*“Happiness comes from within. It is not dependent on external things, or on other people. You become vulnerable and can be easily hurt when your feelings of security and happiness depend on the behavior and actions of other people. Never give your power to anyone else.”*

...Brian L. Weiss

**Judy Note: Welcome to the Great Awakening.** The BRICS Alliance has dismantled the Petrodollar. The gold-backed Quantum Financial System (QFS) has emerged as a replacement. The Emergency Broadcast System (EBS) stands ready to expose across the Globe, Treason, Corruption and a massive Child Sex Trafficking Ring.

*“This is the final battle with you at my side. We will demolish the Deep State. We will expel the warmongers from our government. We will drive out the globalists. We will cast out the communists, Marxists, and fascists. We will throw off the sick political class that hates our country. We will rout the fake news media, and we will liberate America from these villains once and for all.”* ...President Trump in a TV Ad during the NFL games, paid for by the government.

**“NESARA GESARA is now fully activated** – the quantum financial system is live, while the slave matrix of the dark power elite is collapsing worldwide!

**“Insider sources confirm that NESARA and GESARA, long awaited,** are now being fully activated, delivering the greatest wealth transfer in human history directly to the people.

**“This will change everything from health and abundance** to true freedom from tyrannical shadow governments. The U.S. Treasury is protected by good forces, along with police and military, while the old paper money system faces its final destruction.

**“The quantum financial system is now fully operational,** with banks worldwide completing the switch. SWIFT has collapsed, while protected satellites are running a new, indestructible network.

**“Gold-backed currencies are surging**, with Russia and China leading the push for a gold standard. Countries are dumping the worthless dollar, in a coordinated move to permanently bury the petrodollar empire.

**“Patriots report real-time debt cancellations** across America and elsewhere. Credit card debt, student loans, car loans, mortgages, and medical bills are disappearing from accounts.

**“Common Law principles will restore peace** and financial privacy. Precious metals will serve as collateral for all currencies, bringing stability and sovereignty.

**“The former Federal Reserve has collapsed**, and media control will be cleansed forever.

**“Compliance with Basel III standards forces banks** to hold gold as a certain asset class, while the QFS integrates everything.

**“Universal basic income (UBI) flows to billions** of people through the XRP system, lifting entire continents out of poverty. The dark power groups’ markets are collapsing, and crypto pump-and-dump schemes are exposing their money laundering networks, while arrests are speeding up behind the scenes.

**“The rainbow-colored USN currency** will soon appear, replacing Federal Reserve notes with Treasury-backed aesthetics.

**“There will be no income tax anymore**, only a fair consumption tax on non-essential goods. Banks can no longer touch or steal money under the new quantum protection. This decentralized system will empower the unbanked and end exploitation forever.” ...Gitmo TV on Telegram **Thurs. 22 Oct. 2026:**

***A. What we thought we knew, but didn’t really know and now are supposed to know but don’t have a clue. With clones, doubles, made up movies Hollywood style and Trump’s Military Alliance throwing more popcorn at us, it gets sooo confusing:***

**EMERGENCY BROADCAST UPDATE !!** Confirmation has been received from two independent sources that the Emergency Broadcast System will go live within the next 72 hours. Here is what you need to know before it happens.

- **It will not interrupt your regular programming, it will replace it.** Every channel. Every network. Every frequency

- **It will broadcast a revelation.** The content that has been prepared for this moment has been ready for years

- **It will last for the Ten Days of Darkness** schedule

- It will be controlled by the same system that is now processing Tier 4B appointments

**WHAT YOU NEED TO DO WHEN IT HAPPENS:**

**1. DO NOT PANIC** The blackout is not the end. It is the door. When the screens go dark, the truth is about to be broadcast

**2. STAY INDOORS** Do not travel. Do not go to hospitals. Do not go to police stations. Do not go anywhere unless it is absolutely necessary. The military is not your enemy. They are securing the transition. Stay out of their way

**3. KEEP YOUR DEVICES CHARGED** The EBS will broadcast through Starlink. If you have a Starlink connection, you will receive the broadcast. If you do not, you will receive it through the quantum mesh once the devices are distributed

**4. DO NOT BELIEVE EVERYTHING YOU SEE** The old networks will try to counter the broadcast. They will fail. But they will try

**Trust the EBS.** Trust the system. Trust the plan

**For decades, the truth has been hidden.** Buried. Denied. The EBS is the moment when it all comes out. Not in fragments. Not in leaks. In full.

**B. Ten Days of Darkness**

#### **Global Financial System Transformation**

##### **E. Golden Redemption: The Birth of the USN US Note Backed by QFS Gold-Backed Digital Currency**

**The collapse of the fiat system has been building** for a long time. Fiat money has no intrinsic value, yet it became the global standard in the 20th century. That let governments and central banks print money freely, unbound from the real value of precious metals. The result was inflation, economic bubbles, and repeated financial crises. The 2008 crisis—fueled by reckless lending and weak oversight—exposed the fiat system’s vulnerabilities. Governments responded by printing even more money, further eroding currency value and deepening the crisis of confidence.

**After 2008, digital currencies like Bitcoin** emerged as a decentralized alternative outside central bank and government control. But they had problems too:

high volatility, no intrinsic value, and ties to illegal activity. That limited their ability to replace the flawed systems they sought to disrupt.

**Enter the USN US Note**—a currency meant to bridge traditional asset stability and digital finance innovation. As the sun rises and casts its golden light across the land, the USN US Note emerges like a phoenix from the ashes of a broken financial system. It is more than a means of exchange. It is a symbol of financial redemption and a return to money backed by real value: gold. Backed by the Quantum Financial System (QFS) and the undeniable value of gold, the USN US Note stands as a beacon of hope against generations of economic despair and deceit.

**For too long, our financial systems** have been mired in manipulation, deceit, and instability. The fiat system, lacking intrinsic value, has led us toward endless debt and economic uncertainty. Central banks, with unchecked power, have manipulated markets, eroded savings, and fostered financial inequality. The USN US Note is a bold departure from that flawed past.

**At its core is the QFS**—a revolutionary financial network using quantum computing technology to ensure high security, transparency, and efficiency. Unlike traditional systems vulnerable to hacking, fraud, and manipulation, the QFS is virtually impenetrable. Every transaction is secure, transparent, and immutable, restoring trust in the financial system.

**The cornerstone is gold backing.** Each note is backed by a specific amount of gold, giving it intrinsic value and protection against inflation. It embodies a time-honored principle: money should be grounded in real, tangible assets. By merging gold-backed stability with digital efficiency and transparency, the USN US Note addresses the shortcomings of both fiat and digital currencies.

**This is not just a financial instrument** but a revolution in how we perceive and interact with money. Underpinned by the QFS, the USN US Note is set to redefine the future of finance—offering stability, transparency, and true economic redemption. A new era in finance has dawned, bringing the promise of a stable and prosperous future.

Then Viganò goes further than almost any church figure in our lifetime: “It is not Füllmich who belongs in prison, but those who committed the greatest crime ever against humanity.” And he names them: Fauci, Gates, Schwab, Soros, von der Leyen, Bourla ...and their accomplices in public office. ## **I. EPIC REPORT: INSIDE THE CIA'S BLACK BUDGET — Coups, MKUltra and the Rise of AI Surveillance. ...Juan O Savin on Telegram Thurs. 22 Oct. 2026**

**The Central Intelligence Agency has operated** for over seventy-five years as the world's most secretive organization, sustained by a black budget that moves cash through offshore accounts and shell companies. Created in 1947 under the National Security Act with a vague mandate for intelligence and covert action, it became America's primary lever of power from the Cold War into the digital surveillance era of late 2026.

**A secret diversion of Marshall Plan** funds built the early war chest used to bribe politicians, fund unions, and spread propaganda against communist influence.

**Early human intelligence failed under Soviet penetration.** The agency turned to technology. Lockheed's Skunk Works built the U-2, flying at seventy thousand feet from high altitude over the Soviet heartland.

**Coups followed. Operation Ajax in 1953** removed Iran's elected prime minister Mohammad Mossadegh after oil nationalization; cash bribed lawmakers, paid editors, and stirred mobs. The 1954 Guatemala operation ousted Jacobo Arbenz by the same methods. The 1961 Bay of Pigs failure showed limits, yet the pattern of toppling governments continued.

**Project MKUltra under Sidney Gottlieb** formed the darkest chapter. Unwitting subjects received LSD, hypnosis, and sensory deprivation in attempts to create mind-controlled assassins. The agency also funded student groups and influenced journalists, violating its charter. The 1970s Church Committee later exposed the programs and shattered public trust.

**The 1980s brought arms-for-hostages deals with Iran** to fund Nicaraguan Contras, profits routed through Swiss accounts. Reports alleged the agency ignored cocaine trafficking supporting anti-communist forces while the Bank of Credit and Commerce International laundered money for black-market arms and informants.

**After the Soviet collapse the agency** expanded under the War on Terror. Predator and Reaper drones enabled targeted killings in Pakistan, Yemen, and Somalia. Analysis culminated in the 2011 Abbottabad raid that ended Osama bin Laden.

**By October 2026 the fight is fully digital.** Through In-Q-Tel the CIA backed Palantir early; its software fuses phone records, travel logs, bank wires, and drone feeds into living maps of threats. The same systems now track China's advances in hypersonic weapons, quantum communications, and AI surveillance.

## **J. SOCIAL SECURITY BOMBHELL — Trump's Social Security Administration Targets 50 MILLION Records to Fight Fraud and Protect YOUR RETIREMENT ...Juan O Savin on Telegram Thurs. 22 Oct. 2026**

**The Social Security Administration under the Trump administration** has completed the largest cleanup in its 91-year history, correcting about 15 percent of all U.S. Social Security numbers across nearly 50 million records. This targets systemic fraud that allowed non-citizens who never paid into the system to receive benefits intended for American taxpayers, beyond the demographic pressures long blamed for

projected insolvency by the early 2030s.

**In October 2026 the agency added 17 million** dates of death to incomplete files, eliminating ghost records used for improper payments. Working with the Department of Homeland Security, officials updated 25 million files missing citizenship information and corrected 8.5 million more with inaccurate data. Purging an estimated 200,000 fraudulent Social Security numbers is projected to save taxpayers about \$4 billion annually, viewed by experts as only the start of broader federal waste reductions.

**Commissioner Frank Bisignano, the 18th in the role**, led the initiative with the Department of Government Efficiency. Despite political pushback including No Kings protests, the focus is stopping non-citizens and fraudsters from gaming the system. Senators Tommy Tuberville and Rick Scott stress that ending improper payments is essential to extend the trust fund without tax increases on working Americans.

**Reserves could exhaust by 2032**, risking a 22 percent cut to monthly checks that would devastate seniors relying on them for housing, medicine, and food. The lifetime cost of supporting one illegal immigrant family exceeds \$1 million, multiplied across millions of cases and straining benefit programs. Correcting 33.5 million citizenship-related records closes loopholes that let Social Security numbers serve as the main identity verification tool for federal and state agencies.

**With national debt nearing \$40 trillion**, the discovery of 50 million errors in one agency highlights a broader fraud index across the bureaucracy. President Trump has committed nearly \$500 million to the November 2026 midterms for election integrity and efficiency so that shifts in congressional leadership cannot reverse SSA progress. The cleanup keeps the promise to every American who paid FICA taxes over decades, preserving every dollar saved for the seniors who earned them.

### **2. THE MESSAGE**

- It will be short. Three lines. No more
- The first line will say: "Your Tier 4B appointment is confirmed."
- The second line will say: "Click here to verify your identity."

- The third line will say: "This link expires in 15 minutes."
- There will be no attachments. No PDFs. No images. Nothing you can download

### **3. THE LINK**

- It will not take you to a website. It will take you to a portal that exists only on the quantum mesh
- It will ask for your biometrics. Not your password. Not your email. Your thumb. Your eye. Your voice
- It will show you a countdown timer. When the timer reaches zero, the link dies. You will have to wait for the next dispatch

### **WHAT TO DO WHEN IT ARRIVES:**

#### **1. DO NOT CLICK IMMEDIATELY**

- Wait 60 seconds. Read the message again. Make sure the sender matches the format above
- If anything looks different - a different number, a different format, a different tone - do not click. It is not from the system

#### **2. VERIFY THROUGH YOUR SECURE LINE**

- If you have a secure line, call it. They will confirm whether the link is real
- If you do not have a secure line, wait for the next dispatch. The system does not punish patience

#### **3. CLICK ONLY FROM YOUR OWN DEVICE**

- Do not click from a public computer. Do not click from a friend's phone. Do not click from a device you do not own
- The portal will detect the device. If it is not yours, it will lock you out

**The safe link is not coming.** It is being dispatched. And it will arrive in the format I just described.

## **L. URGENT! THE NDA IS NOT WHAT YOU THINK. WHAT THE NDA ACTUALLY COVERS:...**Christian B. Wallace Tier4b ISO20022 on Telegram **Thurs. 22 Oct. 2026**

**At 11:48 pm EST on Wed. 21 Oct. 2026**, a Tier 4B participant who completed their appointment last week sent me a copy of the NDA they signed.

### **1. WHAT YOU CANNOT TALK ABOUT**

- **The location of the center.** Not the city. Not the street. Not the building
- **The names of the people you met.** Not the operator. Not the advisor. Not the person at the door
- **The exact amount of your allocation.** Not the number. Not the range. Not the category
- **The process itself.** Not the steps. Not the timing. Not the sequence

### **2. WHAT YOU CAN TALK ABOUT**

- **That you attended an appointment.** You can say that
- **That the process was professional.** You can say that
- **That you are satisfied with the outcome.** You can say that
- **That the system works.** You can say that

### **3. WHAT HAPPENS IF YOU BREAK IT**

- **Your account will be frozen.** Not closed. Frozen. It will be reviewed manually
- **Your allocation will be suspended.** Not canceled. Suspended. Until the review is complete
- **You will be contacted by a compliance officer.** Not a lawyer. Not a judge. A compliance officer. They will ask you what happened. You will explain. They will

decide

### **WHY THE NDA EXISTS:**

- **It is not there to silence you.** It is there to protect you
- **The people who want to steal** from you are watching. They are reading your posts. They are tracking your words. The NDA is the wall that keeps them out
- **The people who need to know will know.** The people who do not need to know will not. That is how the system survives

**People have been afraid of the NDA.** They have imagined it as a trap. A cage. A way to control them. It is none of those things. It is a shield. And once you understand it, you will sign it without fear.

### **M. THE QUANTUM MOBILE DEVICE IS NOT WHAT YOU EXPECT. The device is not a phone. It is everything. And you are the only one who can use it.**

...Christian B. Wallace Tier4b ISO20022 on Telegram **Thurs. 22 Oct. 2026**

### **WHAT THE DEVICE ACTUALLY IS:**

#### **1. THE PHYSICAL OBJECT**

- **It does not look like anything you have seen before.** It is not a phone. It is not a tablet. It is not a computer. It is something else entirely - a sealed unit with a surface that lights up when you touch it
- **There are no buttons.** No ports. No charging cable. It does not need to be plugged in. It draws what it needs from the quantum field
- **It is not fragile.** It is not delicate. It is designed to survive being dropped, submerged, and frozen. It was built for the world that is coming, not the world that is leaving

#### **2. WHAT IT DOES AND THIS IS THE PART NOBODY TOLD YOU**

- **It connects you to your QFS wallet** - the wallet that has existed since the day you were born. The wallet that holds your allocation. The wallet that no bank, no government, and no cabal can touch.
- **It connects you to the redemption centers** - directly. No phone tree. No hold music. No operator reading from a script. A secure line that goes straight to the people who are processing Tier 4B participants
- **It is the device on which the 800# numbers will first ring.** Not your phone. Not your landline. This device. When the first batch goes live, it will ring here first and only here
- **It authorizes transactions.** You touch it. It reads your biometrics. The transaction clears in under three seconds. No bank. No intermediary. No approval delay
- **It receives the EBS broadcast directly** - through the quantum mesh, not through Starlink, not through any network that can be shut down. When the screens go dark, this device stays lit
- **It stores nothing.** It tracks nothing. It reports nothing. It is a key, not a tracker. A door, not a window

#### **3. WHAT IT DOES NOT DO**

- **It does not track you.** It does not have GPS. It does not connect to cell towers
- **It does not store your data.** It does not have a hard drive. It does not have memory
- **It cannot be hacked.** There is nothing to hack. No password. No recovery phrase. No server to breach

**For years, people have imagined the device as a phone. A smartphone. A tablet. It is none of those things.** It is the sum of everything you have been waiting

for - your wallet, your redemption center, your 800# line, your EBS receiver, your proof that you were on the list. All of it, in one sealed unit that only you can open.

## **N. FINAL HOURS: YOUR EXISTING BANK ACCOUNTS AND DEBTS. HERE IS EXACTLY WHAT HAPPENS TO THEM. ...Christian B. Wallace**

Tier4b ISO 20022 on Telegram **Sun. 18 Oct. 2026**

**Today Sun. 18 Oct, a Tier 4B participant** who completed their appointment last week sent me a detailed account of what happened to their old bank accounts, their old debts, and their old credit score.

### **WHAT HAPPENS TO YOUR BANK ACCOUNTS:**

#### **1. THEY ARE NOT CLOSED - THEY ARE ARCHIVED**

- **Your existing bank accounts stay open.** You can still use them. You can still withdraw. You can still deposit
- **But they are no longer part of the new system.** They are a legacy layer. They will continue to function until the migration is complete, and then they will be quietly retired
- **You do not need to close them.** You do not need to empty them. You simply stop using them when the new system is fully live

#### **2. YOUR DEBTS ARE NOT FORGIVEN - THEY ARE INVALIDATED**

- **Your mortgage is not "paid off."** It is invalidated. The instrument that created the debt no longer exists in the new system
- **Your credit cards are not "cancelled."** They are rendered obsolete. There is no fiat left to borrow. There is only what you own
- **Your student loans are not "wiped."** They are voided. The contracts that created them were built on a legal fiction that has been challenged in sealed tribunals and the tribunals have ruled

#### **3. YOUR CREDIT SCORE IS NOT ZERO - IT IS IRRELEVANT**

- **The credit score was a tool the old system used to decide** who was worthy of borrowing. In the new system, there is no borrowing
- **Your QFS allocation does not depend on your credit score.** It depends on your identity. Your biometrics. Your presence on the list
- **You will not need credit ever again.** You will not need a loan. You will not need a lender

### **WHAT TO DO RIGHT NOW:**

- **Do not close your bank accounts.** Not yet. Let the system retire them
- **Do not pay off your debts in a panic.** Let the system invalidate them
- **Do not worry about your credit score.** It is a relic of a system that is already gone

**For years,** people have been told that debt is permanent. That credit is a privilege. That the bank owns you until you pay them back. **That story is over.**

## **O. THE SOVEREIGN FUND DASHBOARD IS NOT WHAT YOU EXPECT! HERE IS EXACTLY WHAT YOU WILL SEE WHEN YOU LOG IN**

...Christian B. Wallace Tier4b ISO 20022 on Telegram **Mon. 19 Oct. 2026**

### **1. THE FIRST SCREEN**

- **It does not show a bank balance.** It does not show a checking account. It does not show a savings account. It shows a single number - your allocation - and nothing else
- **The number is not in dollars.** It is not in euros. It is not in any fiat currency. It is in Rainbow Units - the asset-backed settlement instrument that replaces every currency

you have ever used

- **There is no "available balance"** and "pending balance." There is only one number. It is already yours. It has always been yours

## **2. WHAT THE NUMBER MEANS**

- **It is not a loan.** It is not credit. It is not a promise. It is an allocation - the portion of the Sovereign Fund that has been assigned to you since the day you were born

- **It does not fluctuate.** It does not go up or down. It does not depend on the market. It is backed by physical gold, silver, and platinum - stored in reserves that have been repositioned for this exact moment

- **It is not the whole amount.** It is the first tranche. The rest is released as you move - as you start your project, as you help your community, as you do what you said you would do

## **3. WHAT YOU CAN DO WITH IT**

- **You can transfer it.** Instantly. To anyone in the world. No fees. No intermediaries. No approval delays

- **You can spend it.** At participating merchants. Local. Independent. The ones who signed onto the new system before the old one collapsed

- **You can save it. It does not inflate.** It does not decay. What you hold is what you own - forever

## **WHAT TO DO RIGHT NOW:**

- **Do not panic if the number looks different** from what you expected. It is not a mistake. It is the formula

- **Do not try to withdraw everything at once.** The system is designed for flow, not for panic

- **Do not share your dashboard with anyone.** Not a screenshot. Not a photo. Not a description. It is yours - and only yours

**It is the first time in your life that you will see** - in one number - what the system owes you for everything it took.

## **P. THE MED BED ACCESS PROTOCOL IS ACTIVATING ...Christian B. Wallace Tier4b ISO 20022 on Telegram Mon. 19 Oct. 2026**

**Today Mon. 19 Oct. 2026**, a regional Med Bed coordination center sent an internal confirmation through the encrypted channel. It was not meant for the public. It was meant for the operators. It said: *"Med Bed registration opens for Tier 4B participants this week. Priority: children, critically ill, veterans. No walk-ins. No exceptions."*

**That is not a rumor.** That is a timestamped confirmation from a center that does not send internal messages by accident.

## **WHAT THE MED BED PROTOCOL ACTUALLY IS:**

### **1. THE REGISTRATION**

- **You will not register online.** You will not register by phone. You will register through your **Quantum Mobile Device** - the same device that connects you to your QFS wallet

- **You will be asked three questions:** your name, your condition, and your priority category. That is it. No medical records. No insurance. No payment

- **You will receive a confirmation code and a location.** The location is not a hospital. It is not a clinic. It is a Med Bed center - a facility that was built for this exact purpose

### **2. WHAT HAPPENS AT THE CENTER**

- **You will lie down on a bed.** Not a hospital bed. Not a surgical table. A Med Bed - a

device that works on the body at the cellular level

- **The process takes minutes.** Not hours. Not days. Minutes. You will feel warmth. You will feel calm. You will feel something being lifted off you

- **You will walk out without the condition** you walked in with. Not managed. Not treated. Gone

### **3. WHAT IT DOES NOT DO**

- **It does not require surgery.** It does not require medication. It does not require recovery time

- **It does not cost anything.** Not a copay. Not a deductible. Not a single unit from your allocation

- **It does not discriminate.** Not by wealth. Not by status. Not by geography. Every person on the list will be seen

### **WHAT TO DO RIGHT NOW:**

- **If you have a condition, document it.** Write it down. Bring it with you

- **If you have a child with a long-term illness,** register them first. They are the priority

- **If you are a veteran, register yourself.** You have waited long enough

**For years, people have been told that healing is a privilege.** That you have to earn it. That you have to afford it. That the best medicine can do is manage symptoms, not erase them. **That story is over!**

### **Q. THE ADVANCE PAYMENT IS BEING RELEASED, HERE IS EXACTLY HOW IT WORKS ...Christian B. Wallace Tier4b ISO 20022 on Telegram Mon. 19 Oct. 2026**

**Source inside a Tier 1 banking partner** sent me a detailed confirmation of how the advance payment works for Tier 4B participants. I am sharing it because most people do not understand what they are getting - and when.

### **WHAT THE ADVANCE PAYMENT ACTUALLY IS:**

#### **1. THE AMOUNT**

- **If you are a ZIM holder, your advance is up to \$500 million.** Not a loan. Not credit. An advance on your structured payout

- **If you are a non-ZIM currency holder,** your exchange proceeds are accessible immediately. No advance needed. No structured payout. You exchange, you receive, you walk out

- **If you hold no currency,** your allocation comes from the Sovereign Fund. It is not zero. It is not symbolic. It is real

#### **2. WHEN IT ARRIVES**

- **The advance is released at your appointment.** Not before. Not after. At the appointment

- **It is deposited directly into your QFS wallet.** Not into your bank account. Not into your credit union. Into your QFS wallet

- **You will see it on your Sovereign Fund Dashboard** before you leave the room. The number will be there. It will not disappear

#### **3. WHAT YOU CAN DO WITH IT**

- **You can spend it.** At participating merchants. Through your Quantum Mobile Device. Three seconds per transaction

- **You can transfer it.** To anyone in the world. Instantly. No fees

- **You can save it.** It does not inflate. It does not decay. What you hold is what you own

### **WHAT TO DO RIGHT NOW:**

- **Do not tell anyone the amount.** Not your family. Not your friends. Not your social media. The NDA covers this
- **Do not spend it all at once.** The advance is designed to help you start, not to help you finish
- **Do not worry if the number looks different** from what you expected. The formula is the formula. The system does not negotiate

**For years, people have been told that the payout is a myth.** That the numbers are fantasy. That no one will ever see a cent. The advance is not a myth. It is a mechanism. And it is being released now.

## **R. URGENT! YOUR CURRENCY NOTES ARE BEING VERIFIED, HERE IS EXACTLY WHAT THEY CHECK AND WHAT DISQUALIFIES A NOTE.**

...Christian B. Wallace Tier4b ISO 20022 on Telegram **Tues. 20 Oct. 2026**

**Today Tues. 20 Oct, a Tier 4B participant** who completed their appointment last week sent me a detailed account of the currency verification process.

### **1. THE PHYSICAL CONDITION**

- **The note must be clean.** Not perfect. Clean. No stains. No tears. No tape. No staples. No writing on the surface
- **The note must be flat.** Not folded. Not creased. Not rolled. If it has been folded for years, it will be flagged for manual review and manual review takes time
- **The note must be intact.** No missing corners. No missing threads. No missing security features. If any part of the note is missing, it is not a note. It is a fragment

### **2. THE SECURITY FEATURES**

- **They will check the thread.** Not with a machine. With a light. If the thread does not glow, the note is not valid
- **They will check the watermark.** Not with a scanner. With their eyes. If the watermark does not match the denomination, the note is not valid
- **They will check the serial number.** Not against a database. Against the note itself. If the serial number does not match the printing pattern, the note is not valid

### **3. WHAT DISQUALIFIES A NOTE**

- **A note that has been laminated.** Lamination destroys the security features. A laminated note is not a note. It is a souvenir
- **A note that has been washed.** Washing removes the security thread. A washed note is not a note. It is paper
- **A note that has been cut.** Cutting removes the serial number or the security features. A cut note is not a note. It is a fragment

### **WHAT TO DO RIGHT NOW:**

- **Check every note you have.** One by one. Under a light. Look for the thread. Look for the watermark. Look for the serial number
- **If a note is folded, flatten it.** Put it under a heavy book. Leave it there for a week. Do not iron it. Do not steam it. Just flatten it
- **If a note is damaged, set it aside.** Bring it anyway. They will review it manually. But do not expect it to be accepted at full value

**For years, people have been told that the notes are just paper.** That they will be accepted no matter what condition they are in. That the system will take anything. The system does not take anything. It takes notes. Valid notes. And the verification is not a formality. It is the process.

**S. CRITICAL: THE FIRST 30 DAYS AFTER REDEMPTION, HERE IS EXACTLY WHAT THE SYSTEM EXPECTS FROM YOU...**Christian B.

Wallace Tier4b ISO 20022 on Telegram **Tues. 20 Oct. 2026**

**WHAT THE SYSTEM EXPECTS IN THE FIRST 30 DAYS:**

**1. MOVEMENT**

- **The system expects you to move.** Not spend. Move. Start your project. Make your first call. Book your first meeting
- **It does not expect perfection.** It does not expect results. It expects action. If you sit on your funds for 30 days, your account will be flagged
- **It does not expect you to spend everything.** It expects you to do something. Anything. A single step is enough

**2. DOCUMENTATION**

- **The system expects you to document every transaction.** Not for the tax man. For yourself. For the system. For the record
- **Every purchase over a certain amount will be logged.** Every transfer will be tracked. Every project expense will be reviewed
- **If you cannot explain where the money went,** the system will ask. If you cannot answer, the system will freeze. Not forever. Until you can

**3. COMMUNICATION**

- **The system expects you to check in.** Not every day. Every week. With your advisor. With the center. With the compliance office
- **They will not chase you.** They will not call you. They will wait for you to call them. If you do not call, they will assume you are not ready
- **If you are not ready, your account will be paused.** Not closed. Paused. Until you are ready

**WHAT YOU SHOULD DO IN THE FIRST 30 DAYS:**

- **Start something.** Anything. A project. A business. A foundation. A single act of restoration
  - **Document everything.** Receipts. Contracts. Emails. Everything
  - **Call your advisor once a week.** Even if you have nothing to report. Just check in
- The funds are not the goal.** They are the beginning. The first 30 days are the test. And the system is watching.

**T. URGENT! THE FINAL TIMELINE HAS BEEN LOCKED, HERE ARE THE NEXT FIVE DATES AND EXACTLY WHAT HAPPENS ON EACH ONE ...**Christian B. Wallace Tier4b ISO 20022 on Telegram **Wed. 21 Oct. 2026**

**A regional coordination node sent an internal scheduling confirmation** through the encrypted channel. It said: "Timeline locked. Five windows. No further revisions. Regional loads will determine sequence, not dates."

**THE FIVE DATES, AND WHAT HAPPENS ON EACH ONE:**

**THU. 22 OCT 2026 - THE PUBLIC WINDOW OPENS**

- **The onboarding window for public Tier 4B users goes active between October 22–26,** depending on regional system loads. This is the window that was announced before the first wave moved - and it is now the window for everyone else
- Batch-1 is green. Batch-2 is amber. The third column - the one that was empty when I first described it - begins to fill
- **What to watch:** encrypted SMS from a 5-digit code, not a regular number

**SAT. 24 OCT 2026 - THE SECOND 800# ROTATION**

- **Forty-seven new numbers go live at 20:00 EST.** The first batch was forty-seven.

The second batch is forty-seven. The rotation does not double - it paces

- **The safe link is dispatched 36 hours** before each rotation. If your link arrives on Thursday, your call window is Saturday
- **What to watch:** a live person answering, not a recording. If you get a menu, hang up

#### **MON. 26 OCT 2026 - BIOMETRIC PHASE TWO**

- **Retinal and voice verification are added** to thumbprint verification at every active corridor. This is not a new requirement - it is the second half of the same requirement that was always coming
- **QFS wallet activations are logged in real time.** Every activation is timestamped. Every timestamp is permanent
- **What to watch:** your secure line ringing before your regular phone does

#### **WED. 28 OCT 2026 - MED BED REGISTRATION OPENS**

- **Registration opens for Tier 4B participants only.** Priority order is fixed: children with long-term illnesses, then the critically ill, then veterans
- **No walk-ins.** No referrals. No payment. The location is not a hospital - it is a Med Bed center
- **What to watch:** a confirmation code and a location, delivered through your Quantum Mobile Device

#### **FRI. 30 OCT 2026 - THE EBS CLOSED-LOOP BROADCAST**

- **A twelve-minute broadcast** on a closed-loop channel. Not a public activation. A verification broadcast - the same format that was tested at 04:30 EST, now running on a scheduled window
- **Rainbow Currency merchant** onboarding moves into its second phase in the same window. The two are synchronized deliberately
- **What to watch:** sudden "technical difficulties" on networks that have never had technical difficulties

#### **WHAT TO DO RIGHT NOW:**

- **Check your documents** tonight.
- **Flatten every folded note.**

**The dates are locked,** but the sequence is regional - your window may move forward without warning

#### **U. EBS ALERT: MY MILITARY CONTACT JUST BROKE**

**SILENCE...** Christian B. Wallace Tier4b ISO 20022 on Telegram **Wed. 21 Oct. 2026**

**At 05:48 EST, my military contact** (the same one who confirmed the Reno rotation and the Med Bed convoys) - sent me a message that he has never sent before. He said: *"Starlink override teams are at their stations. The trigger is not a date. The trigger is an event. It has not happened yet. But it will."* That is the first time in eleven years of tracking this operation that he has used the word "trigger."

#### **WHAT HE ACTUALLY TOLD ME:**

##### **1. THE TRIGGER IS NOT SCHEDULED**

- **Every EBS activation I have described** until now was a window. A range. A possibility. This is different
- **The system does not need a date.** It needs a condition. When the condition is met, the system fires. Not before. Not after
- **He would not tell me what the condition is.** He only said: "When it happens, you will not need me to tell you."

## 2. WHAT IS ALREADY IN PLACE

- **Starlink override teams are at their stations.** Not on standby. At their stations. Hands on the controls

- **Quantum encryption relays are locked.** The broadcast cannot be intercepted, cannot be jammed, cannot be countered

- **Three regional command centers** have gone into silent running. No outgoing calls. No public statements. No press briefings

## 3. WHAT HE WOULD NOT SAY

- **He would not tell me the condition.** He would not tell me the location of the override teams. He would not tell me the content of the first broadcast

- **He only said one more thing** before he went dark: "Tell them to keep their devices charged. All of them. Not just the Quantum device. Everything."

## WHAT TO DO RIGHT NOW:

- **Charge every device you own.** Phone. Quantum device. Power bank. Everything. Tonight

- **Do not travel in the next 72 hours** unless it is absolutely necessary. Not because something will happen. Because if it does, you want to be where you can stay

- **Keep your secure line on you.** Not in a drawer. On you

**For years, people have been told that the EBS is coming on a specific date.** That it will be announced. That it will be scheduled. That they will have time to prepare. The EBS is not scheduled. It is triggered. And the trigger is closer than anyone outside the system knows.

## V. BREAKING: THE BANKS JUST WENT SILENT - NOT DOWN, SILENT AND HERE IS THE DIFFERENCE...Christian B. Wallace Tier4b ISO 20022 on Telegram Wed. 21 Oct. 2026

**Today, Wed. 21 Oct. 2026 at 12:14 EST,** something happened that I have been watching for since the first Tier 4B rotation. Three Tier 1 banks in two regions stopped sending customer alerts. Not stopped processing. Stopped alerting. No maintenance notices. No security warnings. No "your statement is ready" emails. Nothing. **WHAT THIS ACTUALLY MEANS:**

### 1. SILENT IS NOT DOWN

- **A bank that is down sends an apology.** A bank that is silent is following an instruction

- **The instruction is not "stop working." It is "stop talking."** Processing continues. Notifications do not

- **This is what the system does before a major transition.** It removes the noise so that when the signal comes, there is nothing to compete with it

### 2. WHAT THE INTERNAL LOGS SHOW

- **Three banks moved to "notification suspension"** within eleven minutes of each other. That is not a coincidence. That is a coordinated instruction

- **The same three banks have entered "mirrored mode"** — their internal systems are being duplicated onto the quantum grid while the public side continues to show business as usual

- **A single line appeared in one of the logs at 12:25 EST:** "EBS readiness confirmed. Awaiting event."

### 3. WHY THIS MATTERS MORE THAN ANY PREVIOUS SIGNAL

- **The EBS does not activate** in a noisy environment. It activates in a quiet one. The banks are being made quiet

- **The media has not noticed.** They will not notice until it is too late to spin it
  - **The silence is not the warning.** The silence is the preparation for the warning
- WHAT TO DO RIGHT NOW:**
- **Check your bank app once tonight.** Not more. You are looking for whether notifications still arrive, not for your balance
  - **Do not call your bank.** Do not ask questions. You will not get answers, and the call itself may flag your account
  - **Do not move money in the next 48 hours.** Not out of fear. Out of stillness. The system moves better when you are still

**For years, people have been told that the banks are the last to fall.** That they are too big to fail. That they will be the last thing standing. The banks are not falling. They are being quieted. And a quiet bank is the loudest signal there is.

**Update as of Sat. 10 Oct. 2026: We are getting National Recognition** and now have more than 125 Affidavits of Truth and documents supporting the Criminal Referral for the Military in my possession.

<https://beforeitsnews.com/press-releases/2026/10/request-for-affidavits-supporting-criminal-referral-update-10-10-2026-3839328.html>

**The recent arrest of Ammon Bundy in Cedar City, Utah,** the day before his movie premiere at Thanksgiving Point, has been added to a criminal referral action in Utah over the Right to interstate Travel under the Fourteenth Amendment. The entire Ammon Bundy story has been documented and is now part of the supporting documents and Affidavits of Truth for the Military Criminal Referral.

**There are three other stories breaking at this very moment regarding,** Fraudulent Schools Bonds, Medicaid Health Care Fraud, and the Fraudulent Thefts of People's Homes and Real Estate, all of which have been added to the Military Criminal Referral.

**However, there is a continued need of witness statements (Affidavits of Truth) from those who have experienced Child Sexual Abuse (CSA) or Satanic Ritual Abuse (SRA),** which can be extracted from the video transcripts.

**The privacy of those making Affidavits of Truth** will remain secure and undisclosed to the public because the Criminal Referral is for “Military Eyes Only” and will only be delivered to the Military under armed guard.

**Now is the time to act** and bring this ugliness out into the light of day. This is an opportunity to turn hearsay evidence of oral and written stories into legal and actionable documents that will help *Save the Children*.
