

The Truth About Donald Trump? - You Decide

As we have been indoctrinated, brainwashed, and fed a steady diet of disinformation, misinformation, and flat out lies, it's very difficult to know the truth about anything. Case-in-point, the truth about Donald Trump? - you decide.

Seeking discernment from our Heavenly Father, is the best chance we have of knowing what is true, and what isn't. Praying for discernment at the start of each day, is a practice I would recommend to anyone.

For anyone that has read a number of my articles over the last couple of years, you may have noted that I have gone from being a staunch Trump supporter, to just the opposite. You would be correct if you said I made a 180 degree turn.

Even as Trump supporter, his constant use of Illuminati/Freemason hand signs always bothered me. At first, I tried to convince myself he was making those gestures to convince the Deep State into believing, that contrary to the words that was coming from his mouth, he was one of them.

When a person is constantly pictured in a positive light, human nature would have you to believe, that that person is probably a good person. But how you decide for certain, if the portrayal of that person is correct or not? Some people do not go past this point, they just believe what they're told. But, when the stakes are high it's best to educate yourself in order to make an informed decision. Such is the case with Donald Trump. In our current current world, stakes regarding what type of person Donald Trump really is, doesn't get much higher!

Then, how do you decide? First, as mentioned above, you use discernment, and then you follow that up with a good deal of research, keeping an open mind, and looking at both sides of the coin. Keep in mind, that in anything you research you most always will find positives and negatives. The more research you do, the more you will learn to ask the best questions to guide your research. Since you are currently on the Operation Disclosure Official blog, knowing Judy Byington is the writer, how many of you have done any research into her background? Or since you are reading an article I'm writing, how many of you have looked at my background? I'm just saying this to indicate that good research requires you to get as close as possible to the source of the information you are seeking.

In days B.C. (before Christ), when you made accusations about another person it required only two or three witnesses to determine the guilt of the accused. See Deuteronomy 17:6 and 19:15. In Biblical times lying wasn't nearly as prevalent as it is today. Today, for the right price you can buy any testimony you need, not from everybody, but in my opinion from most. Consider this in your research as well.

Now to search for the truth about who Donald Trump really is, again, you decide. Based on my research this is only a few of my findings. I decided to refrain from giving you the complete list of the things I found, in order to encourage the reader to begin his or her research to add to the list. Keep in mind, I'm not naive enough to believe my research produced an exhaustive list, however, it did provide enough evidence to allow me to believe I could make a well informed decision.

* DONALD J. TRUMP IS A ZIONIST. Allow me to pause right here to include an excerpt from a recent Restored Report, this one dated 12-13-23:

Zionism and the State of Israel is in reality a Satanic political movement funded and supported by the Khazarian Mafia **to create a Jewish State through creating continuous wars.** Pretending to be of the Jewish religion, they are dedicated to Satan.

Biden admitted to being a Zionist and supporting the State of Israel. Many Christians fall for Israel thinking it's the Biblical Israel. When in reality, the state of Israel has nothing to do with Biblical Israel. The name Israel is another name for prophet Jacob (Yaqub in Arabic) Zionism is a Satanic Bolshevik/ Marxist political movement that larps as Jews which strives to create a Jewish State in order to build their 3rd satanic temple for the arrival of the Antichrist.

This in itself would be enough for me. No Zionist, would head up a so-called White Hat Alliance to remove the Illuminati, aka Black Hats, aka the Deep State, aka the Cabal.

A prophecy was given in the Bible speaking of a new nation of Israel being formed in a day, however it wasn't God that brought this about, it was one Satan's allies, the Rothchilds that fulfilled this prophecy.

* D.J.T. is a Freemason. The Mason's God is also the devil.

* D.J.T.'s TrumpTower is an edifice, replete with Satanic symbolism, outside, and inside. This applies especially to the Trump residence on the "66th" floor, which would have no doubt been the 666th floor if the financing and structural engineering had been available on the limited footprint available in Manhattan. Note: For continued research, delve into the business housed in the Trump Tower.

Important note: In actuality, the Trump Tower does not contain 66 floors, so it should make any open-minded person wonder why many floor numbers were skipped to allow his penthouse to be numbered as the 66th floor.

* Research Trump's Family Crest, which will provide further evidence into who he really is.

* You are known by the company you keep. Trump, lists Henry Kissinger, Klaus Schwab, as close friends, two of the most evil men that ever graced our planet. He was close friends with the Clintons before the optics had to change while running for President. Is there anyone reading this article that thinks Hillary (Killary) is anything less than evil personified? And research will show you that Donald Trump, and Jeffrey Epstein, were nearly joined at the hip. You know what Epstein's Island was famous for! It wasn't just about the ability to blackmail any V.I.P. that may choose to oppose the agenda of the New World Order at some future date, but it was the heinous crimes of torture, rape, and murder, perpetrated against young innocent children. Trump's pedophilia predated, and was a factor in his numerous bankruptcies due to the multiple millions he had to pay out as hush money.

* Trump's very unnatural, and lust for his daughters, mostly Ivanka, should make one severely wonder about his character.

* Before turning the research over to the reader, just note that nearly everyone playing a major role in Trump's organizations are Zionists.

The above comments does not at all provide a comprehensive list of things that will help you know the real Donald Trump. Please do your own research.

It requires a lot of time to go deep into a rabbit hole. You must first work through the many testimonies and articles written on a person's behalf that will try to convince you that what you may find, if at all adverse to the character of the one they are writing to defend, is a bunch of lies. That's why I say, you decide.

Unfortunately, this very blog, constantly tries to make you think that people are far more than they really are. Take Dr. Fraud (Charlie Ward) as a prime example. I was an early follower of Charlie Ward. A couple of things came to

mind as I started watching his shows. Number one, he didn't seem to be too aware of what was going on in the world. He gained the vast amount of his knowledge through the many and diverse people he interviewed. He used his son, to establish the Christian nature of his show. In the early days the most difficult thing he struggled with, was trying to stay awake while the person he was interviewing was speaking. Also, I remembered him speaking about the 650 plane loads of gold, documents, and artifacts, that was taken from the Vatican, and flown mostly to Fort Knox for safe keeping. He never mentioned his participation in that massive operation. Now, it is said that he ran the operation. But in thinking about it, it's not too much a stretch. for one who simply listed himself as being a Doctor, on his Driver's License, at the suggestion of a friend, who said it would help get out of tickets at any traffic stops he might encounter. And, today, good ole Charlie is practically a head of the GCR.

He's just one of many people you might want to research. Lt Gen. Michael Flynn may be another, as maybe Elon Musk, and really many others. You might even want to look at the Mormon church, and its founder Joseph Smith, and how his church mirrors Freemasonry. Don't get me wrong, the vast majority of Mormons are wonderful people, it's just like in Freemasonry. it's the people at the top that are the problem. Judy Byington, in her writing has pointed out the state's abuse of children, etc. but it's also the state where the NSA chose to locate. That has caused cause me concern, but admittedly, I have yet to go down that rabbit hole.

This article is longer than I thought it would be, but allow me to make a couple of more points. Bo Polny, has said, that he believes Trump, is God's man to carry out His plan. He said he believes Trump will have a "come to Jesus moment." No one hopes that is true more than I do, but a lot of people have to be in a very dark period of there lives before they think to cry out to God for his help while repenting of their misdeeds, but personally I don't believe Trump is there yet. If I ever become aware that it has happened, I'll be the first to jump back on his bandwagon.

I'll close with saying, that I know the one true God (Divine, the Source), is in charge and everything will be done in his timing. I have many favorite Bible verses, I'll close again with Proverbs 3: 5-6: Trust in the LORD with all thine

heart; and lean not to thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths. Verse 7 of the same chapter, says, "Be not wise in thine own eyes: fear the LORD, and depart from evil."

What is the truth about Donald Trump? Again, you decide.

God Bless,

Wayne Miller
