nor from the consciences. We are in the last stage of the Transition, exactly the one before the bigger Event, the one that will break the wires that still connect us to the Third Dimension World.

Every System known to mankind will undergo a reset so that the New Systems reboots can be activated. The show of soul incarnate is grand right now. Even if human consciousness cannot yet grasp the grandeur of such events, the soul in its highest version glimpses clearly what is to come.

With each passing day, more and more consciences before wrapped in the veils of oblivion, begin to expand their understanding, allowing each incarnate to have the opportunity to awaken from the long dark night of illusion.

What you didn't understand a year ago, now seems so familiar! Issues that you never cared about, now start to make sense. What seemed like fiction before, now appears to be in fact an acceptable reality. And everything that seemed real, begins to look illusive.

Yes, you are waking up! The high frequency energy reaching the Earth now causes such opportunities. All those awake will now have a convenient time to open their eyes once and for all. There will be no more illusions for this parcel of humanity. We've said so many times that the Planetary Transition is in its final moments. At least 1/3 of the incarnations will be able to ascension in this current incarnation.

Also remembering that this is the last chance, since there will be no other incarnation in duality here on Planet Earth.

Enough time for every soul to prepare. Hundreds and even more than a thousand previous incarnations, most incarnations have already had. No one can ever say that they haven't had time to learn what duality means. All have experienced the possible and imaginary polarities offered by this School of Souls.

Time is running out quickly now! What took Centuries before, may now take only a few months. Urgent time for all of us! Wake up! Don't sleep now! Vide the text of last week, October 12, 2022 Time is moving forward, and many won't realize that time is running out too. The Portals of ascension are now open You have to go through them in order to get to the New Land. When the gong sounds, they will close for the retards, and nothing else can be done for their benefit.

There were no shortage of messages and no messengers bringing the Good News. There was no shortage of opportunities to redeem themselves from bad deeds. There have been no shortage of signs coming from all sides and from Alto. But it has always been said you have to have ears to hear and eyes to see. Understanding each one's purpose of being here on earth incarnate. Everyone has been warned! Strongly warned!

The separation of wheat and wheat is now finished NOW EVERYONE WILL KNOW THE DIFFERENCE BETWEEN VALUE AND PRICE. Value and price are very different things. Many incarnate have given more importance to ethical and moral values, and to the qualities gained through hard trials. While others marketed through the price of each act or action.

A man of value has acquired the riches of heaven. Already he who determined a price for each act or action, has conquered the goods that will cease to exist, because they are ephemeral. You're welcome now. On the contrary, that which came at a price will have to be redeemed, since all debts must be paid.

Many would rather sell themselves out for worldly gain. These are priced. Others prefer to build a life based on the smoothness of each act, always respecting everything and everyone, living their days in their most perfect awareness of ethics and responsibility. These are humans who have value.

The value can serve as barter currency when going through the Portals of Ascension. Already the price is the quota to be paid before crossing the Portals. So now you begin to better understand such differences. The price is the amount to be paid, and there is no other possibility. Value is what is really worth, and there is no money in the world that can pay for that.

Many incarnate allow themselves to be bought, and for that they set a price. They spend such resources amassed on mundane things, because what you earn easily, easily is also consumed. Like commodities, they are traded. Remembering here the parable of the Temple Merchants These will not inherit the Kingdom of Heaven, that is, they will not pass through the ascension that will lead to the New Earth.

Already those who honored moral values have gained the merit of inheriting the New Earth. And it is so priceless! There is nothing in the world that can buy you such a precious good of value. “Do not build up fortunes on earth to the detriment of the riches of heaven.” This message sums it up by itself, all that is written in today’s text.

Many allow themselves to be sold by any query. In this time of elections, we see how some people are still valued. Interests are sold or bought by those without value. Merchant your soul in Holy Temple They serve the interests of the few at the detriment of many. Have you ever calculated how many are sold for R\$ 100,00? It’s those who don’t value themselves. They’re selling out for so little! Even those that sell themselves for millions. Little do they know that it will be the price they will have to pay, multiplied by all the harm they have caused to other people, for the redemption will require the summed price of all the suffering caused through such a greedy gesture.

- Maybe it's time for everyone to evaluate their moment. Are you valuable or just priceless?
- I am Vital Frosi and my mission is enlightenment!
