

Bombshell Report Judy Byington: “Child Sacrifice Perps Including Judge, Sheriff Arrested by DELTA FORCE, Whistleblowers Charged by Corrupt Court Tied to CLINTONS”!

Judy Byington, MSW, LCSW, Therapist ret, Journalist, Author, “Twenty Two Faces: Inside the Extraordinary Life of Jenny Hill and Her Twenty-Two Multiple Personalities”

There were three Satanic Covens with around 95 perpetrators who were taken out and arrested by Delta and ISA Military Forces on a quiet Saturday night just before April Mother’s Day 2021. The group, who mainly resided in peaceful Cache Valley Utah, was charged with raping and killing children in Satanic rites over a period of many years.

Like so much news about the Satanic Ritual Abuse (SRA) of children in our society, the Mainstream Media failed to cover the story – plus any news on it ever since.

One group of about 75 Satanic worshippers were discovered in a barn near Preston Idaho, another group of about ten were near North Logan Utah and a third group of ten were near Wellsville Utah.

For several years Whistleblower Tom Fairbanks had been actively involved with Intelligence Support Activity (ISA) undercover operations and exposing the Satanic Ritual Abuse (SRA) of children in Cache Valley. In liaison with **Delta Force**, Fairbanks and his Military Liaison had successfully infiltrated the Satan worshipping groups.

During that same time Fairbanks also made numerous requests to open investigations on the rapes and murders of children in Cache Valley to the Utah State Bar Association and Utah State Attorney General’s office. What was strange was that instead of opening investigations, those appeals to legal entities were followed by numerous death threats – on Fairbanks.

By May 25, 2023 Fairbanks was read in on another Sting Operation that took place a few days later on the Satanic Holiday of May 30, 2023. There were twenty-two Delta Force Operatives who interrupted a Child Sacrifice Rite in a Cache Valley Canyon. Baby Saved; Delta Force Arrest 48 Satanic Perps Including Judge, Sheriff, While AG Sets Sheriff Free & Charges Whistleblower Who Set Up Sting Operation.

A bleeding baby was saved, while 48 Satan Worshippers were arrested – one of whom was a local District Judge and another, the Cache County Sheriff. To Fairbank’s surprise, the Sheriff was released without explanation. He suspected that US Attorney General for Utah John Huber played a part in the Sheriff’s release.

In 2016 John Huber’s national notoriety had come into public view after he was appointed by the United States Attorney General under **President Donald J. Trump**, to investigate **Hillary Clinton, the Clinton Foundation** and their ties to Child Trafficking and the Satanic Ritual

Abuse of children. The appointment was felt to be one of convenience due to Huber's location and access to the NSA data center located in Utah. "After all, the Super Computer at NSA has it all"!

From Oct. 30 2017 to March 31 2019 Huber and his team of 740 investigators had filed indictments against global elites, averaging 5,521 per month. By January 2020 Huber gave a report of his Clinton investigation findings to President Trump saying, "There was nothing to see".

Trump responded by calling Huber "a human garbage disposal". Obama, Clinton, Pelosi Among Those Expected Charged with Treason, Sedition .

Fairbank's connection to Huber's so-called investigation of Hillary Clinton's interest in SRA had begun a few years prior in January of 2018 when Fairbanks published a book titled, "American Crossroad of Trust," His book concluded with matters that John Huber was supposed to be investigating under mandate of the Trump Administration (see Clinton's Frazzeldrip Video where she was shown torturing and killing a child Is a Hillary Clinton 'Snuff Film' Circulating on the Dark Web? | Snopes.com)

In the second edition of his book Fairbanks discussed Hillary Clinton's interview with Matt Lauer just prior to the 2016 election, in which Clinton threw a tirade and declared, "If that B*\$#% @d wins, we all hang." Was Clinton predicting that if Trump got into power they would uncover her many crimes including the ritual abuse of children?

It wasn't until a year later in April 2019 and before Trump took Huber off the Clinton investigation that Fairbanks innocently approached John Huber on his information about the ritual abuse of children in Cache Valley Utah.

It took only seven months for Huber's office to file charges – against Fairbanks – without ever investigating any of Fairbanks' claims. In fact, Huber eventually was to make a decision to indict Fairbanks on bogus charges, which could have been a means of silencing him.

Huber appeared to have reason, some of which were thought connected to Satanic Ritual Abusers engrained in the Utah legal system and the Federal Tax case of Ken and Barbara Cromar, more popularly known as "Barbie and Ken vs. Goliath IRS."

By July 1 2020 Barbie and Ken faced trial in Utah Fourth District Court, charged with living in and stealing from their own home. Even though they had been cleared by a Federal Tax Court of owing any money to the IRS, they had twice been attacked by 75 men SWAT Teams, who eventually seized their fully owned home and threw all possessions in dumpsters, including expensive camera equipment Ken used to make a living.

The Fourth District Court jury (which was not allowed to review evidence from the Federal Tax Court case that proved the Cromars had been cleared of owing any money to the IRS) found them guilty of owing the money – which was no surprise since during their nearly five year

battle with the IRS and 15 past court filings, they had been continuously denied due process of Law by a seemingly corrupt court system.

Just as Fairbanks was experiencing while fighting Huber's bogus charges, the Cromars had been denied the right to file documents in their behalf, denied the right to call witnesses to testify in their behalf and suffered many other injustices including the right to defend themselves in court.

Tom Fairbank's Friend of the Court Brief for the Cromars stated, "Ironically this is all happening at the same time the national airwaves are filled with news reports of alleged prosecutorial misconduct and investigations into Satanic ritual sexual assaults in Utah County" (in reference to Cromar's prosecuting Utah County Attorney David O Leavitt).

Leavitt, who was running for re-election but later dropped out of the race, had his own Satanic connection problems to think about: Utah County attorney, sheriff trade angry barbs over sex abuse investigation – Deseret News Utah County Gripped by Accusations of Phony Murder and Cannibalization of Kids (thedailybeast.com) A PAC with ties to the Utah Sheriffs' Association is trying to unseat Utah County Attorney David Leavitt (msn.com)

Back on April 16, 2019 Huber claimed jurisdiction over the Cromar case by moving it from being a civil matter in the Utah Fourth District Court to his jurisdiction in the US District Court. Was it Huber's need to protect errant court officers and judges? Perhaps the local District Judge and Cache County Sheriff arrested in the May 2023 Satanic Coven Sting Operation had connections to a corrupt Utah legal system?

Meanwhile, Huber continued to conceal Hillary Clinton and her co-conspirator's Satanic ties, acts of Treason and Crimes Against Humanity.

On August 5, 2019, Chief Judge Timothy D. DeGuisti dismissed Barbie & Ken's Complaint for "lack of jurisdiction" and denied Barbie & Ken their Motion for a Hearing. Barbie & Ken's Appeal of Judge DeGuisti's decision was also denied.

So, why did John Huber claim jurisdiction of this Complaint by Barbie & Ken, especially when Judge DeGuisti openly declared that Barbie & Ken's Complaint was dismissed for lack of jurisdiction? Why would a U.S. Attorney interfere in a civil matter? Why did John Huber feel the need to protect errant court officers and judges through the sabotaging of Barbie & Ken's civil complaint and the court system? What would possess a man to do such a thing and to leave a paper trail behind.

By October of 2021 Fairbanks had passed on Intel to his Military Liaison about a couple whose last name was "Huber," who were heavily involved with Adrenochrome production (the very expensive blood of traumatized children used by Satanic Elites for "Highs" and Age Reversal). Although not officially confirmed, the couple was believed to be the brother of John Huber.

A week after exposing the Huber couple Fairbanks was admitted to a hospital with a supposed Covid diagnosis. At the end of his thirty-one days of hospitalization he was given a complete

examination by a respiratory therapist. One hour prior to being discharged, the therapist exclaimed, “I don’t know how to fill out the COVID report because he doesn’t match!”

Fairbanks suspected that his so-called Covid diagnosis and hospitalization was connected to someone trying to make sure that he wouldn’t live to talk about Satanic Ritual Abuse (SRA), pedophilia, and human trafficking in Cache County. Though, God seemed to have other plans for Fairbanks – he was literally saved by a miracle in that hospital.

On June 23 2022 Fairbanks filed a Friend of the Court Brief (Amicus Curiae) on behalf of Barbara and Ken Cromar. Fairbanks also produced a News Release on behalf of the Cromars with the subject line of, “U.S. Attorney District of Utah Implicated in Criminal Cover-up of Barbie & Ken’s Innocence.”

On Friday May 19, 2023 Fairbanks filed a surprise Motion, in the Salt Lake City Federal Court, suspending a sentencing hearing for Fairbanks scheduled for Wednesday May 24, 2023. The filing revealed to the Court that Fairbanks was, in fact, actively participating with Intelligence Support Activity (ISA). He was operating undercover while exposing Satanic Ritual Abuse (SRA) and documenting Crimes Against Humanity in a criminal case brought against him by John Huber’s office.

The Federal Judge’s intentional ignoring of Fairbanks’ Court Filing and stated threat in a Warrant for the Arrest of Fairbanks on May 24, 2023 legally amounted to a Declaration of War against Fairbanks with the stated intent to Manslave (Traffick) him.

The next day, May 25, 2023, Fairbanks was read in on the Sting Operation that finally took place a few days later on the Satanic Holiday of May 30, 2023 when twenty-two Delta Force Operatives were able to interrupt a Child Sacrifice Rite in a Cache Valley Utah Canyon and save a baby about to be murdered. After that Fairbanks was instructed to “go dark” (undercover) until military protection could be arranged for him.

As a result of threats against Fairbanks and his wife, on Thursday June 1, 2023 an appeal to JAG (Judge Advocate General – the Military) seeking redress was hand carried on behalf of Fairbanks. The Appeal, under Proclamation 104 – Suspension of Habeas Corpus throughout the United States sought to have the matter discharged in accordance with “an act relating to Habeas Corpus, and relating Judicial Proceedings in Certain Cases”.

Because of this Declaration of War against Fairbanks, his appeal has now been given to JAG. The military remains the only lawful legal authority in a time of War. This is why it has been stated so many times, “Military is the Only way”!

Following release of the May 2023 Memorial Day Satanic Perpetrator Sting Operation story, Fairbanks received word that someone had been given a “Code 4,” which meant that someone had been compromised. Instructions were given him to limit direct communication as everyone was being tracked and traced.

Fairbanks received word from his Military Liaison that he had a tail on him. He did not know who they were connected to and expressed concern that someone was going to great lengths to put surveillance on him, which exposed an even bigger effort to find and locate Fairbanks' whereabouts.

While under protection, Fairbanks had a chance meeting with an informant which led to the disclosure of the NSA's (National Security Agency) connection to the Utah Highway Patrol, the Utah Governor's Guard, and even an NSA connection to the infamous January 6th Ray Epps and the special protection and treatment Epps has been receiving in Central Utah since Epps "**went into hiding**".

Ray Epps bound into the national spotlight on a January 6, 2021 Demonstration at the US Capitol by claiming, "I was in the front with a few others. I also orchestrated it." Video footage from the night before, January 5, 2021, showed FBI/CIA fed agent provocateur Ray Epps screaming "We need to go INTO the Capitol." Then the peaceful January 6 protestors scream "No!!! Fed! Fed! Fed!"

How many Americans, especially leftists, know this happened? Many are asking, "Why isn't Epps in prison?" We pay **FBI/CIA** to encourage violence at protests? By his own actions, Ray Epps clearly had a prominent role in and before January 6th.

Lastly, Fairbanks was not the only one who has suffered political tyranny for his participation in the Satanic perpetrator Sting Operations that included uncovering of SRA and human trafficking in Cache Valley. Fairbanks' Military Liaison has also suffered financially – plus on Mon. 19 June 2023 ended up in the hospital after being poisoned – his present condition, critical.

As of this date the Liaison had not received his monthly disability/retirement payments for the last eight months, leaving him in a position of desperation. The Liaison had successfully appealed to a Military Court to intervene in his behalf, but still had not yet received his monies. Through, he had received numerous calls telling him that his money problems would be over if he would just abandon Tom Fairbanks.

Just prior to being poisoned the Military Liaison received a phone call with an AI voice reading a message of warning saying,

"If you will turn over Tom Fairbanks to the Federal Authorities, we will stop interfering with your monthly payments."

All of the previous phone call threats have been from a human source, yet in this most recent revelation, the call came from an AI source that appears to be connected to the NSA – an incidental element of great significance as to who is behind all of [the surveillance](#).

John Huber's close connection to the National Security Data Center in Utah, Governors Gary Herbert and Spencer Cox, the NSA-UHP Governor's Guard, along with the apparent protection of Ray Epps who is hiding in Central Utah, may be the smoking gun that reveals everything, including what and who were really behind January 6th at the US Capitol.

Meanwhile as of today Thurs. 14 March 2024, Ken Cromar and Tom Fairbanks remained in jail awaiting hearings.
