**Judy Note: Last weekend's take down** of Venezuela's President Maduro's Regime and their Drug and Child Sex Trafficking, Adrenochrome and Organ Harvesting Satan worshipping Terrorist Cartel had much more implications than appeared on the surface.

**Two other raids occurred around the same time** and were connected to the same Deep State Cabal. The Center of a massive International Child Sex Trafficking, Adrenochrome and Organ Harvesting network located on an island off the California Coast was raided by Federal and Military intelligence. [FBI & DEA Raid Somali Elites Couple “Luxury Island” in CA — 450 Children Rescued | FBI Files](#)

**A few days later raids that covered 21 major US cities garnered 5,000 Cartel arrests.**

**In the shadows of those charged who covered up their crimes were those who held high positions of power** within the Deep State Cabal – mainly in the US Senate. **Tues. 6 Jan. 2025 Matt Morris TV:** Right now 60 out of 100 US Senators, mainly Democrats, To Be Charged For Ties With Drug Cartel, Child Sex Trafficking: [They are ALL getting ARRESTED.](#)

**That massive Child Sex Trafficking, Adrenochrome and Organ Harvesting network operated** through private islands, offshore transport corridors, shadow ports and corporate fronts. Major US metropolitan centers that connected to international routes were used as transfer points for funds and medical facilities. Money laundering operations ran through real estate, biotech startups, media conglomerates and philanthropic foundations.

**The transnational criminal network** was designed to function above the law, having been shielded from public scrutiny by it's political figures, financial power brokers and intelligence connected operatives. The criminal practices were hidden in over 40 shell corporations that were spread across multiple jurisdictions. They used legal loopholes, NGO covers, humanitarian fronts and private security contracts to move assets, silence victims and erase trails.

**The massive network survived through protection:** Encrypted channels, classified Black Budget pipelines and intelligence level communication protocols were used to maintain silence. Whistleblowers were threatened, bankrupted, disappeared or smeared.

**Now their accountability will be under Military Law.** Those who believed their titles, passports, connections and media shields would protect them were facing charges of Crimes Against Humanity in Military Courts. There have been 30,000 new GITMO detention beds activated.

**International connections to the raids included a Chinese Communist Party billionaire Neville Roy Singham.** Singham has been paying for rioters in California, New York, Chicago, Florida, Boston and Portland who were protesting against Trump's bring down of Venezuela's President Maduro Regime and their Drug and Child Sex Trafficking, Adrenochrome and Organ Harvesting Satan worshipping Terrorist Cartel.

**According to Fox News**, "Democrat DNC paid protester requests have surged 400%. They are all being paid. The range can be from the low hundreds, into a few hundred per protester, per protest."

**At the same time the Mainstream Media** has refused to cover Venezuela immigrants' celebrations in the US about the takedown of the Venezuela dictatorship, many of whom planned to go back to live in their now-free home country of Venezuela.

**This cartel was embedded in the Democratic Party** and all US government systems. According to FBI Director Kash Patel, the complete framework of US Government Systems were being audited – from financial, medical, educational and judicial systems to energy grids – all for the purpose of better conforming to freedom concepts of the original Constitution.

**On the bright side, on 1 Jan. 2026 the gold/asset-backed Global Financial System launched.** This move would eventually wipe out all monies presently feeding the Deep State Cabal. Foreign currency revaluations have already began processing across more than 200 nations, triggering phased payouts to currency holders and bond redemptions and bringing The People's money back to The People.

**Sources close to Redemption Centers report** that higher-tier appointments were underway, with notifications expected to flood in over the coming days, bringing forth prosperity long promised.

**NESARA/GESARA protocols are now in full effect globally**, enacting universal debt forgiveness that wipes away mortgages, loans, credit cards, and all unjust burdens imposed by the old fiat regime.

**As Central Banks collapsed and the IRS dissolved into the new Treasury**, a flat tax on new items only was set to fund the new government.

**Med Beds were emerging from secure facilities**, with rollout accelerating for public access in the near term—priority given to healing the afflicted, including rescued children and those harmed by past deceptions. Advanced technologies promise restoration of health, reversing ages.

**This wealth transfer heralds an era of peace**, sovereignty, and spiritual renewal.

**Reports indicated that mass arrests of high-level Deep State operatives were accelerating, as Trump's Global Military Alliance forces continued sweeping operations to dismantle remaining strongholds of corruption.**

**Those brave alliances have rescued thousands more innocent children from underground networks. Please give a prayer for these valiant souls who risked everything to protect the vulnerable.**

**The Emergency Broadcast System remained** on high alert, with sources confirming that worldwide activation could commence at any moment, ushering in the long-awaited Ten Days of Communication Darkness – a period when communications will go silent, and the full truth of corruption, fraud, and pedophilia will be broadcast in relentless eight-hour exposés, repeated three times daily 24/7 in 72 languages across the World.

**Prepare for the Seven EBS "Trumpet" Messages:** Your phones will blast seven urgent alerts – each message commands you to tune in as the EBS takes over ALL broadcasts.

**During this period truths will be broadcast** through secure channels, exposing the extent of deception while military tribunals proceed. Communications may be temporarily disrupted to prevent interference, but order will be maintained by White Hat forces committed to the Republic's restoration.

**It has been suggested to stock at least a couple of weeks of essentials** such as food, water, medicine and cash for your family and to share with others.

**A. Wed. 7 Jan. 2026: What happened around Maduro is not a headline event. It is a signal event. ...FBI Director Kash Patel**

**When a figure like that is removed from the board**, the objective is never the man himself. The objective is the infrastructure that collapses once the man is gone. Venezuela was never just a country in crisis. It was a vault. A junction point. A financial and logistical relay hidden in plain sight since the Cold War years.

**The real extraction was data.** Servers buried far from public oversight. Energy ledgers tied to oil shells that never appeared in official reports. Transfer routes connecting intelligence budgets, cartel logistics, and offshore foundations that fed conflicts far beyond South America. What the public was told were refugee flows and sanctions failures were, in reality, controlled corridors for money, people, and leverage.

**This is why military assets moved quietly** and why media narratives arrived late. The tunnels under Caracas were not built for escape. They were built for continuity. And continuity just broke.

**Trump's role in this phase is not symbolic.** Asset seizure is the key. PDVSA is not about oil anymore. It is about tracing the money chain upward, not outward. Every frozen account forces another name to surface. Every surfaced name tightens the circle around those who thought geography would protect them.

**Watch what happens next.** Not in Caracas, but in boardrooms, foundations, and quiet resignations that will be called coincidences. Some will disappear from public view. Others will suddenly be “found.” The pattern is already visible if you know where to look.

**This is not the end of an operation.** It is the moment the oxygen was cut. The noise will increase. The truth will move silently.

**H. Wed. 7 Jan. 2026 MAJOR MILITARY DEVELOPMENTS COORDINATED OPERATIONS TARGET ELITE NETWORKS ACROSS MULTIPLE CONTINENTS**  
...Carolyn Bessette Kennedy on Telegram

**A series of coordinated military and intelligence operations** has unfolded over the past week, signaling a decisive escalation against elite-controlled infrastructure tied to trafficking, illicit finance, and covert research programs. These are not drills or symbolic actions. They are targeted strikes against long-protected nodes.

**Multiple sources confirm that U.S. Special Operations units** executed raids on locations linked to human trafficking corridors, offshore financial laundering, illegal weapons transfers, and restricted research facilities. The operations were conducted under direct executive authority and outside routine military disclosure channels.

**In South America**, a facility publicly labeled as a narcotics operation was seized. On-site evidence indicated underground laboratories tied to chemical and biological experimentation rather than drug production. Materials were secured and transferred to classified military research facilities for analysis. The site has since been neutralized.

**Command coordination** for these actions is reported to be centered at hardened military installations, not public-facing political offices. These locations are being used to review satellite intelligence, oversee joint task force deployments, and coordinate global financial asset seizures linked to criminal networks operating above national borders.

**Parallel actions** have taken place in Europe, North America, and Africa.

**In Europe**, financial infrastructure tied to off-ledger digital assets was quietly taken offline. These systems were reportedly used to move funds connected to trafficking, blackmail operations, and unauthorized data markets. Public explanations have focused on financial crimes, but the scope of the seizures points to something far larger.

**In Canada**, a private airstrip and underground storage site were secured during a covert operation conducted under existing cross-border emergency frameworks. The location contained stockpiled assets, including precious metals, communications hardware, and data systems maintained outside national oversight.

**In Africa**, air strikes targeted compounds linked to proxy groups used to move weapons and funds under humanitarian cover. Intelligence reviews indicated misuse of charitable channels to facilitate arms transfers and regional destabilization.

**Naval activity has also intensified.** U.S. naval assets are positioned in key maritime corridors, officially described as routine patrols. In practice, these deployments are restricting unauthorized movement of cargo, personnel, and digital infrastructure between known offshore staging points.

**At the same time, advanced analytics** and artificial intelligence systems are being deployed within military supply and logistics chains. These tools are designed to identify internal compromise, sabotage, and information leakage by analyzing behavioral patterns, procurement irregularities, and operational anomalies. The objective is internal cleansing as much as external enforcement.

**This is not a conflict between nations.** It is a conflict between hidden control structures and those dismantling them. What is unfolding is not cleanup. It is reclamation. More facilities will be exposed. More financial corridors will be shut down. More protected networks will lose cover.

**This is not the beginning.** It is the acceleration phase. History is not being announced. It is being executed.

## **I. Wed. 7 Jan. 2026 Complete Framework of the US Government Financial and Structural Systems Being Audited – from financial systems to energy grids ...FBI Director Kash Patel**

**Something significant is happening** far from the cameras, and it has nothing to do with elections, wars, or the stories filling the front pages. The movement is happening inside systems that were never meant to be discussed publicly. Identity frameworks are being audited quietly. Data ownership agreements that people unknowingly accepted years ago are being reexamined line by line. This is not reform. It is a rollback.

**The most important shift is not financial.** It is structural. Who owns the records. Who controls access. Who has the authority to revoke, freeze, or reassign identity-linked permissions. When those questions change hands, everything else follows.

**Energy grids are being treated the same way.** Not the power plants you see, but the control layers behind them. The software. The routing logic. The failover protocols. Once those are isolated, entire regions can be stabilized or destabilized without a single switch being flipped in public.

**This is why you are seeing sudden “updates,”** unexplained delays, and policies that appear to contradict themselves. They are buying time while legacy control frameworks are dismantled and replaced with something far more centralized and far less visible.

**The people who built the old system assumed** it would never be questioned. They assumed compliance was permanent. What they did not account for was a moment when the records themselves would become evidence.

**Watch for sudden reversals** that make no political sense. Watch for institutions quietly stepping back from positions they defended aggressively just weeks ago. Watch for silence where there used to be certainty.

**This phase is not loud. It is precise.** And once it completes, a lot of things people thought were immutable will turn out to be optional after all.

### **J. Wed. 7 Jan. 2026 Silver Surge, Iran Unrest & The Financial Storm ...Ten Days of Darkness on Telegram**

**Patriots, listen up—\*\*the financial storm is raging RIGHT NOW\*\***, and it's crushing the deep state like never before! Australian warrior Ricardo Bosi just laid out the explosive truth in his 2026 forecast: silver is surging to the moon, gold exploding past \$5,000, while Iran's regime teeters on total collapse amid massive nationwide uprisings. This isn't coincidence—this is the Great Reset flipping against the cabal, as Trump's White Hats unleash economic hellfire on the globalists!

**Bosi breaks it down raw:** Iran's streets are erupting in chaos as of this week in January 2026—protesters storming cities, clashing with security forces, the rial in freefall, inflation skyrocketing over 40%. The mullahs are panicking, killing innocents, but the people are rising! Trump himself warned: America is locked and loaded to back the freedom fighters if the regime attacks. This unrest is the spark—\*\*Iran's deep state puppets falling exposes the entire Middle East web tied to China, Russia, and the BRICS fraud\*\*. As their empire cracks, precious metals skyrocket because smart money knows the fiat dollar scam is dying fast!

**Silver storm is HERE, Patriots!** Bosi predicts silver blasting into price discovery above \$65, potentially \$100+ by mid-2026, driven by industrial demand, supply shortages, and safe-haven panic. Gold hitting \$4,500-\$5,000 easy, with upside unlimited as central banks dump dollars and load up on real money. This is the greatest wealth transfer in history\*\*—from the corrupt elites to We the People who stacked early! The Fed's trapped, rates can't rise without imploding everything, while Trump's tariffs and dominance shatter BRICS dreams.

**But it's bigger: This financial storm wipes out the enemies worldwide**—banking cartels collapsing, adrenochrome networks exposed as economies burn the cabal's control. Underground truths surfacing, med-beds incoming, NESARA/GESARA activating quietly. Iran's fall saves Israel for last? No—it's accelerating the precipice! Protests spreading globally, sheeple awakening to election steals, pedo rings, and satanic rituals.

**\*\*Stack silver and gold NOW\*\***—it's your armor against the crash! Trump's team is orchestrating this perfection: hitting Iran proxies, seizing cartel assets, preparing EBS for full

disclosure. 2026 is biblical—justice thundering, traitors fleeing, Republic restored. The deep state begged for mercy, but God's warriors deliver none!

**Hold the line unbreakable!** Pray for the Iranian patriots and our forces. The storm unleashes victory—evil crumbles, freedom reigns eternal. \*\*God wins HUGE! Nothing stops the plan, the wealth flood, the glorious reckoning. WWG1WGA! Get ready, because the fireworks explode all year—the beast dies screaming, and we rise sovereign! NCSWIC

#### **K. Wed. 7 Jan. 2026: EXPOSED: MINNESOTA'S \$425 MILLION FRAUD SCANDAL — WALZ'S DHS CAUGHT HIDING SYSTEMIC ABUSE ...Ezra Cohen on Telegram**

**A newly released audit has blown open a massive failure inside Minnesota's public institutions.** The Office of the Legislative Auditor has documented extensive fraud, waste, and abuse tied to more than \$425 million in grants overseen by the state's Department of Human Services. What emerges is not a story of simple mismanagement, but of systemic breakdowns, missing oversight, and actions that raise serious questions about accountability at the highest levels.

**At the center of the controversy sits Tim Walz.** According to the audit, the Minnesota Department of Human Services failed to properly monitor hundreds of millions in public funds. More troubling, auditors found evidence that records were altered and documents backdated after scrutiny began, creating the appearance of compliance that did not exist at the time decisions were made. This pattern points to concealment, not clerical error.

**The audit details how internal controls were ignored,** red flags were missed or dismissed, and corrective actions were delayed until after investigators intervened. In several cases, paperwork was generated retroactively to justify spending that had already occurred. For taxpayers, the message is stark: safeguards meant to protect public money were either ineffective or deliberately bypassed.

**Beyond the technical findings lies a broader concern about governance.** When oversight collapses on this scale, public trust erodes. Programs designed to serve vulnerable communities become vehicles for enrichment, and confidence in institutions weakens. The audit raises the question of who benefits when accountability fails and why warning signs were allowed to persist for years without decisive action.

**This is not merely a state-level embarrassment.** It reflects a national pattern in which complex grant systems, limited transparency, and political insulation create environments ripe for abuse. Minnesota's case is now a test of whether exposure leads to reform or whether consequences stop at the report's release.

**The path forward is clear.** Full accountability must follow the facts laid out by the Office of the Legislative Auditor. That means independent investigations, recovery of misused funds where possible, and structural reforms to ensure oversight cannot be quietly neutralized again.

**This scandal is about more than numbers on a balance sheet.** It is about whether public institutions answer to the people who fund them. Minnesota now faces a defining moment: confront the failures openly, or allow another chapter of corruption to fade without consequence.

**L. Wed. 7 Jan. 2026 Med Beds ...Med Bed Technology on Telegram**

**We will know we are close to receiving this world's precious gift when the announcement of the IFCM Institute** in collaboration with the Swiss US Construction comes to pass as the introduction of over 800.000 patents and cures will be among them.

**These Quantum Therapy Med-Beds** come in three different modules and three unique combinations ; they all work on various vibrational and frequency levels with refracting lenses and 3D scanners, as well as surgically precise lasers for opening and closing wounds.

**These quantum healing devices** contain vast monitoring technologies allowing the health practitioner to be fully informed throughout the diagnostic and repair sessions. Med-Beds create maximum human repair via minimal invasion by way of light and energy through tachyonic particles and plasma energy.

**Since we live in a vibrational universe,** and humans are vibrational beings, the healing occurs through a homeopathic frequency realignment approach with little to no side effects.

**All three of the Med-Beds** work with similar technologies; they have just been converted for three divergent treatments.

**The Holographic Med Bed** is built with advanced but limited artificial intelligence that works together with the human connection of a health professional to ensure the full measure of healing. They come equipped with features containing air-tight and see-through operating shields, reducing germs and claustrophobia, comfortable limb rests, liquid spray anesthetics, laser scalpels, laser mirrors, vital sign sensory and display diagnostic and analysis identification, and computer-controlled surgical arms. The computer used in operations is similar to that of an MRI machine, yet instead of radiation and magnetics, Med-Beds use plasmatic energy on a subatomic and vibrational level.

**Performs live scans of the human body;** diagnosis and treats any imperfections and illnesses within a short amount of time and great accuracy; scanning every inch and system

within the physical body, diagnosing and interpreting of blood, skin, bones, organs, muscles, neurological, glands, and hormonal deficiencies. This Med-Bed will also perform a painless blood and DNA analysis, searching and correcting any hereditary markers leading to various predisposed illnesses.

**Any surgery will be completed immediately** through laser, including heart surgery, appendix, C-sections, and others within this Holographic Med Bed.

**The Regeneration Med Bed Resonance** field benefits those who require organ transplants, missing or severed limbs, skin grafts work with cell memory, stem cells, and DNA templates; its endless applications regenerate old tissues and missing organs.

**The Rejuvenation & Regression Bed** rejuvenates cells; offers age and memory regression therapy; and heals all the senses, especially sight, sound, and taste, that have become dull through trauma or age; this therapy bed also eliminates unwanted suppressed memory; which will support and heal so many victims who have endured mental and emotional anguish. PTSD and traumatic memory sufferers will benefit from the use of this Med Bed as it heals the heart-mind connection ridding disparity. This is also considered the foundation of youth. It will return the appearance of yesteryear, returning muscle tone, tightened skin, working with our individual DNA templates, and multiple refractory lenses and body's internal clock; these procedures are performed pain-free.

**Before the deployment of Med Beds** meets with the arrival of the world, trained technology and manufacturing crews must be established to keep up with the world's supply in the creation and infrastructure along with the environment of society's weaponized forces dissipated to prevent future greed and control.

#### **M. Election Fraud:**

**Wed. 7 Jan. 2026: Kansas AG** states that 130,000 to 280,000 completed ballots for the 2020 ELECTION were shipped from Bethpage NY to Lancaster Pennsylvania. A USPS subcontractor said he thought he was helping in the 2020 Presidential Election until he asked himself, "Why would I take completed ballots from one state to another? I was driving COMPLETED BALLOTS from New York to Pennsylvania. I didn't know why, so I decided to speak up." Completed election ballots should NEVER cross state lines, from one state to another. This happened all over the country. ...Steve Bannon on Telegram

**Tues. 6 Jan. 2026:** "The CIA toppled the United States government on November 3, 2020. Dominion deleted 2.7 million Trump votes nationwide." ...President Trump

**N. Wed. 7 Jan. 2026: Whistleblower testimonies blow the lid off of the entire SMARTMATIC & DOMINION election rigging operation in the U.S. and around the world. ...TheStormHasArrived 47 on Telegram**

**The "Bolivarian Project,"** Chavez's stated goal was to use the SMARTMATIC software to install allied presidents throughout Latin America and eventually "place a president in the United States as well."

**Chavez ordered the voting machines** to be manufactured in designated Chinese factories.

**Chavez mentioned Iran & Serbia** who could provide technical support for vote transmission operations if problems arose.

**Smartmatic bought a company called Sequoia**, which was related to U.S. elections, but later resold it. Whistleblowers also stated Smartmatic has "direct relations with Dominion."

**Chavez frequently mentioned having** "very good friends in the Congress of the United States Democrats," specifically referring to congressmen and senators who would visit Venezuela.

**This is just one of the layers** to the entire big picture of election theft in the U.S., and around the world, which also has involvement of nefarious factions in our own CIA, and other agencies and government officials.

**Another giant piece to the puzzle are 3rd party companies** like RUNBECK, who print, count, deliver, process, and collude with Dominion so their ballots are able to be read by Dominion.

**O. Wed. 7 Jan. 2026: RE: DOMINION & SMARTMATIC Election Rigging Systems**  
...Nesara Gesara QFS on Telegram

**A Venezuelan military intelligence whistleblower CONFIRMS** that the Central Intelligence Agency outsources its election-rigging software and voting machines (Smartmatic) overseas to overthrow governments abroad, including here in the United States.

**Cybersecurity Expert — Colonel Phil Waldron:** "Here is some of the treachery we uncovered in the 2020 general election were that five key states all stopped counting votes at the same time in these key battleground states.

**These were all where Dominion machines, ES&S machines, and Smartmatic software were used.** So when the vote counting stopped—and this has been noted in other

countries as well—President Trump was significantly ahead. When reporting and counting resumed, a massive spike occurred that favored Joe Biden.”

**Venezuelan communist dictator Nicolás Maduro** got away with overthrowing the Venezuelan government using Dominion-Smartmatic rigging systems. Exit polls showed him losing by 35 points.

**Once in power**, he began imprisoning people who refused to accept the election results. Does this sound familiar?

**P. Judy Note: Election Fraud is not new, and was especially prominent in the 2020 Election** when Biden supposedly won over a very popular President Trump. Below are some facts pulled out of articles I wrote back in November 2020, right after the Election:

**In five states 14 million ballots** had been put through a laser scanner – 78% of which failed because there was no watermark to verify the ballot. Of those that failed 100% had checked for Biden.

**An initial test showed that according to water marks on validated ballots fed into the Quantum Computer, Trump won re-election by over 80% of the legal ballot cast.** The final validated vote tallied in that test: Trump 73.5 million votes to Biden’s 25.9 million – and that didn’t even account for Trump votes that people observed being tossed and never accounted for.

**Interesting enough**, those figures corresponded with the two men’s Twitter accounts: Trump had 88.8 million followers to Biden’s 16.6 million.

**Using ‘infra red’ equipment that read which ballots were real**, or fake the elite National Guardsmen had been deployed to the twelve targeted states of Alabama, Arizona, Pennsylvania, Colorado, Texas, Wisconsin, Tennessee, Washington, Virginia, Delaware, Illinois and Kentucky. In all nationwide, over 500 National Guardsmen were on guard over all ballot counting units.

**There was much more to the tests for fraudulent voting.** In addition to the watermark these official ballots also contained ink made of corn, which created an electronic radiation circuit ID that could trace the location of that ballot through GPS transmission. In other words, they could trace if the ballot was filled out by the person named on the ballot.

**Judicial Watch:** “Our new study shows 1.8M excess, or ‘ghost’ voters in 353 counties across 29 states. The data highlights the recklessness of mailing blindly ballots/ballot applications to voter registration lists,” [@TomFitton](http://jwatch.us/mSJCjt) <http://jwatch.us/mSJCjt>

<http://judicialwatch.org> <http://www.paulstramer.net/2020/11/breaking-president-trump-responds-after.html>

**In Pennsylvania alone Trump's legal counsel Rudy Giuliani** had testimony of 50-60 poll watchers who claimed being deprived of an ability to inspect mail in ballots.

**Nationally, noted attorney Sydney Powell** said, "Hammer and Scorecard – the NSA Security Software turned illegal Election Software – ran an algorithm that gave Biden a 3% vote advantage in Wisconsin, Michigan, Pennsylvania, Georgia, Nevada and Arizona."

**The UNITED STATES, INC.** entered into bankruptcy by its owner, Pope Francis, on **24 Sept. 2015** – a Chapter 7 liquidation that ended on **5 Nov. 2020**. That meant that Biden's 2020 Election to President of The UNITED STATES INC. government was invalid because US Inc. was a bankrupt corporation.

**On Friday 6 Nov. 2020** a huge Military Sting Operation was going on based on the watermarked ballots cast in the 2020 Election. Every official voting ballot had a watermark that couldn't be seen. As votes were put into the system, the government Quantum Computer verified if the ballot was valid or not. The system was said to have verified that Trump had an 80% vote that assured him four more years in office.

**It was also reported that a CIA software program "Hammer"** in voting machines nationwide had switched Trump votes to Biden, the number of which was dependent upon how much Trump was ahead. The switching was done over the internet by a CIA office in Germany overseen by then CIA Director Has....

**According to poll watchers**, ongoing vote counts in key states also resulted in tallying illegally cast ballots. That came from poll watchers allowed to watch, so many of those official poll watchers were refused even their right and duty to oversee the counting of ballots nationwide.

**There were several instances** reported of Trump votes being destroyed or thrown away.

**The China Communist Party** sent the Dems 80 million counterfeit ballots that were confiscated at ports, though no one knows how many came in undetected.

**US Postal Employees** complained of being ordered to switch mail in ballot dates, while seven states had more ballots than they had registered voters.

**In Pennsylvania** alone over 21,000 dead people voted and the states of Arizona and Wisconsin found over 190,000 votes for Biden cast by the same person who was named Jane Doe.

**The Military Sting** to verify valid votes was taking place in twelve key battleground states where 20,000+ National Guard were deployed.

**Massive Election Fraud** was also believed committed through fraudulent projection polls given to the national and international Mainstream Media by Edison Research polling company. <https://threadreaderapp.com/thread/1324096142108356608.html>

**For sixteen years Edison Research** polling company has had the sole contract to gather election exit polling and to forecast numbers for the votes cast. During the course of the 2020 Presidential Election cycle Edison Research was believed to have sent out fraudulent polling data to all Mainstream Media outlets nationally and internationally.

**Edison Research** has been charged with deliberately putting out fraudulent polling data so that Trump could not call the election win, while the public was led to believe that Biden won. When the fraudulent polls came out that said Biden won, candidates who believed they lost conceded defeats that never happened, voters became disenfranchised and didn't go to the polls because they thought the race was over, all of which appeared to have illegally swung the race.

**Edison Research** was on the payroll of big tech companies such as the Gates Foundation, Amazon, Apple, Disney, Facebook, Google, Spotify and the US International Broadcasting Bureau – which sent the apparently fraudulent Edison Research polling info to international news outlets.

**These big tech companies** and other globalist organizations were all under criminal investigation by the Trump Administration for rigging past elections while banning conservatives from their right to Free Speech.

**A whistleblower within the US Postal Service** said he was ordered by his supervisor to illegally back date newly found ballots to November 3rd, 2020.

**Former Acting Director of National Intelligence** Richard Grenell claimed that there has been obstruction to ballot checking.

**Trump campaign** representatives have not been allowed to access public voting records.

**On Wed. 4 Nov. 2020 the Department of Justice** sent armed agents to ballot-counting locations to investigate potential voter fraud. Democrats were altering election results with a CIA app called Scorecard: [/politics/2020/11/democrats-altering-election-with-cia-app-scorecard-3217076.html](https://politics/2020/11/democrats-altering-election-with-cia-app-scorecard-3217076.html)

**Election Night 3 Nov.** the swing states of Georgia, North Carolina, Pennsylvania, Wisconsin and Michigan suddenly called a halt to their vote counting, despite President Trump being ahead and uncatchable.

**President Trump reacted by saying the Dems** were interfering with election results and packing the ballot boxes with fraudulent mail in ballots. He would take the matter to the Supreme Court if necessary. [Trump Says He Will Go To Supreme Court To Stop Election Steal](#)

**The Dems in conjunction with the CIA**, appeared to have put in place a CIA Project Hammer app called *Operation Scorecar*, a mechanism which can alter the voting results of electronic voting machines in key swing states (like Pennsylvania) that would determine the outcome of the election.

**It was believed that Project Hammer** was in force. Project Hammer ran an application called Scorecard that could flip the election any way the handlers of it wished. It was an extremely secret signals intelligence program originally developed by CIA/NSA/FBI contractor-turned-whistleblower, Dennis L. Montgomery for the Obama administration's CIA Director, John Brennan and Director of National Intelligence, James Clapper.

<https://www.naturalnews.com/2020-11-01-dems-collude-with-cia-operation-scorecard-alters-votes.html>

**Democrats planned to disrupt the voting** enough so that a winner couldn't be announced. Nancy Pelosi said, "I'm going to be President when this is over" because the House has the authority to vote an interim President and Pelosi believed they could put the outcome to such a level to take that control. <https://thehill.com/homenews/house/524123-pelosi-says-congress-is-prepared-to-decide-president-if-election-results-are>

**The US government's Quantum Voting Computer** not only could be accessed on citizen's phones or personal computers, but could throw out duplicate votes, define eligible voters and was fully transparent while giving instantaneous and validated results. Over the last year the Quantum Computer has been fully tested, had it's own satellites and was said to be un-hackable.

**The Alliance was composed of**, among others, President Trump, the National Security Agency and Q – a group of around 800 special ops who advised President Trump including Pentagon Generals Chairman Joint Chief Mark Milley, Vice Chief John Hyten, Gen. James McConville, Adm. Michael Gilday, Gen. C.Q. Brown, Gen. Paul Nakasone and Gen. Jay Raymond.
