

If you don't mind I wanted to say something from what [I've posted so far](#) such as this one. And why I'm tired of it all, because I'm not doing so well. Am sick and tired of evil controllers flourishing and the same old psychological operations and social engineering. Worse are those who know better have the means and the connections including the so-called advanced civilizations who do nothing while all life is suffering and dying under the guise of safety and control, who's the hypocrite here?

OLD SYSTEM COLLAPSE BY DESIGN: It's true that things are being exposed as the [Economy](#) and Hollywood are collapsing by design due to their evil agendas, feminism, destruction of the nuclear family unit, and wokeness. Also, when one collapses the babylonian system, what is to say the new system will end up like the old one and lead to total enslavement and genocide? Don't I have the right to ask any questions or is that forbidden?

We went from America the beautiful to being [smeared with feces](#), take a good look at the Homeless population increasing that leads to further chaos, [thievery](#), diseases, and destruction. Is this the world one should live in? There are plenty of reasons why more are [leaving the big cities](#) that are not only crime-ridden, but are drug-infested. Talk about increase in lawlessness. What's really being done about this as so many need help? It's no surprise that people's priorities are all screwed up such as following evil orders and policies that lead to chaos and destruction.

With [regards to currencies](#) a good look at point number 10 out of 21 points as follows: *"There is a lot of hype and hope around gold-backed currencies, but these are only truly sound money if the currency can be converted to gold. Without conversion, a "gold-backed currency" is still under the control of a government that will use the currency to benefit the few at the expense of the many."* Even if the currency is backed by gold, it is a question of authoritative control over you and should be no surprise who benefits from the control thereof. Mankind will always desire control and power over you. What has really changed?

Just so you know [FedNow](#) is the [Trojan Horse](#) framework for the CBDC. While, "[Unified Ledger](#)" is not only worse than the CBDC, but is the [social credit system](#) used to own nothing and be miserable. While the [WorldID](#) is used to control internet access no different than Digital ID's and other [Biometric Integrations](#) used for control and social engineering. Why allow the [de-banking](#) to continue all because they spoke against the evil establishment? As the order followers will obey orders no matter how evil they are. Why give your consent and allow the evil doers to gain more power and control over our lives?

Yes, the [CBDC's are designed to fail](#)...as with the people in Nigeria resisted tyranny from the Government who tried to force the cashless society. If we don't object to the [implementation of the CBDC's](#), then what's next, are you going to give up your liberties and souls because the authorities and the overlords demand you do or else? And depending where you are there is increased resistance growing from the other agendas as well. Without your consent, these evil doers can't do what they wanted to do to us.

"Government-backed CBDCs will be a failure because the people already do not trust international banking cartels to totally control their finances. So, for these banks to have total control over your financial wellbeing under their CBDC scheme would be an extremely difficult task for them to manage."

Enough playing games here. Why wait until more animals, the environment, and humanity are dead under the guise of "following orders"?

You may want to read these important points about the controllers, such as [the Octagon Group](#), and more evidence that the evil doers are losing their control. Why allow evil to flourish? Isn't that all part of the psychological operations?

"Nonetheless, waiting for the system to implode is not very satisfying because we are seeing so many efforts by the KM to buy time by promising all sorts of good things in 2025. At the same time we see them still pushing New Age nonsense about some sort of photon belt or ascension to the 5th dimension that will eliminate 90% of the population. Then, the survivors will get "med-beds," and magic machines that will make anything etc. In other words "please wait until we can kill you." They are also in the midst of a last minute power grab. The World Economic Forum (WEF) is calling on governments around the globe to eliminate physical cash and roll out digital "money." An MI6 source promises that it will require a court order for any government to interfere in a digital currency transaction." "This is why we strongly encourage anybody and everybody who has it in their power to make sure the KM are not given until 2025 but are removed NOW."

I hope this is true that the [KM Nazi faction are defeated](#), while there are plenty of these evil psychopaths who need to be neutralized permanently.

"More importantly -just like the Nuremberg war crimes trials followed the first NAZI defeat at the end of WWII- new war crimes trials are inevitable.

Remember, the Russian government has presented exhaustive evidence at the UN over the past 18 months proving the US funded biological weapons production at laboratories in Ukraine. In particular, the Russian military has accused "Joe Biden" (or rather his Rockefeller/Nazi puppet masters) of orchestrating bioweapons production through his Ukraine-based bio-lab company Metabiota."

DNA-TARGETED WEAPONS, MEANING OF "X" AND TWITTER, AND SUPPOSED PEACE DEALS: And supposedly peace deals have been reached between [NATO and Russia](#). While the evil doers such as the KM are desperate to maintain their control and power. Including exchanging their puppets with other avatars and doubles. With the latest propaganda of the climate change scam and the UFO's that single staging for the fake alien invasion.

One should realize the Speaker of the House Kevin McCarthy will never impeach Biden. Not only is it rules for thee, but not for thee. Besides, both Biden and McCarthy are members of the WEF, they protect their own. Then, you need to question as to why the [DNA-targeted weapons](#) are still in use and to who benefits? Sure that the US Government [admits that Aliens are real](#), but no one believes them. Gee I wonder why? Are they preparing for the fake alien invasion? With Twitter changing their original Bird logo to "X" relates to the birds, but is mirrored to the [Syrinx vocal organ](#) that Birds sing

through and to the Flux capacitor in Back to the Future. The [meaning of "X"](#) in the Hebrew dictionary is TAV, referring to the covenant, the mark, is the twenty second letter of the alphabet, "X" marks the spot, and TAV for the last letter for the Hebrew word emet, means truth. Could the Roman numeral "X" be another precursor to the mark of the beast system? Or is the "X" the mark itself, you decide? This is not only done through emf's, [microwaves](#), millimeter chirps, microchips, 5G, the [frey effect](#), but the syringes as well. Wasn't Trump the 5G president who brought about the 5G and would continue the same agendas and policies as before? Why worship false idols & false saviors? And the more reason to not vote for WEF members nor the Uniparty who serves their banker, corporate, and satanic overlords. Voting is not only a suggestion box of slaves. Why choose to vote for those who would rob and rule you better? Blame the sheeple and order followers who obeyed orders no matter how evil they are. Battle is not just between good vs evil, but the battle between the moralists vs the conformists, but the wise vs the fools.

SOUND OF FREEDOM & PFIZER PLANT DESTROYED: Despite the film the [Sound of Freedom](#) dominating the box office, the media and others [attack this film](#), and start the conversation on [child trafficking](#). Are you aware the financiers of this film come from the Carlos Slim family? We are a long way from eradicating these evil doers from causing any harm to children. Even though this film focuses on the beginning of Operation Underground Railroad. This was allowed to be seen for the focus on the outside the U.S. But never how the Governments organize kidnapping children from their homes and/or foster care, and sell the children through children trafficking and organ trafficking networks. Besides, this film is meant to scare parents into getting their children chipped via conditioning with Neuralink and the mark of the beast system. Question anything that Hollywood promotes. Because this falls in line with anything that promotes control, depopulation, and separation from God are promoted to the nth degree. Beware of the [controlled opposition](#) and the [psychological operations](#) thereof.

Please consider a few other points of why we allow others to rule over us. Jason Aldean's song is more authoritarian propaganda. It doesn't matter whether one lives in a [small or a big town](#), the Government is out to get you. *"Unfortunately, "we the people" are partially to blame for allowing this double standard to persist. While we may claim to value freedom, privacy, individuality, equality, diversity, accountability, and government transparency, our actions and those of our government rulers contradict these much-vaunted principles at every turn. Even though the government continues to betray our trust, invade our privacy, and abuse our rights, we just keep going back for more."*

In North Carolina an EF-2 [Tornado destroyed a Pfizer plant](#) and thus destroyed 50,000 pallets of drugs and vaccines. That's great news for once.

God does work in mysterious ways and is divine retribution from all of the destruction and death coming from Pfizer and others involved with crimes against humanity.

PLEASE DONATE AM IN NEED OF HELP AND VENTING: Also, there are many people suffering [worse than I am](#). Any [help would be most](#) appreciated. Why? Because I don't want to live like this anymore? So far I have seen that no one cares even from the so-called big channels. I don't ask for much, but there are those who feel worse than

me. I am using the \$\$ not just for myself, but to pay it forward. What do I have to say or do to get anyone's attention?

Also, I made a video not only venting, but [calling out the white hats](#). Wondering what happened to real healing and relief, shouldn't that be freely given and freely received? If you do check out my channel, I did call out the [Energy Enhancement System](#) (EES) for lowering their prices big time & increasing their frequencies for healing at more public places, homes, rehab places, senior communities, schools, etc. What happened to real healing and relief being freely given and freely received? Those who can afford this have the means and the connections. Not everyone will take the time to go to these centers, it's not just their time, but financial & other obligations in life. Yes, the EES needs to be way more affordable & accessible, and not be a money laundering operation. Why is that hard to ask? I made a [comment on Jason Shurka's](#) rumble video featuring Tony Robbins and more promotions of the EES. I understand why because if you have more financial backing of those well connected and financially well off leads to the EES becoming more affordable and accessible. Also, I am not doing so well as I know the EES will not correct my anatomy such as my neck, hips, and my spine. I found a chiropractor place who can help me, but I don't have the funds to do so. As I want to use the funds to pay for the treatments that I need & use the rest to pay it forward. So far, no one wants to help me as that has lowered my morale and self esteem. I would really appreciate the help and/or forward to those with the means & the connections to help me, because I can't hold this off any longer. Does anyone understand? I reached out to so many as they have proven they don't care. And they want me to go paralyzed & not help others, why do I bother to exist?

Am not the only one who is sick and tired of the gaslighting, the lies, and the psychological operations thereof. People are not only cruel to each other but the animals and the environment as well. The fact remains you will always have those that will go along with what the world says and will never operate at the same level as you are. Even if you present the truth to those asleep and even when it affects them, they still will never understand. Call for what it is cognitive dissonance, willful ignorance, ideological subversion, and mass psychosis. Despite our differences, men and women were created to complement each other. This battle is not only just between good vs evil, but the battle of the moralists vs the conformists, and the wise vs the fools. The blood is not only on the bad guys but the good guys as well.

Do you know we are the only species that pays to live on Earth, care to explain why we are still in the beast matrix enslavement system or is that all part of the plan? Please check out [my channel](#) and please help me on my [GiveSendGo](#) to get my neck, my hips, and my spine corrected professionally before I go paralyzed. Because if anything happens to me, who would take care of my elderly Mother? That's why I cannot wait any longer. I am very frustrated and upset with those whom I thought I could trust betrayed me. That is why I am showing my face and asking for help. It's your turn, the real good guy groups. So are you the good guys who continue to wait until more suffer and die from abuse, drugs, disease, hunger, homelessness, starvation, terraforming, etc. due to some "awakening level" and "following orders" and by "going by the book"? What good has that really done when you have those who feel they have authority over your life, anatomy, property, and feel they are above everyone? This is due to their upbringing,

including ego, narcissism, ignorance, lack of empathy, sadism, statism, and mass psychosis. Also, we have a cultural, moral, psychological, and spiritual sickness that won't be resolved overnight. You need to be aware of those who would not only deceive you, but will mix truth with lies such as the liars, SOB's, evil psychopaths, narcissists, false idols and false prophets, controlled opposition, and psychological warfare. Despite how [the Kabbalah](#) has become more normalized and mainstream, that leads to the masonic and the new age deception, don't be deceived. [Restoring the soul](#) is very important as one should fear God more than man because the creator can destroy both body and soul. What happened to placing your faith and trust in Jesus Christ, the true King and Lord instead of man? Besides, the world does not love God, the world desires rebellion and lawlessness. Question everything, and follow the \$\$ and the associations thereof.

If so and so believes the "white hats" are in control, then why allow evil to flourish, lower one's vibrations, including the destruction of our world? If the worldwide collapse does happen, will the transition to the supposed "good system" be a short or long transition? Doesn't one believe this should be a smooth transition so this doesn't interrupt others lives who don't have a clue as to what's going on and will never understand? In addition to the supposed Emergency Broadcast System, the mass arrests, backup electricity, cooling, heating, food, water, and so forth? Why are the big channels not questioning where they are getting their information from, instead they run with it as though it's gospel? In case you haven't noticed more can't wait any longer to have real healing and relief from whatever they are going through. If the good guys have this back-up food that was supposedly found in the DUMBS that lasts for one hundred years, why aren't you helping those in need worldwide? It's not the humans, but the animals, the plants, and our environment as well. No matter how much or how little one prepares, it only lasts temporarily. Why aren't the real good guys recruiting more to take down the evil ones, followed by the MedBed training and so forth? Enough of the games, one cannot serve both God and the Devil. Get your priorities straight and do what is morally right, is that hard to comprehend?
