

(Reader: TruthIsUnbreakable) Mankind will always desire control and power, what has changed when agendas continue and more lives are lost?

There's more that needs to be said, if there isn't any form of trust and loyalty where do we go from here? We have an authoritarian/order follower problem here as they will follow orders no matter how evil they are. No matter which groups claim to represent, mankind will always desire control and power. Thank you [TimJoeBob](#) for emphasizing with [what](#) I've [said](#). I'm just asking [deep rooted questions](#) and sometimes I have to repeat in order to get a point across. I say what I need to say via show and tell, and you can look into the matter for yourself and find something that I haven't thought of. You have the choice of what to look into is up to your discretion. What I don't like is the silent treatment and am not the only one who is feeling the same way. That includes those who are so incompetent they will never admit they are in the wrong and don't own up nor change their ways for the better. Including false promises that reveal another evil system. You can't serve both God and Mammon. Am well aware that the real battle is not just good vs evil, but there's a battle of the moralists vs the conformists, and the wise vs the fools. Including journalists being silenced or [jailed](#) increasing at a faster rate. As truth is treason in the empire of lies. Free speech and Truth is not only under attack, but is suppressed. Those such as [Jose Vega spoke the truth](#) and shamed the warmongers of mainstream mockingbird media of which was demonized by those who are comfortable living in the lies. The liars and thugs out there don't know right or wrong as some of them blame others for their crap. It's true the cultural, moral, and society needs to change, it won't be off the bat. It starts with education at home via real morals and principles such as "do no harm" along with common sense and discernment. Ask yourself what is more important, the acquisition or the finished product? What else do you want me to say since others such as myself have been given the silent treatment with no purpose whatsoever. If so and so, including the real good guy groups can't be straight with me why do I bother existing in this world? For those who have the means and the connections, have superhuman powers and so forth, have the ability to end these evil doers and their minions once and for all. Why drag this out, why aren't you recruiting people to take them down as the conformist order followers won't change. My concern if the real good reset is happening is the technology used to free us, may end up enslaving us into the mark of the beast system? What will it take to have an honest adult rational conversation, is that hard to ask? Or is it if so and so doesn't bow down to this narrative, agenda, and/or psyop then you won't be promoted. While truth is treason in the empire of lies.

THE WOKE KING RESETTER CROWNED BUT ISN'T THE REAL KING: You may want to check this piece by [The Corbett Report](#), on "Meet Charles the Great Resetter". Including [ReallyGraceful's forty minute](#) piece on what the mainstream media won't tell you about King Charles, from the associations thereof as the Windsors are not only German, from the Satanic bloodlines such as the Dracula bloodline, but answer to the Rothschilds as the real rulers and owners of the U.K. Is Charles one of the candidates for the Antichrist? As [EnterTheStars](#) covered how Satan runs this world, exposing how they operate, including their symbolism for all to see. Because if the evil doers can't get you to submit to the Government, they get you through the corrupt false Churches. There's no doubt there are plenty of so-called churches who serve Mammon and Moloch, rather than God. The evil woke king's reign will be short and good riddance. [Many Fish](#) showed how the coronation ceremony is nothing but a ritual that suits the beast rather than the creator as they tried to crown their monarchs mirrored to the ark of the covenant. Followed by [the great falling away](#), seven horses died prior to the Kentucky derby at Church-ill downs, and the sword in Revelation is mirrored to Charles' coronation ceremony. Is Charles III a [candidate for the AntiChrist](#) as stated in Revelation 6:8?

Julian Rose [analyzed this ritualistic ceremony](#) thus revealing the Monarchs such as the Resetter Woke king serve themselves and their satanic masters. *"The head of the Church of England thus publicly introduced a treasonous and satanic element into the royal ceremony which seemed to perfectly fit the actuality of the sinister power game in which royalty, the church, corporations and government are so deeply engrossed. The ritualistic Coronation ceremony which took place on May 6th, exhibited all the usual well-rehearsed promotional paraphernalia that one expects from this show piece of British military discipline."*

One thing is for sure I gotta love these Brits sense of humor as the day before the coronation ceremony, a [giant Penis was mowed](#) into the lawn at King Charles' coronation bash site. During Charles' coronation, [the Grim Reaper showed up](#) at the ceremony. Perhaps this is another sign that the woke king's reign will end the sooner the better? Anyone who looks at Charles Coronation reveals he's not the real king because the [only King that I know is Jesus Christ](#), who is the true king of kings and the lord of lords. Great thumbnail by the Doctor of Common Sense of Charles and Camilla standing in front of Burger King in the thumbnail and "Harry didn't get his ass whooped enough", LOL! On that note supposedly, [Charles is in Transylvania](#) after signing more deals for Stu-crane and going back to his Dracula ancestors roots?

LAST OF DISCLOSURE SERIES: Regarding the [Disclosure series](#) by Jason Shurka, he interviews Ray from The Light Source (TLS), who provided insight as to what is going on with no BS. I may not agree with everything that Ray says, but he seems to be telling the truth and like myself I have no patience as these evil doers and their minions need to be neutralized. Ray believes the Rothschilds are above the other bloodline families as at one time the [Payseurs](#) used to be above the Rothschilds and now the Rothschilds are above them, while the Phoenician families are above the Rothschilds, just FYI. Pay attention after the 16 min. mark about Nesara/Gesara as there is BS about this happening and the arrests that aren't happening. Why are those placing their faith and trust in men such as Trump? Presidents are selected, not elected, via all about bloodlines and control, the same applies from the state to the local level. If voting really made a difference, the controllers wouldn't allow us to do it. Why vote for those to rob and rule you better? This whole 2D through 5D chess is another physiological operation created by man for control purposes. Why aren't you questioning what is being presented to you as fact, that includes "sources" and so-called "experts"? When things don't happen the way so and so said it would happen, then question whom benefits?

EES FINALLY LISTENED IS JUST A START: Just so you know, the Energy Enhancement System (EES) finally realizes they need to place their energy tools for healing at places such as private schools for those [children with autism](#). It's very obvious how the more you are exposed to the EES, the more the long-term effects that will be. It's better to have the quality of life than the quantity. Would like to see more of the EES at more public places such nursing homes, rehab, and other places so no matter where you are each of us can be helped via different energy frequencies. I've spent two hours at one of their centers. It that was not only very expensive at \$60 per hour, but the effects were somewhat effective and lasted not only a week. That's why I contacted the [customer service](#) headquarters of the [EES](#) asking them what can be done to improve on this, such as increase the frequencies for healing, not be a money laundering operation, and place more of the EES in public places. Not everyone can afford to have these TV's and Cube-like-devices in their homes nor are able to attend these sessions that aren't affordable. Apparently, the EES are doing "[the Helping Hand Program](#)" as they claim to lower the costs of the sessions from \$60 to \$30 per session in the third world countries, but not in the USA nor anywhere else. As the system itself costs more than a car and the testimonials will only allow those with five star reviews and not showing all of the reviews. I called EES out on why they aren't posting all of the testimonials so the people can see both the good and the bad, and things to

improve, but they don't care as it's a business for them. This won't change the fact that everyone's energies are different, and everyone's healing is very different as well. As the EES won't help with the deep rooted pain right away nor medical emergencies. You will still need places that will do trauma procedures, cardio, mental health, neurological, etc. What is the real deal on the MedBeds, is that for real or fiction? Jason Shurka spoke how the [MedBeds that no one speaks about](#) and why the EES may work for one, but not the other. Why those such as myself are in pain is due to grow through the hardships in life and not skip the deeper lessons and get out of the victim mentality. Some of us need healing to live long enough to learn to heal ourselves. Jason may not be aware of the real MedBeds from the [Super Soldier](#) program and other advanced technology that showed the MedBeds in the movies are disclosure as they fictionalized the truth with lies on the news. For Jason to claim that the EES are superior to the MedBeds is a farce as the EES is a business for him. So, where are the training programs for the MedBeds because in reality it takes months to a few years to fully understand how the machines operate no matter how the third to the fifth dimensional setup by man and AI is programmed to suit good or evil purposes. For example, when you are unconscious due a medical emergency, clearly those med techs/pros are going to do what they've been trained to do to help you. Where's the critical thinking, common sense, discernment, morals, and principle regarding anything? What happened to freely given, freely received?

FALLEN PATRIOTS: On April 27th, Mike Morales, a patriot who showed and tell about the Weather Modification/Warfare and Bunker fuel operations, passed away. He gave his all for his service to humanity, despite having aggressive small cell cancer after a warhog buzzed his home many months ago. God Bless Mike and his family! Those such as [Fallout Shelter](#) and [NeverLoseTruth](#) did their tributes to Mike. To [help the Morales family](#), they would really appreciate it. Please help [Carol of NeverLoseTruth](#) so she doesn't go homeless. Another truther named [Davey Crocko passed away](#) on May 1st as his real name was David Marcello Jr and [the funeral](#) was on May 5th in Rochester, NY. I've heard good things about him and knew he was going through hard times, drugs, and/or with loneliness. Also, [Dr. Rashid Buttar](#) passed away on [May 18th](#) as there have been [many tributes](#) to him thus far as he was a [leader and a warrior](#) with a great sense of humor who enjoyed life, a wonderful person, he was known as the '[medical maverick](#)'. Apparently a few months ago, he was in the ICU for six days due to covid vaccine shedding, stroke, and other adverse effects as he lost a lot of weight as he never took the covid shot and recovered weeks later. He said a day before his death he was poisoned with "snake venom" that happened a few months ago from the shedding of the vaccinated, pay attention to [after the 27:35 mark](#). Supposedly he was [murdered for warning people](#) about the next engineered virus called Marburg to be activated by 5G and worse from those Covid jabbed/vaccinated. Whether he was a "targeted individual" no different from the other fallen patriots that I've mentioned is up to you to decide. Recently, Dr. [Charlie Ward](#) had a recent health scare, of which he went to the ER, had an MRI, and was told to rest up and take it easy. He was due to appear at the Manchester U.K. great awakening tour that was canceled due to Ward's absence. Whether or not Ward was a "targeted individual" as well and was hit with a [microwave weapon](#) and got lucky, is for you to decide. [Charlie recently stated](#) that he was diagnosed with [Myasthenia Gravis](#), which is a neuromuscular disorder that is characterized by muscle weakness and fatigue. Apparently there is treatment for this, including rest and relaxation. Don't forget as stated in Isaiah 54:17 "*no weapons formed against you shall prosper*". Our bodies are our pharmacies as created by God, as there is a time for everything.

EBS AND THE DELIBERATE DESTRUCTION: Let's say that the [supposed good reset](#) is happening, then leads to the Emergency Broadcast System (EBS). Doesn't one believe the power should be on so people can see it on the TV, online, and/or hear about it on the radio, podcasts, etc. What is really

being done to help those who have been driven from their homes and businesses from economic to weather warfare. If you have paid any attention to the local news from around the country and you'll see in each rain storm, the people's homes and businesses are flooded with sewage, then you find out a pattern, the "drains/pumps were turned off" during the storm to allegedly save power and blame it on "climate change." This has been going on for years, all due to "following orders" no matter how evil the actions are. The agenda is very clear that the powers that shouldn't be want people so stressed out, broke, angry, and living in fear, as they are driven from their homes and into these stack and pack cities via the worldwide animal farm agenda 2030 style. Do you know what it's like to be so stressed out that you say and do things that you regret? Do you know what it's like to be through a fire, flood, earthquake, war, etc? How would you feel when you've lost everything in your home, your community, and those loved ones closest to you? What is being done to help those disabled, including senior citizens in order to prevent them from going homeless, as there are plenty who are already, and/or are being abused at other facilities with no accountability whatsoever. These people from young to old can't wait years for assistance under the guise of paying off the rich first and other excuses. You may want to watch this video by [Tim Truth on the 15 minute cities](#), Japan's pyramid, social credit system, Eco-fascist crackdown, and ulez expanding meat. Why are people still tolerating what has been done and continue to destroy the family unit, children's innocence, drag queen story hour, prison indoctrination centers, invasion at the border, and the destruction of liberties for accepting peaceful slavery? Call it psychological and spiritual warfare, including those who knew better, but continue obeying orders no matter how evil they are, as the order followers won't change. Those who do stand up against the evil doers and their minions don't have the means nor the resources to neutralize them permanently. With the recent Canada geoengineered fires, the [planned wildfires](#) that are geoengineered, and from the [poor air quality that supposedly spread](#) to the North Eastern USA is all part of the terraforming of our world that suits destruction, the climate lockdowns, [the fifteen minute cities](#), and evil. Those in Canada have reported the [many arsonists](#) that have been arrested for their roles in starting the fire, to evidence of [Directed Energy Weapons](#). In some areas despite smokey haze only lasted temporarily as the sky cleared up after the rains put out the fires as the sky in New York turned red orange from weather modification thereof and ammonium nitrate perhaps? Including how the Canadian Government officials tried to actively sabotage the efforts to put out the fire. As there were firefighters both active and retired were prevented from helping. This includes widespread sabotage with the firefighting companies with slashed holes, flattened tires, and damaged equipment.

Speaking of the destruction of supply chains and travel, take a good look at the [plasma fire](#) that partially collapsed a [bridge in Philadelphia](#) as that is blamed on a tractor trailer. As that bridge according to government's estimates will take months to repair to make that highway operational again, now they changed their tune due to politics and following orders will take [two weeks to be repaired](#). Now it's [open after twelve days](#), lets see how the bridge really holds up as the Government claims they are saviors? This is in addition to the Montana [Yellowstone bridge collapse](#) and the hazardous materials leaking into the water. As this is all part of the [infrastructure collapse](#) and more signs that our economic [problems are accelerating](#) much faster than most were anticipating? What do you expect people to do as more are being destroyed for control, dominion, power grabs, and agenda purposes, etc. ? Do you assume what works for you works for everyone? How do you expect people to live off the grid and have a garden, homestead, etc. when their homes and lands are being destroyed by the evil doers? As a result of the engineered destruction means you are not able to rebuild as the air, the soil, and life is destroyed. It's not just the economic collapse and the [rise of the digital currency control grid](#), the [digital identification](#) for all, [it's the everything collapse](#) of decency, morals, principle, demoralization, degradation, and destabilization. Reality is there will be those who can't be helped

because they chose to live that way that ends up hurting themselves and their loved ones. If they want to change they must choose to change and improve to be a better man or woman and maintain that in the long-term.

NEVER LOSE TRUTH AND ILLEGAL MIGRANT NYC TRASH INVASION: Also, you may want to check out Carol from [Never Lose Truth](#) as every evening she goes over what's [going on](#) in this world, the [homelessness](#) crisis and [encampments](#) that will increase, to [illegal immigration](#), from the suffering from the animals to humans, to the hypocrites to the narcissists to the nutcases in our society, [more forced from their homes](#) with engineered crisis's that benefit the Government & FEMA, from microwave to [5G and the Bees](#) to [directed energy weapons](#) to [weather modification](#) to [weather warfare](#). She shows and tells the full truth, shows the American and worldwide decline, and [articulates Jesus Christ's message](#). In Oklahoma, this family farm [destroyed by chemical attacks](#) overnight, how does one expect to prepare themselves when they are being attacked for living independently? The truth is that poverty and crime is only going to increase, [displaced people](#) and feed store fires, and insanity as we will be [seeing more of this](#). After the [one hour and ten minute mark](#) and onwards more mobile home parks and apartments are being sold for real estate development that generates more revenue for the state and thus forces more people into homelessness and stack and pack cities. As the food and opportunities grow less and less as desperation will grow by leaps and bounds. Greed and Power corrupts absolutely. Don't forget science is misinformation, comedy is truth, and the truth is a comedy. For those who know about care-giving requires your time, empathy, patience, including proper care and personal care products such as disposable underwear, pads, and disposable are a lifesaver. What about providing more tiny homes for the homeless? Speaking of homeless, in New York City hotels kicked out the [Veterans for the Migrants](#) to be housed, including [canceling Wedding venues](#). Talk about beyond frustrating and cringe-worthy for those that booked hotel rooms months in advance. According to an insider who works at the Row, the largest migrant hotel in NYC, the hotel infrastructure is collapsing and is being turned into a third world country due to trash, gravy train mentality, [alcohol, drunk kids, and violence](#). The insider who came out publicly feels this is the worst situation he's ever seen and this will get worse. Even more, the [mainstream media](#) are reporting the trash, alcohol, and violence going on at the largest migrant hotel in NYC called the Row, which was once a luxury hotel. It's not just in New York, but in various cities and towns worldwide including London. As the [migrants in London demand](#) private rooms, WiFi, and more money at the hotel. While in [Illinois passed a bill](#) to give the migrants "[police power to arrest citizens](#)". As New York Government are pushing an extortion fee of [\\$23 per day to drive a car](#) to fuel not only the civil asset forfeiture, but the evil agendas as well. As this is being blamed on the climate change and the geoengineered Canada fires of using frequencies to push the chemicals and smoke into the US to create the fear that leads to the climate change lockdowns. Reminder to beware of their evil wicked plans and not fall for the spell casting, but expose them as stated in Ephesians 5:11.

Besides, there's no decency, no dignity, no civility, no cleaning up after themselves, no morality, no sense of responsibility, no principle, and they will [turn places into crap holes](#) they left. The trafficking continues as there are [children who are drugged](#) and [trafficked](#) across the border by [ending DNA testing](#) at the Southern border. With sedation is probably why we don't see nor hear any babies or children crying nor screaming in those huge crowds. Please check out what this woman who [summed up the great America](#) as mirrored to the Titanic/Olympic is sinking fast. On a side note, not every [homeless](#) to migrant, etc. are trash, as there are plenty of them who are decent, hardworking, responsible, but have fallen on hard times as they do need help to get back on their feet, have a roof over their heads, and have a positive outcome. And no matter how much you play by the rules, be

good, etc. as all of that is pushed aside when it suits the control and depopulation agenda. As this is all by design, followed by civil unrest. As long as it affects them, then it's a problem. You can thank all of those who knew better that these draconian policies are very bad and continued to follow orders. Ignorance is beyond no defense. If you good guy groups are for real, why aren't you taking control of the utilities so their power isn't shut off, including water, heating, and cooling, is that hard to ask? What about getting control of the microwave and the weather weapons or do you need help in getting that done as well?

WHAT IS OR ISN'T GOING ACCORDING TO PLAN?: Besides, there are plenty who disconnected themselves from the world and are happier so they wouldn't even know about what's going on, so let them. Not everyone is going to be wired to think and operate the same as you do. Despite the truth hidden in plain sight and/or are shown to so and so, they still won't believe it due to ideological subversion and years of indoctrination, and the conformist/order follower mindset. This whole [trust the plan have many flaws](#) and is a real cult in itself. Speaking of which, Farmers band together against the [CO2 pipeline in South Dakota](#). The [Dutch Farmers](#) party were able to slow the Government from shutting down thousands of farms, as the only good news is that more are [rejecting the WEF's](#) woke policies. As now the Dutch Government [plan to buy out the farms](#) from bribery to mandatory. For the moment the UN's plans for Agenda 2030 are [not going according to plan](#) is a moment that we should celebrate, as these evil ones plan on new ways into deceiving and coercing the people into willfully and blindly accepting their evil agenda. Doesn't one believe these [evil psychopaths need to be hunted down](#) via go on the offensive big time, as they are brought to justice, and neutralized once and for all? Hopefully, the real [good guys have scored real victories](#) not only with the Biden horror show imploding, but more signs of economic collapse, the [G7 nations are supposedly surrendering](#) and CNN taken over by the supposed good guys, and perhaps things are ending of the Babylonian slave system? Why does the US Federal Corporation have to go through [chapter 11 bankruptcy](#)? Why does the evil crap show continue as the [US federal corporation buys more time](#) by extorting Thailand gold and conning the Chinese royals? It's true that the [US Corporation is Bankrupt](#) as we are seeing more [corporate and woke](#) BS. With those in positions of power who are resigning from the top of the Governments to [Police Commissioners](#) from Baltimore and NYC. Supposedly [Trudeau is in Stu-Crane](#) after being found guilty in a military tribunal in Quebec, which led to the fires all round Canada. As more are exposed with human trafficking, the biolabs, and those in Israel splitting ownership of the [Temple Mount](#) as they plan on rebuilding the third temple that fits end times Revelations.

The Pentagon made another [accounting error](#) providing [\\$6.2 billion](#) to Stu-Crane, no different than the \$2.3 trillion missing from the Pentagon prior to 9/11 but never knew where it went. Amazing how that works? Now, the Pentagon corrects their ["accounting error"](#) by reducing it to \$3 billion due to budget restrictions as the Pentagon will minimize the amount given so it can give more. Speaking of Stu-Crane, in 2022 [Mel Gibson helped disrupt](#) a pedophile ring, but won't be producing the docuseries. A [BlackRock recruiter shares](#) how the company [buys the politicians](#), controls the President's purse, admissions of large corporations that BlackRock controls, and how War is good for business all thanks to James O'Keefe's media group. Speaking of BlackRock as they benefit from a [Trillion rebuilding the destruction](#) they financed in Stu-Crane, no different than Halliburton in Iraq, War is a Racket! There was a [major arrest of a top central banker](#) governor from Nigeria over pushing the full CBDC. The Nigerian people were smart enough to resist tyranny, reject the CBDC, and arrest their corrupt and economically damaging bankers, while the Western woke countries are not.

OCEANGATE: With regards to the exposure of [Oceangate](#) and how the late CEO not only went woke, but [refused to hire competent](#) and experienced men regardless of age and skin color, but hired based on diversity and [cut corners such as using carbon fibers](#) and titanium that were well "past shelf life"

that led to the Titan Sub implosion disaster and five lives were lost at sea. Consider the fact the Titan went down to the lowest depths and got crushed on the Summer Solstice. Ritual sacrifice ? And just so happens to be predicted in [I Pet Goat](#) in the “reduction pressure” implosion? Then, the whole Titanic was switched with the Olympic not only for insurance purposes, but to get rid of the three billionaires opposed to the creation of the federal reserve. More importantly was this event another ritual to get rid of a billionaire who was opposed to a certain agenda? Then, you need to consider the foul play in the [seed wars](#) of Monsanto vs Engro via [SubSantogate](#). One of the passengers who perished was the Pakistani businessman who held a very high position with Engro. With the competition between these biotech corporations is another spiritual battle of bloodlines and control. Of the natural seed created by God and the seed created by man. Because whoever controls the seeds and the food supply controls the world. Something to consider is it not?

Now, whether or not the [military movement](#) in various cities in the US being seventeen of them a.k.a. “Q” and Canada is part of “[Project Cyber Polygon](#)” for cyber attacks used to benefit the globalist agenda or the white hat operation and the planned martial law, the supposed mass arrests and so forth. And supposedly the white hats have now taken over the Biden crap show, wasn’t that said years ago or is that gaslighting? The same could be said about the implementation of the CBDC as the White Hats claim they have taken over the digital currency based on the supposed change of terminology, or is that more lies as usual? Including the fact Globalist Anthony Blinken went over to Saudi Arabia for money and the US flag wasn’t there that reveals the Saudi’s don’t recognize Blinken as a representative of the US. [Blinken did offer China](#) control of the Creative Artists Agency as China turned it down, because they control most of it. As more countries have moved away from the Petrodollar and more of these globalists such as Gates are seeking refuge in China, since there is nowhere else to hide besides the heart of evil in Switzerland.

WAGNER GROUP OPERA: Besides, the Russian regime change with the [Wagner Group failed](#) and [Wagner Group’s leader Prigozhin](#) is heading for exile in Belarus. It turns out the Wagner soap opera was an [AI deep fake operation](#) in an attempt to destabilize the Russian military from what the media and the globalists want you to see vs the reality. While the globalist mainstream media continued to push regime change and chaos, when that was further from the truth, the conflict was resolved so far, and the [people cheered the Wagner Group](#) as they headed back to the front lines of Stu-Crane. After the [26 minute mark](#) of Monkey Werx US’s video it turns out the Wagner Group has been in contact with the KM White House as the coup attempt was planned weeks in advance. Did the Wagner Group turn to the deep state side and does this reveal they are working together for their agenda goals? Also, [they have operations](#) besides being in Stu-Crane, they have plenty in Africa as well. Since [Wagner’s gold and weapons](#) dealing operations have been sanctioned by the US Treasury. Remember to distrust the authorities, the alphabet agencies, media, government, parasites, and the overlords. The war fever is all part of the “wars and rumors of wars”.

How do we know that the technology used to liberate us ends up enslaving us that leads to the AntiChrist System? Am sure that certain individuals are comfortable in their own reality and some feel what works for them works for everyone else, when that is further from the truth. Yes, there are nutcases in this world that no matter what you do to help them they choose not to change for the better and still remain as they were. What about standing for the whole Truth, including the truth about ourselves, and stay on that narrow path that leads to Jesus Christ? For those advanced civilizations and/or individuals on the side of good, what about going on the offensive and neutralizing these evil doers and their minions permanently? What about recruitment via the more the merrier because this affects the universe, so much for freeing us from this prison world, thoughts?

How much further will the supposed good guy groups drag this out, when there are many who need real relief and real healing ASAP. The protests make us easy targets by the government, as they use their 5G, emf, microwave, and weather weapons. If everything that we have including bank accounts, email, social media, etc. supposedly has been mirrored, when was that all mirrored or will all of this be mirrored just before the real Nesara/Gesara? Not everyone is able to transfer what they have into gold/silver, etc. as those are [stores of personal savings](#) as they aren't emergency funds nor are generally easy to spend as this is not a time to be [complacent about the economy](#). As the investments are made so when things settle down after the economic crisis, your wealth is preserved and hasn't lost value such as money in the bank can do. As more should be asking these [ten very important questions](#) as you can't be afraid to question everything, stand for truth, and oppose evil. You need to be aware of these [Movements](#) as not only does it become politicized, but focused on creating the echo chamber, gaslighting, psychological operations, and fighting one another over semantics. With the blind spots of no connection to their local community in person as they only exist on the internet and make no effort to educate nor promote solutions. Lets focus on the exit and build philosophy, building parallel societies, and focus your energy by empowering those closest to you.

ORDER FOLLOWER ISSUES: Those who believe "it had to happen this way" continue to play God, claim they are chosen by God, because the blood isn't only on the evil doers and their minions, but is on the good guys and others was well who allowed evil to flourish and did nothing. Especially when they had the means and opportunity to take the evil psychopaths and their minions out permanently, talk about hypocrisy, ignorance, psychosis, or just following orders, which is it? This whole moving the goalpost of the 80% awakening level, who really benefits from the psychological operations? Sure more have exposed their true colors as to whether they are conformists or moralists, wise or fools. Because there are plenty to this day who will follow and obey policies as a religion/cult itself. How can you be okay with more dying from the environment, to the animals, and humanity? What are you really doing to take out the 5G, where there is no protection unless the frequencies are changed or the towers are taken down? What is being done to take control of the weather modification/warfare weapons? What is being done to feed those dying of hunger, house the homeless, send migrants back to their countries, and not lead to complete destruction? And to allow the agendas to continue under the false guise of waking people up when there are plenty who don't have the means nor the ability to do everything. More importantly without God in our lives, everything collapses due to lack of knowledge.

You can't reason with these nutcases, as more are realizing that opting out via mass exodus out of the prison indoctrination centers and into private and/or homeschooling, including parallel communities. And not giving your money \$\$ to those who push ideologies and agendas, when you destroy the consumer base and promote too much of the investor base the business in question ends up panicking and marketing trying to get you to do business with them and it isn't working. No different from other marketing firms, even the big pharma vs the natural, etc. all end up marketing their own products as they won't think outside the box and work on an individualized plan tailored towards you, as they have their strategies convincing you to do business with them. While others are in it for themselves and the big \$\$ only and could care less about the consumer, what has really changed? Despite what is being marketed, you don't have to feel obligated to go along with whatever is being sold. But it's your responsibility to question everything. It's true that people have lost their brains, common sense, discernment, empathy, morals, and principles. Until the culture, morals, and society truly changes that puts God first and help one another for the better via positive energy. Including doing what is right and not following orders that leads to evil purposes, otherwise the degradation, the demoralization, and the destabilization continues. As this battle is not only good vs evil, but the battle of the moralists

vs the conformists, and the wise vs the fools. It's no wonder why we are living in the days of Noah and Lot.

We have to recognize we have an authoritarian/order follower problem no matter if they claim to serve good or evil, it's a matter of principle. Please check out [Here's the Deal](#) channel by Brian of [High Impact Flix](#) to understand how these authorities operate, also please check out [the free thought project](#) on numerous stories that expose the authorities and real common sense solutions that don't involve the use of threats of force and/or violence. Brian explains the anarchy vs the statism mindset, injustices, and other important information that would make you think critically and learn about your liberties to speak freely and to travel freely. We don't live in a republic, we live in a dictatorship. When the federal corporation dictatorship dictates to their order followers to follow policies and draconian laws as gospel. As there are so many laws in this Babylonian beast slave system equals less freedom that benefits the government and their masters. The war is not only on free speech as the U.S. Government plans to control people's thoughts by calling it "[Cognitive Infrastructure](#)". The recent [Missouri vs Biden](#) and the two other federal [lawsuits against Biden](#) exposes the censorship of how the Government will do anything to censor free speech and the truth about their criminal and genocidal actions. Which is why they are trying to ram through the Restrict Act/Patriot Act 2.0 that would increase their power and control that suits the globalists via the beast system. It's no wonder why we live in the land of the fee and the home of the slave. When [anti-government speech becomes sedition](#) because the [government is the real criminal](#) who fears the populace that can think for themselves that are well-informed, engaged, and prepared to hold them accountable not only through the rule of natural law, but through accountability and transparency. You must question whether or not you truly value liberty or peaceful slavery and not flip flop. While protesting against the Government will make you easy targets, fuel the agent provocateurs, the police state, and violent globalist groups designed to create chaos, division, and destruction. As these measures will increase the surveillance state for more control over you.

FREE SPEECH: Over the past few days apparently the US Supreme Court seems to have grown a conscience even though it's politically motivated on one hand, I wouldn't trust them nor the authorities, parasites, and order follower minions. In [303 Creative vs. Elenis](#), the Christian web designer rights were upheld by the Supreme Court to [not promote same-sex weddings](#). The Supreme Court has ruled that the first amendment via free speech is protected from Government mandated speech as they cannot tell you what to say. Also, the Supreme Court has rejected [Affirmative Action at Colleges](#) as unconstitutional as affirmative action placed race over grace. And for the businesses right to [refuse service to the lgbt](#) customers. Despite the rulings by the courts, you will have those who would force their beliefs and ideologies, indoctrinate into group-think, and promote divide and conquer at all costs. No, the US Supreme Court is not the highest court in the land as the Constitution was supposed to keep the Government in check from violating your rights. We are not in a republic, but a [military dictatorship disguised](#) as a democracy. Why would you vote for those who compete to rob and rule you better, isn't that slavery? God's laws are eternal over man's laws that are designed for your manufactured consent and control purposes. Besides, the Cybersecurity Infrastructure Security Agency ([CISA](#)) [was behind the attempts](#) to control your speech, thoughts, and your life. But it hasn't stopped the propaganda and the psychological operations to convince the public to believe a certain way, group-think, and accept the chains of further enslavement and genocide. Once one recognizes of what the evil controllers are doing via psychological operations, it your duty to oppose it and stand against it at all costs.

With the way things are going there are plenty of [signs that humanity is doomed](#) if we keep continuing down this path of destruction with the refusal to take responsibility to change for the better, to seek

the truth, and stop obeying what the world says. Including continuing the psychological operations and circus shows that are designed to deceive. The order followers will obey orders no matter how evil they are. Not only do the uniparty [USSA government needs to be dismantled](#), but to learn on the anarchist principle of self-governance, situational awareness, the golden rule, and without rulers. No matter what happens, mankind will always have their ego's and desire for control and power as philosophies never change, along with the culture, and the balance of mercy and justice.

SOUND OF FREEDOM: I've been hearing about the influencers and promos of the film "[Sound of Freedom](#)" as you need to question whether [this film](#) will wake up the world or is this another psyop? Please recognize that real whistleblowers don't make Hollywood style movies, do press tours, marketing, and profit off the movie. In reality, it's all about sharing the truth no matter the cost of your life. Listen to real sex trafficking survivors as [Ally and Shelly](#) have been on the run for over two years as they have been harassed, threatened, and more for exposing the truth. Apparently, the Operation Underground Revolution (O.U.R.) do have [operations in the USA](#) and worldwide than what others are inclined to believe otherwise. This is not to say that children aren't being rescued and [aren't being helped](#) not just in the USA, but [worldwide](#). Question as to why is this film being promoted and who benefits. There is no such thing as ex-CIA. Also, the sister of [Jaco Booyen Ministries](#) was trafficked as he did a lot to expose (at the border) and help share the information. Please question everything of what is true or false and not be sucked into more psychological operations.

WHO ARE YOU: Another thing to add about the Big Sib latest study on "[Who are you, I don't know](#)" is about the journey thereof of the real ups and downs, knowing who you are in the spiritual, as the natural man cannot discern things in the spirit as it's very clear in 1 Corinthians 2:14. Understand no matter which group and/or man claims to have a utopia will always seek control and power, seek their ideals and/or idols, foolish wisdom, waste their time on endless pursuits that leads to nowhere, and pleasures that lead to endless pain. As the Bid Sib said, "*As true freedom is liberty without the use of coercion, the same that God gave man.*"

WHAT IS TRUE OR FALSE HERE: Has anyone noticed that both the good and the bad guys follow orders and answer to their superiors? You want to talk about conformity issues? Am not buying the supposed arrests and other BS. Why aren't there more questioning as to whether the information from "sources" are true or false, who are "experts", including information from Real Raw News that are known to print stories that are satire and use scripts from other movies. Forget whether it's a movie, this is real life, while more are suffering and dying as a result of the decisions of both the good and bad guys. Notice how people are not only cruel to each other, but to the animals as well? Who is the hypocrite here when so and so are playing God to suit their own interests, really? Why aren't the real good guys recruiting to take down the evil doers, what's the hold up? Aren't you interested in preserving life and neutralizing the evil doers and their minions permanently? The real awakening is within through the use of feigned words to make merchandise, and realizing that Jesus Christ is the way, the truth, and the life. If you aren't going to listen to me, then please listen to what [KS Patriot on the firehose](#) of information and [KS response](#). Please listen to Danlboon who is correct on the [false arrests](#) based on [the NDA's](#), exchange of currency, the agencies know when this will happen, please listen to the rest of us have the right to be heard. Why can't any of you be straight with me nor anyone else asking these basic common sense questions?

Have you been ordered not to answer due to "following orders" where's the empathy for others? What bothers me are those "incompetent" who claim to know what they are doing when in fact they don't as they need more compassion, patience, persistence, and training as the circle of trust isn't

there. Also, if the people aren't going to wake up they never will. It's not just cognitive dissonance, but the mass psychosis, lack of responsibility, debased mind, ignorance, etc. This whatever 2 through 5D chess are psychological operations created by man as mankind will always desire control and power no matter what. The culture needs to change how we treat one another for the better not the worst, but may never happen as philosophies never change. Each of us are own worst enemy. Without God leads to chaos and destruction. What will it take for any of the real good guy groups to actually have an honest rational conversation? Do you not realize that so many need real healing and relief? How will they be able fight back against these evil doers without the ability to do so? I feel that I am not getting anywhere because you won't be clear, concise, and/or straight with me nor anyone else. So much for the circle of trust and loyalty. There is no need to fuel the evil, as there are reasons why things can't be said. There's no political savior nor any other false idols that will claim to save, but are in it for themselves and their masters. Stop consenting and wasting time with those who don't give a damn about you. There is a time for everything. What's worse is the loss of freedoms and the quality of all life in this world. Also, there are more fallen patriots and others who are targeted individuals as they are doing what they can to protect themselves. As there are some things you can't fully resolve are your anatomy and your mortality, because life is short and not everyone is living, but are surviving or are just existing. There is only so much time that one has, so don't just consider my time, but yours as well. As [I put up so much](#) for almost a year, you know how to get a hold of me if you change your mind. Because my patience has ended and I feel that I have no value in being a part of something bigger than myself. I want to be in on the action with taking down the evil doers, and feel that I am being held back with being the last to know anything is very frustrating and upsetting to say the least as that destroys my morale, do you understand where I am coming from? Yes or No?
