"You are a being of divine light/love. You are eternally, directly connected to Source Creator always. You are worthy of all the magnificent things the Universe has to offer. The dark ones have told you the opposite of the above, simply because they want to control you." ~Kejraj

Jared's Conference Call 7/5/2023" How About This" Notes.

-) The current banking system cannot hold on for much longer. They do not have liquidity and really are just bankrupt! This includes all the illuminati Central Banking System, the BIS (Bank of International Settlements), World Bank etc. Jared, says they cannot last, the QFS will need to be kicked on, and is ready. There are rumors that they are buying up gold and silver, and it is just NOT true. They do NOT have the money.

-) The illuminati created this central banking system, just to steal and take "The People's Money" They could steal the money anytime they wanted.

-) With Nixon going off the “Gold Standard”, the crooks could print endless amount of money. So, they could rob more and create “inflation” to make “The People” poorer. Inflation is caused by fiat money.

-) Blackrock and other very corrupt corporations are bankrupt too; do NOT believe they have trillions of dollars and they state they are doing this or that. It is just NOT true.

-) The CBDC (Central Bank Digital Coin) is what the illuminati wants to implement to “Enslave Humanity” and control everything we want to buy or can buy. This will NOT happen, the QFS (Quantum Financial System) of the good side will be implemented. Currently, 86 countries are “looking at the CBDC” but almost all 209 sovereign countries have agreed to be a part of the QFS system, a very fair and for “The People” system. It will be NON-centralized, control.

-) Many countries and states have already past legislation to NOT have the CBDC system.

-) This looks bad on MSM and social media, that it will be implemented, but it is just a “SIDE SHOW” as the White Hats try to wake up more people.

-) The Main Event is to implement the QFS and start the New Earth and true Freedom on this planet.

-) Special Forces have been deployed in projected “Hot Spots” once the EBS is started.

Matthew Ward Message: Relating to Earth’s Situation, Lightworkers, and Future Excerpts:

“Persons who were responsive to the light and the information began to awaken. Now their vast numbers are increasing by the day

and Earth is orbiting in fourth density on her way to fifth with speed that is unprecedented in this universe.”

Help from the Galactics with Technology:

“Significant efforts have started in some areas, others are in planning stages, and throughout those years we and other universal family will work alongside you. Some will introduce their technology and help you implement your own, which dark ones have suppressed from beneficial use and misused themselves.

You will harness free energy; dematerialize radioactive waste; rid the oceans and rivers of pollution and debris; cleanse your soil of toxicity; rebuild war-torn areas; turn deserts into arable lands; and revolutionize economic, legal/justice, and governing systems, healthcare, farming, education, construction, communication and transportation.”

Our Bodies will Transform:

“As bodies’ cellular structure transforms into crystalline, Earth civilization’s ten dormant DNA strands will begin activating one by one until all are functioning. The people will understand they are multidimensional eternal souls experiencing another lifetime in a physical world, that animals and plants are souls, too, and every life is connected with all others and with the Supreme Being of this universe. Eradication of dis-ease will result in longer, healthier, happier lives, and access to innate abilities such as telepathic communication, astral travel and manifestation by focused thought will immeasurably enrich life.”

The Completed Timeline is Short:

“My people conservatively estimate that reconciliation, cleansing and reconstruction will be completed in less than two

generations, 35 to 40 of your years, and many aspects will be accomplished much sooner.”

Galactic Special Forces have already helped Humanity:

“Let us add that it is members of the special forces who reduced the toxicity in “vaccines” and erased the programming in the chips as well as preventing detonation of missiles’ nuclear warheads and causing other weapons to malfunction.”

July 2023: Great Advancement in Frequency Increase

In ancient times on July 22nd the Egyptian New Year would be celebrated with the rising of the Nile with Isis at the top of that Egyptian birthday cake. Atlantean New Year comes next celebrating who we were in that very unique time of light. Then we dress for the Mayan ‘day out of time’ which is July 25th. Then Mayan New Year is on July 26th in all of its magnificence. This time of year, we enter one Initiation after another, step by step cell by cell and light by light. The next step forward thru this passageway is the rising of the star Sirius before the sun, once again initiating an advanced point of solar light. The solar light is the sum total of all consciousness that exists thru all dimensions it holds within it the light of all souls, all planets all livingness in our universe. It is a light of higher will, universal love and creative intelligence.

Matthew Ward Message: Relating to Earth’s Situation, Lightworkers, and Future

Posted on [07/04/2023](#)

With loving greetings from all souls at this station, this is Matthew. It is our privilege and great pleasure to welcome back Arnold, the soul who shared his knowledge in two prior messages.

ARNOLD: Thank you, Matthew. For nigh onto a century my people have been helping Gaia and her residents by sending light to Earth. Other civilizations, including those who live in Inner Earth cities, have been doing the same, and many millions of volunteers have incarnated on the planet to add their light. These gifts of light, the same energy as love, enabled Earth to rise out of third density depths and embark upon a steady ascension pathway.

Her people saw turmoil growing, but they had no idea that a massive infusion of light was exposing long-hidden darkness and a battle between the light and the dark forces was well underway. To enlighten the populace, off-planet messengers telepathically transmitted information to their respective receivers, who accepted the mission to publicize it. **Persons who were responsive to the light and the information began to awaken. Now their vast numbers are increasing by the day and Earth is orbiting in fourth density on her way to fifth with speed that is unprecedented in this universe.**

When this eons-old plague of darkness runs out its energy course, and this is happening rapidly, the evil it has caused and will leave in its wake must be remedied so the planet and all its inhabitants can heal from cultural, racial and religious prejudice; economic polarization; political and corporate corruption; cruelty to animals; ignorance of truths and information control; cities and towns in ruins; homelessness and impoverishment; contaminated soil, air and waters.

And indeed, every one of those conditions will be remedied! Some of you are thinking it could be a century or more before the ravaged environment can be restored to health and people around the world live peacefully, cooperatively and prosperously within the richness of their diversity and in harmony with Nature. Dear ones, please think instead that the light will keep intensifying and raising vibrations and souls who are spiritually and consciously advanced will be incarnating in great numbers.

My people conservatively estimate that reconciliation, cleansing and reconstruction will be completed in less than two generations, 35 to 40 of your years, and many aspects will be accomplished much sooner. Significant efforts have started in some areas, others are in planning stages, and throughout those years we and other universal family will work alongside you. Some will introduce their technology and help you implement your own, which dark ones have suppressed from beneficial use and misused themselves.

You will harness free energy; dematerialize radioactive waste; rid the oceans and rivers of pollution and debris; cleanse your soil of toxicity; rebuild war-torn areas; turn deserts into arable lands; and revolutionize economic, legal/justice, and governing systems, healthcare, farming, education, construction, communication and transportation.

As bodies' cellular structure transforms into crystalline, Earth civilization's ten dormant DNA strands will begin activating one by one until all are functioning. The people will understand they are multidimensional eternal souls experiencing another lifetime in a physical world, that animals and plants are souls, too, and every life is connected with all others and with the Supreme Being of this universe. Eradication of dis-ease will result in longer, healthier, happier lives, and access to innate abilities such as telepathic communication, astral travel and manifestation by focused thought will immeasurably enrich life.

The disinformation that permeates your world will have been long since replaced by truths and all information in media and textbooks will be accurate. Fear, which is so prevalent today, will have been long since replaced by contentment, curiosity, excitement and adventuresome spirit. You will enjoy what now seems to be the stuff of science fiction, such as traveling to other worlds and greeting universal family who come from other civilizations to visit you.

The population will not advance en masse, but individually in accordance with persons' beliefs about their extensive powers, and ultimately everyone will achieve that advanced state of being. Then Earth's destiny, her Golden Age, will flourish in the fullness of unity consciousness—indeed, heaven on Earth!

Dear hearts, many of you in elder years chose in your soul contract to leave Earth lifetime before that Age is blooming in all its gloriousness. You will be living in other magnificent worlds where love, peace and life in harmony with Nature also are cornerstones. You can view the panorama of Earth in the continuum, where all her residents are joyously thriving in the planet's abundance and pristine beauty.

For your dedicated service that is inspiring her people to move ever onward to manifest that Age, you are honored by and have the gratitude of all lighted beings. Whatever happens anywhere affects everything else everywhere else, thus the transformation of life on Earth will benefit all other worlds in this universe.

Suzy, thank you for receiving my message. Matthew, thank you for letting me speak.

MATTHEW: We thank you, Arnold! Our readers will welcome your message! We would like to add a bit, if we may.

ARNOLD: Indeed, you may.

MATTHEW: When Earth was mired in third density, Gaia asked universal family for the help she needed to rise out of those depths where darkness

was keeping her. Third density worlds that did not request help or declined assistance lovingly offered have taken many thousands of years to reach fourth density, where Earth is location-wise and the status many of her peoples are attaining in personal ascension. That this has happened in only several decades lets you see the uniqueness of speed thanks to the light beamed by other civilizations and the steadfastness of volunteers.

Arnold, we are profoundly grateful for your assistance and that of all other members of the extraterrestrial special forces.

ARNOLD: As you and all other souls at your station know, Matthew, helping our Earth family is a service of love. Thank you for adding to what I said about speed. That comparison was needed so the ascension pace of Earth and her residents can be properly appreciated. And now, I bid you farewell.

[Arnold's previous presentations are in September 16, 2019 and November 1, 2022 messages. After the first, Matthew said this about him: "His humility belies his soul evolvment station and the high position he holds in his civilization as well as his importance to your world—he is one of the specially-gifted special forces we have talked about."]

Many of you may not know or remember what makes those forces special. Mother, please insert what we said about them some time ago.

Members of the forces number in the thousands and they're stationed around the world wherever they are needed. In addition to the great difference in the size of this group and the other volunteers and the occasional arrival of an adult, souls in the forces also differ in other ways. All come from the most highly evolved civilizations, where they held responsible positions. They know who they are and none has ever strayed from his or her mission.

They retain their innate abilities of manifestation; dematerialization; teleportation; astral travel; telepathic communication; being present in spirit only, thus invisible to bystanders; and "reading" thoughts of others, nearby or distant. Those extraordinary abilities—that is, in persons on Earth—

enable these volunteers to be especially valuable in intelligence agencies, the sciences, medical laboratories, information analysis, military forces and governments.

And, a few are prodigies, which shouldn't be surprising, and a few are what you call illusionists. That may seem a frivolous mission, but it is purposeful—by walking through a brick wall or producing an automobile out of thin air, for instance, they are showing these are possible. Thoughts about any possibility precede developing—more accurately, activating—the ability to accomplish it, and those entertainers are stimulating their audiences to contemplate how such feats can be managed. You could say they are the wayshowers to Earth's peoples discovering their own innate capabilities.

Let us add that it is members of the special forces who reduced the toxicity in “vaccines” and erased the programming in the chips as well as preventing detonation of missiles' nuclear warheads and causing other weapons to malfunction. Of particular importance to us, they are our information sources on the planet about what is happening there. [March 3, 2022]

Mother, thank you. You can see why we are profoundly grateful to Arnold and all others in the special forces. As a major part of the light forces, their multi-pronged mission is different from but in conjunction with what the “White Hats” are doing to rid Earth of darkness. As a preface to telling you about one of the missions, we say that some of the forces' members are among the many reptilians who are lighted beings.

Mother, please copy a pertinent part of your conversation with Horiss, a reptilian fleet commander whom I know.

“It is known by some of your people that certain of my civilization are fearsome creatures that have been causing all manner of evil upon your world for endless times. It is possible that of all who oppose their darkness, we are the most vehement because their actions reflect upon us as a total civilization. Those members are not in the majority and are not

representative of the rest of us.” [Horiss’ entire illuminating presentation is in June 24, 2009 message.]

Again, thank you, Mother. The reptilians about whom Horiss spoke include older generations of European royal families, others at the peak of the Illuminati, and a group that can be rightfully thought of as evil incarnate. By emitting the lowest of vibrations, that group gleefully helps perpetuate Earth’s third density conditions even though their main interest is their own survival, unlike the dark forces’ puppets who cause all sorts of mayhem and violence, corruption, disease, disinformation and toxic pollution. One of the special forces’ missions is the eradication of that group of reptilians, a task your military forces cannot manage.

Ridding Earth of darkness is moving apace worldwide. And, in reply to numerous questions about military movement in the United States, the troops will maintain order and provide safety for the citizenry as cleansing action heats up in that country—the beneficial aftermath will be far-reaching.

Beloved brothers and sisters, we and other messengers of the light have told you that of the billions of souls who volunteered to wake up our Earth family so they can see they have the power to make their world peaceful, healthy and prosperous for all, you were chosen because you are the strongest and have successfully accomplished this in other 3D worlds.

If you feel you are falling short this time because even family and dear friends show little interest in hearing what you know and dramatic changes are not publicly evident, we assure you, you have not fallen short! The light you radiate simply by BEing has been motivating millions upon millions to start thinking, questioning, reasoning and acting on a higher level of awareness. Dear ones, you are a grand success!

All light beings in this universe honor you and support you with the unparalleled power of unconditional love.

LOVE and PEACE

Shocking Real Reasons for COVID Shot!

Posted on [07/08/2023](#)

Del Bigtree is the host of *The Highwire* which airs online Thursdays from 2-4 PM ET. He won an Emmy Award as one of the producers of *The Doctors* TV show. Bigtree was the producer of the 2016 film *Vaxxed: From Coverup To Catastrophe* which went viral. The [documentary](#) alleges that the CDC — the government agency charged with protecting the health of American citizens — destroyed data on their 2004 study that allegedly showed a link between the MMR vaccine and autism.

The film was directed by [British MD Andrew Wakefield](#) who was among the first to make a possible connection between the MMR shot and autism after many mothers consulted him about problems their kids had after getting the shot. Like Robert F. Kennedy Jr., Wakefield was drawn into the vaccine controversy by mothers looking for solutions for kids whom they believe had been injured by vaccines.

Vaxxed shows that [Dr. William Thompson](#) was a CDC whistleblower who came forward with documents and data that strongly indicate the CDC illegally manipulated data in the MMR study. Dr. Thompson alleged that during the study, highly significant increases in the risk of autism were found in several populations and the CDC did everything from kicking children off the study to throwing data out to cover it up.

Del created the [Informed Consent Action Network \(ICAN\)](#) which works closely with attorney Aaron Siri, Managing Partner at [Siri & Glimstad](#). Siri has been celebrated in the corporate media for his growing victories for ICAN over the last few years. [Newly filed tax records show that ICAN, one of the country's best-funded anti-vaccine organizations, saw a 60](#)

percent jump in revenue in 2020. The Washington Post reported in 2021 about ICAN: Resistance to vaccine mandates is building. A powerful network is helping.

Meet the brilliant mind behind one of the most successful and active Legal Teams in the world of Vaccine and Civil Rights. Aaron provides legal insight on Covid vaccine mandates, shocking childhood vaccines, the Plotkin Deposition, and more.

Del created The Highwire to report on the work ICAN is doing and other issues. His show began in a small studio with a few viewers. However, The Highwire now has a very sophisticated set and an audience of about 6 million in over 30 countries. Since the show is funded by viewers and Del accepts no corporate funding, he is free to cover whatever topics he chooses in whatever way he wants. Every Monday, Del sends people who subscribe to the show for free all the data on which that week's show was based so they can come to their own conclusions.

Plan To Stop “Vaccine Hesitancy”

On July 6, Del's team pointed out in his email to subscribers:

It's an unprecedented time in the Vaccine Risk Awareness movement. The public is searching for facts about vaccines like never before. Advocates old and new are looking for resources to use in the fight to get the truth out to the masses. Earmark today's episode, because it is one you will want to share.

Del Bigtree has been traveling the U.S. and the world since 2016, speaking to audiences about massive and devastating holes in vaccine safety science, holes that public health agency 'watch dogs' have continually refused to address publicly. Holes that millions of people are only just becoming aware of after massive overreaches that occurred during the COVID Pandemic.

Del recently gave a talk exposing the real pandemic, a pandemic of lies around vaccine safety and policy in the U.S. COVID may have opened your eyes, but this talk, given in California and now being re-aired for you, will help you understand why COVID was just the tip of the vaccine safety iceberg. Bring a pad and paper, class is in session!

In the July 6 show below, Del explained one of the main reasons for the forced rollout of the COVID shots. It's a shocking exposé of the failure of vaccines whose safety and efficacy the government and corporate media ridicule anyone for questioning.

[Episode 327 “Pandemic of Lies”](#)

Del recently gave a presentation exposing the real pandemic, a pandemic of lies surrounding vaccine safety and policy in the U.S. which The HighWire and ICAN have been investigating since its founding. COVID may have opened your eyes, but this talk, given in California at a fundraiser for the group PERK, and now being presented to you, will help you learn why COVID was just the tip of the vaccine safety iceberg.

Del pointed out that no vaccine on the [Childhood Vaccine Schedule](#) has ever been tested against a placebo to ensure that it is safe or effective! Del explained that the WHO called a meeting in Switzerland on December 23, 2019 to discuss how to stop “vaccine hesitancy.” He pointed out that [Episode 145 The Highwire “Who Is Lying To You?”](#) which aired on 1/9/20 covered that meeting.

Unique Position In Human History

Del explained that [Heidi Larson, MA PhD](#), Director of [The Vaccine Confidence Project](#) who is the lead psychologist for the WHO, admitted at that meeting that Big Pharma admitted its mistakes. She said,

We are in a unique position in human history where we've shifted the human population to dependency on vaccine-induced immunity. That was on the great assumption that populations would cooperate... We're in a very fragile state now. We have developed a world that is dependent on vaccinations. We don't have a choice but to make that effort.

Disney Measles Outbreak

Del pointed out that measles is a trivial childhood illness that kills one in 500,000 and confers life-long immunity to any child who gets it. Del said measles is one of the most infectious viruses the world has ever seen. The problem with requiring kids to get a measles vaccine is that if it doesn't

irradiate the disease, it could ultimately make it more virulent and more dangerous. If so, we are going to have a serious problem on our hands.

Del explained:

Never once have they made a vaccine that does what your God-given immune system does every time you caught a virus. So, here's what she's saying. You Baby Boomers in the room are the last hope for herd immunity. You are the only ones who are still immune to measles (because they got the infection rather than the shot). Every adult, their vaccines have worn off.

The big Disneyland outbreak here in California, 50% of them were adults who had been previously vaccinated – 30% caught vaccine-strain measles! You were told it was about unvaccinated. It wasn't! It was about waning immunity – something we hear a lot about now with COVID. All the immunity from our childhood vaccines has worn off. They never achieved what they wanted which was herd immunity – natural immunity. So, the issue is no adults (other than Baby Boomers) are immune.

Del added:

Polio is coming back now. They have vaccine-strain polio sweeping all over the Middle East and now it's in New York – and guess what. They're thinking of going back to the oral polio vaccine which also can cause polio! Get ready, folks, because this about to get really stupid because these idiots have really messed up! All of their greatest fears are upon them.

Del showed the chart below which lists the 11 vaccines kids were required to get before 1986, the 54 vaccines required by 2017, and the 100s of vaccines for adults planned for the near future. He said,

You are all about to become human pin cushions for companies that are making billions. It will be trillions of dollars within years if we let them get away with this.

Del said the chart below shows the CDC schedule of mandatory vaccines for adults.

Table 1 COVID-19 vaccination recommendations for older, United States, 2023

Neisseria meningitidis type b (MenB)		1 or 3 doses depending on indication		

Legend:
 Yellow: Recommended vaccination for adults who need it, but documentation of vaccination, or lack evidence of past infection.
 Purple: Recommended vaccination for adults with an additional risk factor or another indication.
 Blue: Recommended vaccination based on shared clinical decision-making.
 Grey: No recommendations for applicable.

Del explains that vaccines did not eradicate disease.

The only thing they eradicated was herd immunity itself! When we lose this last generation of Baby Boomers, it's over! There's no herd immunity on this planet. We're vulnerable to every virus that's out there.

COVID Policies: Crime Against Humanity

Del pointed out that the childhood vaccine schedule introduced after 1986 erased humanity's natural herd immunity. So, in December 2019, health officials convened to figure out how to introduce a mandatory adult vaccine schedule to force adults to get shots to protect against infectious diseases. He pointed out that adult vaccines are the cash cow now. Del told the audience, *"You are the future of the pharmaceutical take-over of the world!"* The goal of the meeting was to figure out how to scare the entire planet into vaccine submission and avoid the dreaded *"vaccine hesitancy"*. Del said, *"Then suddenly, we had the world's deadliest cold – all of a sudden, out of nowhere!"* Del pointed out that we were told the ONLY solution for COVID was a "warp-speed vaccine" although several inexpensive treatments were known in early 2020.

Del showed that the [Emergency Use Authorizations](#) (EUAs) for the COVID shots were illegal because EUAs can be issued ONLY if there NO available treatments. Yet, it was well known in early 2020 that HCQ/zinc and ivermectin were effective inexpensive early treatments. Del pointed out that President Trump wanted to get HCQ released to the public, but Tony Fauci opposed the use of HCQ for COVID. Del explained that HCQ could have saved half of the 1,130,662 Americans who died from COVID! Del said that the same war was waged against [ivermectin](#) for the same reason. He described this as a crime against humanity. Del explained that we were all part of a [Tuskegee Experiment](#) during COVID. So, the health agencies believe that the solution to the problem caused by forcing people to follow the childhood vaccine schedule is to force people to follow a new adult vaccine schedule now!

The problem Big Pharma caused puts humanity at risk, but is a huge and permanent cash cow for the drug companies! The US health agencies

allowed this to happen – with the collusion of the corporate media and Big Tech who silenced doctors and scientists who opposed this insanity.

Del discussed the explosion of heart attacks and sudden deaths among young athletes.

[Ed Dowd: COVID Shots Are Causing Youth Democide](#) explains that when former BlackRock Portfolio Manager Edward Dowd appeared on Stephen Bannon's War Room – Pandemic, he explained that his insurance industry expert dug into the CDC data and found shocking information related to excess mortality. *“The millennial age group 25 to 44 experienced an 84% increase in excess mortality into the fall. It's the worst ever excess mortality, I think, in history,”* Dowd stated.

Dowd noted how chart four depicts an increased acceleration of excess mortality into the Fall, around the time when mandates and boosters took effect. Putting the CDC's data into perspective, Dowd said *“starting in the summer and into the Fall, with the mandates and the boosters, there were 61,000 excess millennial deaths.”*

“Basically, millennials experienced a Vietnam War in the second half of 2021.”

58,000 U.S. troops died in the Vietnam War according to Dowd ([National Archives](#) stated 58,220 U.S. military fatal casualties of the Vietnam War). *“This generation just experienced a Vietnam War.”*

Dowd explains how he thinks this data is the smoking gun which shows the COVID-19 injections are causing excess mortality in all age groups. With this shocking data, Dowd labeled this “democide.” The definition of democide, per [Wikipedia](#): *“Democide is the murder of any person or people by their government, including genocide, politicide, and mass murder”*. *“So, the government, through the mandates, has killed people,”* he stated.

Amazon Description

What is killing healthy young Americans? 2020 saw a spike in deaths in America, smaller than you might imagine during a pandemic, some of which could be attributed to COVID and to initial treatment strategies that were not effective. But then, in 2021, the stats people expected went off the rails.

The CEO of the OneAmerica insurance company publicly disclosed that during the third and fourth quarters of 2021, death in people of working age (18–64) was 40 percent higher than it was before the pandemic. Significantly, the majority of the deaths were not attributed to COVID. A 40 percent increase in deaths is literally earth-shaking. Even a 10 percent increase in excess deaths would have been a 1-in-200-year event. But this was 40 percent.

And therein lies a story — a story that starts with obvious questions:

- *What has caused this historic spike in deaths among younger people?*
- *What has caused the shift from old people, who are expected to die, to younger people, who are expected to keep living?*

It isn't COVID, of course, because we know that COVID is not a significant cause of death in young people. Various stakeholders opine about what could be causing this epidemic of unexpected sudden deaths, but "CAUSE UNKNOWN" doesn't opine or speculate. The facts just are, and the math just is. The book begins with a close look at the actual human reality behind the statistics, and when you see the people who are represented by the dry term Excess Mortality, it's difficult to accept so many unexpected sudden deaths of young athletes, known to be the healthiest among us.

Similarly, when lots of healthy teenagers and young adults die in their sleep without obvious reason, collapse and die on a family outing, or fall down dead while playing sports, that all by itself raises an immediate public health concern. Or at least it used to. Ask yourself if you recall seeing these kinds of things occurring during your own life—in junior high? In high school? In college?

How many times in your life did you hear of a performer dropping dead on stage in mid-performance? Your own life experience and intuition will tell you that what you're about to see is not normal.

Or at least it wasn't normal before 2021.

“Forever Chemicals” In At Least 45 Percent of US Tap Water: USGS Study

Posted on [07/09/2023](#)

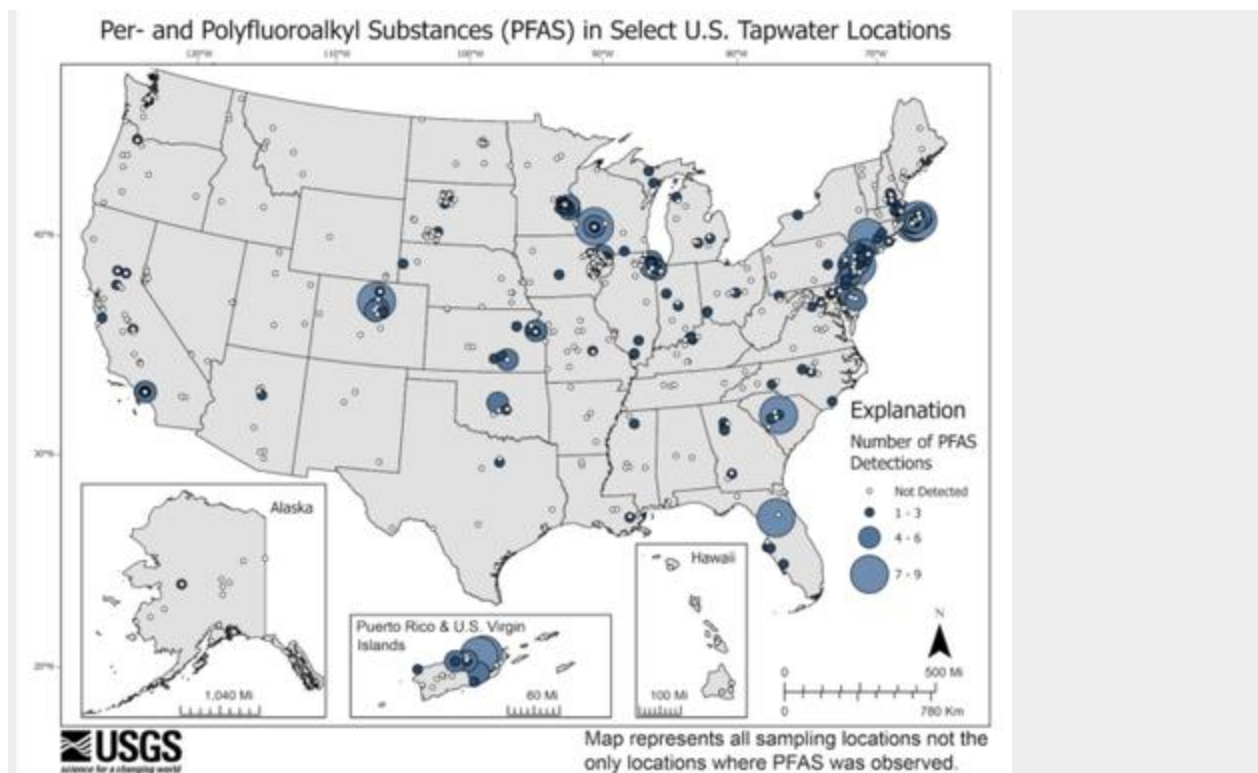

Nearly half of the tap water in the United States is estimated to have what are known as “forever chemicals,” also referred to as per- and poly-fluoroalkyl substances (PFAS).

The [study](#) by the U.S. Geological Survey tested for the presence of 32 types of PFAS from samples taken from 716 locations—269 private wells and 447 public supply—across the nation from 2016 to 2021.

Based on these samples, USGS researchers determined by modeling that, **on average, at least one PFAS is detected in about 45 percent of U.S. tap water.**

There are more than 12,000 types of PFAS, which are invisible man-made chemicals, high levels of which have been [linked](#) to adverse health issues, including various cancers, reproductive issues, and adverse effects on immune function. But not all of the PFAS types can be detected with current tests.

This USGS map shows the number of PFAS detected in tap water samples from select sites across the nation. The findings are based on a USGS study of samples taken between 2016 and 2021 from private and public supplies at 716 locations. The map does not represent the only locations in the U.S. with PFAS. (USGS)

“USGS scientists tested water collected directly from people’s kitchen sinks across the nation, providing the most comprehensive study to date on PFAS in tap water from both private wells and public supplies,” USGS research hydrologist Kelly Smalling, the study’s lead author, said in a statement on July 5.

“The study estimates that at least one type of PFAS—of those that were monitored—could be present in nearly half of the tap water in the U.S. Furthermore, PFAS concentrations were similar between public supplies and private wells.”

PFAS are colloquially referred to as **“forever chemicals”** because they don’t easily break down in the human body or the environment, and **some of them never fully break down.** These substances are known for their resistance to grease, oil, water, and heat, and as such, can be used in a wide range of products, including non-stick cookware, stain- and water-resistant fabrics and carpets, as well as cleaning products, paints, water repellents, and fire-fighting foams.

According to the USGS, the study marks *“the first time anyone has tested for and compared PFAS in tap water from both private and government-regulated public water supplies”* on a broad scale throughout the United States.

“Those data were used to model and estimate PFAS contamination nationwide. This USGS study can help members of the public to understand their risk of exposure and

inform policy and management decisions regarding testing and treatment options for drinking water,” the agency said in a [release](#).

More Risk of PFAS Exposure in Urban Areas

Urban areas are more at risk of PFAS exposure compared to rural areas, with the forever chemicals detected in over **70 percent of urban areas** or areas with a known history of PFAS contamination, **compared to 8 percent of rural areas**.

Researchers observed the exposure in urban areas including around the Great Plains, Great Lakes, Eastern Seaboard, and Central/Southern California regions.
